Contents

SECTION 1—CLINICAL ATLAS OF SPERM MORPHOLOGY

1. **Introduction to Sperm Morphology** 3
2. **Morphology of Human Spermatozoon** 12
3. **Sperm Morphology Classification Systems** 18
4. **Calculation of Indices and Recording of Sperm Morphology** 26
5. **Staining Methods for Sperm Morphology** 32
6. **Introduction to the Pictorial Atlas of Sperm Morphology** 39

SECTION 2—PICTORIAL ATLAS OF SPERM MORPHOLOGY

7. **Pictorial Atlas of Sperm Morphology** 43
8. **Pyospermia** 153
9. **Hemospermia** 177
10. **Bacteriospermia** 182

SECTION 3—APPENDICES

Appendices **191-209**

Appendix I: Staining Methods used in the Atlas: A Critical Appraisal *193*

Appendix II: Preparation of a Smear *198*

Appendix III: Papanicolaou Staining Procedure for Sperm Morphology WHO (1999) and Mortimer (1994) *200*

Appendix IV: de Neef-Pundel Modification of Shorr Stain *202*

Appendix V: Rose Bengal and Toluidine Blue Staining Method for Sperm Morphology (Invented by the Author) *205*

Appendix VI: Hematoxylin and Eosin Staining Method *208*

Index *211*
