All Volumes in the Series "Single Surgical Procedures in Obstetrics and Gynaecology"

This book is one of the titles in the series of *Single Surgical Procedures in Obstetrics and Gynaecology*, a series which will eventually have 36 volumes.

If you wish to be kept informed of new additions to the series and receive details of our other titles, please write to Jaypee Brothers Medical Publishers (P) Ltd at sujatha.jp@gmail.com.

We list below a few of the other titles in print and in preparation in the Single Surgical Procedures series. Titles already published are marked (*); those titles to be published during the coming months are marked (#).

VULVA – A

***VOL-1** Bartholin's gland excision
Marsupilisation of Bartholin cyst
Release of labial fusion
VOL-2 Hymenectomy (Imperforate hymen)
Simple vulvectomy

VAGINA – B

VOL-3 Anterior colporrhaphy and Kelly's plication
Posterior colpoperineorrhaphy
Vaginal repair of enterocoel
Abdominal repair of enterocoel
***VOL-4** Complete perineal tear repair
VOL-5 Fenton's operation
Episiotomy
Schuchardt's operation

CERVIX – C

VOL-6 Biopsy of cervix
Cervical conisation
Endocervical curettage at colposcopy
Conisation of cervix by LEEP
Electrocauterisation of cervix
Cervical cryocauterisation
VOL-7 Trachelorrhaphy
Abdominal excision of cervical stump
VOL-8 Correction of incompetent cervix by Shirodkar's technique
Correction of incompetent cervix by McDonald's operation
Correction of incompetent cervix by Lash operation

UTERUS: ABDOMINAL HYSTERECTOMY-D1

VOL-9 Total abdominal hysterectomy
Total abdominal hysterectomy with bilateral salpingo-oophorectomy
Nagrath's minilap hysterectomy
VOL-10 Abdominal subtotal hysterectomy
Obstetrical hysterectomy

UTERUS: VAGINAL HYSTERECTOMY-D2

VOL-11 NDVH - Conventional approach
NDVH - With salpingo-oophorectomy
NDVH - Debulking by uterine bisection
NDVH - Debulking by wedge excision
NDVH - Debulking by myomectomy
NDVH - Debulking by morcellation
NDVH - Debulking by Coring
NDVH - Debulking by spiral incision
NDVH - Debulking by cervical amputation
NDVH - Debulking by cervical wedge
***VOL-12** Ward Mayo's hysterectomy
Modified Ward Mayo's hysterectomy—Dr Nagrath's modification
Clampless vaginal hysterectomy

UTERUS-D3

VOL-13 Dilatation and curettage
Suction curettage for abortion
Dilatation and endometrial biopsy
Fractional curettage
***VOL-14** Upper segment caesarean section
Lower segment caesarean section

UTERUS: DISPLACEMENTS-D4

***VOL-15** Cervicopexy (Purandare's)
***VOL-16** Supravaginal cervical amputation (Nadkarni's)
***VOL-17** Manchester's operation
Fothergill's repair
***VOL-18** **Shirodkar's anterior sling**
Shirodkar's posterior sling
VOL-19 LeFort's operation
Gilliam's operation
Modified Gilliam's operation
William Richardson's operation
***VOL-20** Ventral suspension of vaginal vault
Abdominal sacro-colpopexy

UTERUS: MYOMECTOMY-D5

VOL- 21 Myomectomy for Fundal fibroid, Hood's operation
Myomectomy for anterior wall fibroid
Myomectomy for isthmic fibroid
Myomectomy for anterior cervical fibroid
Myomectomy for posterior wall fibroid
Myomectomy for intracavitary fibroid
Myomectomy for fibroid polyp
Myomectomy for broad ligament fibroid
Myomectomy for round ligament fibroid
Myomectomy for multiple fibroids

FALLOPIAN TUBES AND OVARIES-E1

VOL-22 Salpingo-oophorectomy
Wedge resection of ovary
Ovarian cystectomy
Ovariotomy
VOL-23 Enucleation of broad ligament cyst
Ectopic pregnancy

FALLOPIAN TUBE RECONSTRUCTION-E2

VOL-24 Salpingolysis
Fimbriolysis
Salpingo-ovariolysis
Salpingostomy
Salpingectomy
VOL-25 Cornual reimplantation
Fimbrioplasty
Tuboplasty—Microresection and anastomosis

FEMALE STERILISATION-E3

VOL-26 Laparoscopic sterilisation by silastic bands
Sterilisation by minilaparotomy technique
Sterilisation by Pomeroy's operation
Sterilisation by modified Pomeroy's operation
Sterilisation by Irving's method
Sterilisation by Uchida's method
Sterilisation by Madlener's method
Sterilisation by Parkland's method
Sterilisation by Aldridge method
Sterilisation by Kroener's method
Sterilisation by Oxford's method
Sterilisation by Shirodkar's method
Fimbriectomy

ABDOMINAL WALL-F

***VOL-27** Infra-umbilical midline laparotomy
Paramedian abdominal incision
Pfannenstiel's incision
Kustner's incision
Maylard's incision
Cherney's incision
VOL-28 Abdominal closure
Single layer abdominal closure
Skin closure methods
Use of drains
Incisional hernia repair

URINARY STRESS INCONTINENCE-G

VOL-29 Retropubic urethropexy
Kelly's operation
Marshall Marchetti Krantz operation
Burch suspension operation

CONGENITAL ANOMALIES-HI

VOL-30 Strassmenn's utriculoplasty
Jone's utriculoplasty
Tompkin's utriculoplasty
***VOL-31** Excision of transverse vaginal septum
Excision of longitudinal vaginal septum
VOL-32 Mc Indoe's vaginoplasty
Modified McIndoe's vaginoplasty
William's vulvo-vaginoplasty
VOL-33# Ileal neovagina

FISTULA OPERATIONS

VOL-34# Layer method of RVF
Sim's Moir saucerisation
Latzko's operation
VOL-35 Urethral reconstruction
Vesicovaginal fistula
Vesicocervical fistula
Ureterivaginal fistula

MISCELLANEOUS OPERATIONS-J

VOL-36 Intestinal loop urinary diversion
Urinary diversion cutaneous ureterostomy
Urinary diversion uretero-sigmodostomy
Ureterovesicle anastomosis (psoas hitch)
Posterior colpotomy
Insertion of suprapubic catheter
Demonstration of tubal patency via laparoscopy
Demonstration of tubal patency by HSG

Contents

Section 1: Shirodkar's Modification of Manchester's Operation

1. Introduction 3

Vaginal Shortening of Uterosacrals and the Pouch of Douglas 4
Anaesthesia 8
Preoperative Preparation 8
Intraoperative 8

2. The Operations 9

The Initial Tasks 9
Sounding of the Uterine Cavity 12
Tumescent Anaesthesia 14
The Inverted 'T' Shaped Incision 20
Mobilisation of Bladder 22
The Posterior Colpotomy 29
Dissecting the Vaginal Flaps 31
Dissecting the Uterosacral Ligaments 32
Partial Amputation of Cervix 39
Haemostatic Cervical Sutures 44
Division of Uterosacral Ligaments 47
Forming the Uterosacral Suspension Tapes 54
Closure of the Pouch of Douglas 61
Application of the Sturmdorf Sutures 77

3. Postoperative Care 112

Postoperative Care 112
Complications 112
Intraoperative 112
Postoperative 112

Section 2: Shirodkar's Posterior Sling Operation

4. Introduction 115

Shirodkar Sling Operation for Prolapse 115
Dr Shirodkar's Abdominal Sling Operation for Prolapse of the Uterus 116
Advantages 118
Disadvantages 118
Anaesthesia 118
Preoperative Preparation 118

5. The Operations 119

Opening the Abdomen 119
The Presacral Incision 120
The Posterior Cervical Incision 122
Creation Of The Psoas Loop 130
Creation of the Tunnel Under the Pelvic Colon 138
Taping the Left Tunnel 156
Formation of the Right Sling 169
The Presacral Anchoring 174
Closure of the Presacral Incision 181
The Cervical Anchoring 187
Closure of the Peritoneum Over the Psoas Muscle 204

6. Postoperative Care 213

Postoperative Care 213
Complications 213
Intraoperative 213
Postoperative 213
Remote 213
