Contents

PART 1 Mega-Symposium: Topical Issues in Neonatology

1. Newborn Screening 1
Anurag Fursule, Gunjan Mishra, Anup Thakur

History 1; Principles of screening 1; International status 3; Status of newborn screening in india 3; Process of newborn screening 4; Limitations of newborn screening 8; Hurdles for newborn screening in india 8

2. Inborn Error of Metabolism 12
Ajoy Kumar Garg, Anup Thakur

Classification 13; Clinical indicators toward the presence of an inborn error of metabolism 14; Initial investigation based on clinical findings 14; Approach to inborn error of metabolism 14; Management of acute metabolic decompensation 21

3. Neonatal Cholestasis 26
Gunjan Mishra, Anurag Fursule, Anup Thakur

Definition 27; Etiology 27; Clinical features 28; Evaluation of jaundiced infant 28; Diagnostic imaging 30; histopathology 32; Specific disorders of cholestasis 33; Treatment of neonatal cholestasis 35

4. The Cyanotic Neonate 42
Sanjeev Chetry, Susanta Kumar Badatya, Anup Thakur

Classification 42; Pathophysiology 43; Differential diagnosis 44; Approach to a neonate with cyanosis 45; Investigations 46; Management 47

5. Nutrition Support for the Sick Neonate 51
Poonam Singh, Anup Thakur

Nutrition in sick neonates 52

6. Metabolic Bone Disease in Premature Neonates 76
Swathi Chacham, Rachna Pasi, Sriparna Basu

Definition 77; Magnitude of the problem 77; Etiology 78; Pathophysiology 79; Clinical features 81; Diagnosis 82; Management 83; Prognosis and outcome 84

7. Family-centered Care: A Paradigm of Quality for Sick Newborn Care.....89
Arti Maria, Ankit Verma, Varun Alwadhi

Conventional model of facility-based sick newborn care 90; What is family-centered care for sick newborn? 92; A conceptual framework of family-centered care 92; Principles of family-centered care in NICU 93; Advantages of family-centered care 95; India model of family participatory care for facility-based sick Newborn care 95; Settings in which family-centered care is relevant 100; Eligibility criteria and scope of participation of caregiver in family-centered care 100; Steps in establishing family-centered care at existing SCNUs 102

8. End-of-life Care in Nonsalvageable Neonates.....114
Manish Kumar, Sriparna Basu

History 114; Current decision strategies in a nonsalvageable neonate 115; Palliative or end-of-life care 115; Existing models of end-of-life care 116; Indications for end-of-life care 116; Components of end-of-life care 117; Role of national legislations 120; Training and research 120

PART 2 Spotlight: Pediatric Nephrology

9. Nutrition Acute in Kidney Injury.....123
Sumantra Kumar Raut, Rajiv Sinha

Pathogenesis of protein wasting in acute kidney injury 124; Metabolic alterations in acute kidney injury 125; Burden of malnutrition in acute kidney injury 126; How to assess nutrition in acute kidney injury? 127; Indications for nutritional support and route of feeding in AKI 130; Goals of nutritional support in acute kidney injury 131; Therapy 132; Outcome 135

10. Emergencies in Acute Kidney Injury 140
Nour Bakhache, Rajiv Sinha, Rahul Chanchlani

Definition 141; Biomarkers 141; Epidemiology 142; Etiology 144; Complications and management 146; Renal replacement therapy 151; Long-term impact after acute kidney injury 152

11. Acute Glomerulonephritis 156
Anshuman Saha

Case vignette 157; Clinical syndromes associated with glomerular diseases 157; Concept of proliferative vs. nonproliferative glomerulonephritis 158; History and physical examination 159; Principles of management 162

12. Hemolytic Uremic Syndrome 164
Jyoti Sharma

Classification 164; Pathogenesis 165;
Pathology 166; Clinical presentation 166;
Diagnosis of hemolytic uremic syndrome 167;
Management 168; Differential diagnosis 169;
Prognosis 169

13. Massive Hematuria 172
Harish T Varma, Karalanglin Tiewsoh

Diagnosis of hematuria 173;
Etiology of gross/massive hematuria 173;
Evaluation of massive hematuria 177

PART 3 Behavioral and Developmental Issues

14. Internet Addiction 183
Harihar Chilukuri, Raviteja Chilukuri

Nosology of internet addiction 184;
Epidemiology 184; Symptomatology 184;
Etiology 185; Management 187;
Preventive strategies 189;
Parents' role in internet addiction 189;
Outcome and prognosis 190;
Internet addiction 190

15. Hysterical Conversion Reactions 193
Harihar Chilukuri, Raviteja Chilukuri

Definition 194; History 194; Epidemiology 194;
Etiology 195; Clinical features 195; Diagnosis 197;
Management 199; Prognosis 201

PART 4 Gastroenterology

16. Chronic Diarrhea 203
Deepshikha, Sudhir Mishra, Satish K Tiwari

Epidemiology 203; Pathophysiology 204; Etiology 206;
Evaluation 207; Treatment 214

17. The Child with Severe Constipation 219
Shilpa Sharma, Devendra K Gupta

Definition 220; Pathophysiology 220; Etiology 221;
Diagnosis 221; Clinical features 222;
Clinical examination 223; Investigations 223;
Treatment 224; Complications of constipation 225

PART 5 Infectious Diseases

18. Childhood Pneumonias 228
Tushar B Jagzape, Manish Taywade, Pankaj C Vaidya, Satish K Tiwari

Current estimate of the burden in the world and in India 229;
Types of pneumonias and classification 229;
Clinical features 230; Risk factors 230;
Diagnosis of pneumonia 232; Investigations 232;
Treatment 233; Preventive measures 244

19. Antimicrobial Stewardship Program 249
Ashwija Uchil, Milind S Tullu

Concept of antimicrobial stewardship program 250;
Goals of antimicrobial stewardship program 250;
AIMS of antimicrobial stewardship program 251;
Antimicrobial stewardship program guidelines 252;
Blocks/core strategies for antimicrobial stewardship program 252;
Outcomes of starting an antimicrobial stewardship program 254;
Obstacles facing stewardship 256; Impact of an antimicrobial stewardship program 256; Advances in antimicrobial stewardship program 257

20. Urinary Tract Infection: Current Management Strategy 263
Bhavana B Lakhkar

Etiology 264; Pathogenesis 264; Role of genetics 265;
Clinical manifestations 266; Physical findings 266;
Diagnosis 266; Other investigations 267; Management 268

21. Invasive Fungal Infections in the Pediatric Intensive Care Unit 273
Chhaya A Divecha, Milind S Tullu

Epidemiology 274; Risk factors 274; Manifestations 276;
Diagnosis 277; Management (general principles) 280;
Prognosis 286; Individual invasive/systemic fungal infections 286

PART 6 Nutrition

22. Vitamin D Replacement Therapy 321
Nesri P, Hemchand K Prasad

Role of vitamin D In humam nutrition 322;
Frequently asked questions and answers 324

23. Nutrition in the Surgical Child 330
Shilpa Sharma, Ramesh Menon, Devendra K Gupta

Indications 330; Enteral nutrition 331;
Parenteral nutrition 333;

24. Nutritional Management in Growing Pandemic of Diabetes in Children 339
Jatinder Singh, Harmesh S Bains, Vaneeta Bhardwar

AIMS of nutritional management 340; Nutrients, antioxidants, minerals, and preservation agents 343 Rules for nutritional consideration, training, and feast arranging 343; Some key steps, which are helpful in management of type 2 diabetes mellitus 344; Management of diabetes during sick days 345

25. Diet in Cystic Fibrosis 347
Rajniti Prasad, Saroj Kumar, Utpal Kant Singh

Management 348; Growth monitoring 352

PART 7 Adolescent Medicine

26. Emotional and Behavioral Problems of the Adolescents 355
Piyali Bhattacharya

Prevalence 356; Etiology and risk factors 356; Clinical presentation 357; Assessment of behavioral problems 360; Diagnosis 360; Management 361

27. Adolescent Nutrition and Nutritional Problems 364
Piyali Bhattacharya

Prevalence, etiology, and risk factors 365; Nutritional requirements of adolescents 366; Nutritional issues among adolescents 369; Government programs on nutrition 371; Intervention strategy 374

PART 8 Miscellaneous

28. Diabetic Ketoacidosis Revisited 376
Pushwinder Kaur, Harmesh S Bains

Pathophysiology 376; Etiopathogenesis 377; Clinical features 377; Investigations 378; Management 378; Complications 380

29. Integrated Management of Newborn and Childhood Illnesses 383
Varun Alwadhi, Arti Maria, Harish Kumar

Rationale of imnci approach 384; Case management process 387; Outpatient management of young infants age up to 2 months 388; Counsel the mother about her own health 394; Outpatient management of sick child age 2 months up to 5 years 395; Checking immunization, vitamin A, folic acid supplementation, and deworming status 403; Counseling a mother or caretaker 406

30. Balance Disorders and Dizziness 409
Waheeda Pagarkar

Mechanism of balance 409; Development 411; Epidemiology 411; Etiology 411; Clinical features 419; Clinical examination 419; Vestibular assessment 420; Management of imbalance/dizziness/vertigo 425

PART 9 Newly Emerging Topics

31. COVID-19: Pediatric Perspectives 430
Chandra Mohan Kumar, Bhabesh Kant Chowdhry, Meha Jain

General considerations 431; The virus: Classification, structure, characteristics including unique features 432; Controversy: natural versus manmade 434; Epidemiology 435; COVID in pediatric population 436; Clinical features 436; Classification 437; Management 437; Multi-inflammatory syndrome-children 439; Treatment 440; COVID in newborn 440; Psychological impact of COVID-19 and lockdown in children 441; Prevention 443; COVID vaccination in children 443

32. COVID-19: Psychological and Psychiatric Impact on Children and Adolescents 446
Gagan Hans, Swarndeep Singh, Novy Gupte

Impact on young children 448; Impact on school-going and college-going children and adolescents 448; Impact on children with special needs 450; Factors associated with increased risk of adverse psychological/psychiatric impact 451; Factors associated with mitigated risk of adverse psychological/psychiatric impact 452; Special concerns 452; Role of pediatricians 453

33. Human Monkeypox: A Growing Outbreak Warranting Urgent Attention 458
Novy Gupte, Sapna Pradhan, Suraj Gupte

Historical background 459; The causative virus 459; Transmission 460; Manifestations 460; Complications 460; Diagnosis 460; Management 461; Prevention and vaccination 461; Current scenario 461

Index 465
