Contents

1. History Taking/Physical Examination of a Child **1**

- History Taking *1*
- Pregnancy and Birth History *2*
- Physical Examination *3*

2. Examination of Neonate **6**

- History of Present Illness *6*
- Antenatal History *6*
- Natal History *7*
- Postnatal History *7*
- Immunization *8*
- Family History *8*
- General Physical Examination *8*
- Systemic Examination *10*

3. Clinical Clues in Neonate **23**

4. Symptomatology and Examination of CVS in Children **24**

- Complaints *24*
- General Examination *24*
- Cyanosis *27*
- Murmurs Heard in Different Lesions *32*
- Growth and Development *32*
- Diagnosis *34*

5. Symptomatology and Examination of Gastrointestinal System **35**

- History *35*
- General Examination *37*
- Abdominal Inspection *38*
- Percussion *42*

6. Symptomatology and Examination of Respiratory System **45**

- History *45*
- Examination of Respiratory System *47*
- Auscultation of the Chest *58*
- Types *61*

7. Symptomatology and Examination of Central Nervous System **64**

- General Examination *64*
- Facial Nerve *74*
- Spino Motor System *79*

8. Case-based Discussion **110**

- Case 1 *110*
  - Chief Complaints *110*
  - Discussion *114*
- Case 2 *116*
  - Per Abdomen *118*
  - Discussion *120*
- Case 3 *121*
  - GIT Examination *123*
  - Discussion *125*
- Case 4 *125*
  - Examination *127*
  - CNS Examination *128*
  - Discussion *130*
- Case 5 *130*
  - Discussion *135*
- Case 6 *135*
  - Vitals *136*
  - Discussion *138*
- Case 7 *138*
  - Discussion *141*
- Case 8 *141*
  - General Examination *143*
  - Discussion *144*
- Case 9 *144*
  - Case Summary *149*
  - Discussion *150*
- Case 10 *152*
  - Discussion *156*

9. Spotters **157**

10. Answers **165**
