ABOUT THE BOOK

The book is divided into six sections, Section 1-Introduction to Dentistry, Section 2-Public Health, Section 3-Dental Public Health, Section 4-Preventive Dentistry, Section 5-Research Methodology and Section 6-Dental Practice. The stated intended readership for this book is for the new student in Dentistry (Public Health Dentistry) and to provide new information for the general clinician wishing to expand their knowledge of the subject. It is written in a style that is user-friendly, whether the user is a dental or dental-hygienist student, a dental assistant, a private- or public health practitioner, a health educator, or a school nurse.

KEY FEATURES

- Contributions by international and national senior faculty members of the respective fields.
- Simplicity of presentation.
