## ABOUT THE BOOK

This book will provide an effective learning experience and referenced resource for all health professionals in the field of infectious diseases and improve patient care. There are MCQs in each section with detailed and referenced explanations.

## KEY FEATURES

- Covers vast spectrum of infections in multiple specialties.
- Questions are structured to grasp the essence of clinical concepts.
- Answers are equipped with explanations and references to provide easy assimilation.
- Questions are ratified by peer-reviewed multiple practitioners before being approved for publishing.
- These questions will assess the clinician to prepare for national and international level entrance examinations.
- Questions are designed to help the practitioners and the postgraduate students alike.

## READERSHIP

- Postgraduate Students and Practitioners
