As per the Competency Based Medical Education Curriculum

Author: Apurba S Sastry & Sandhya Bhat

Full Color | Paper Back | 3/e, 2021 (Rev Reprint) | 872 Pages

8.5" x 11" | 9788194709015 | Price: Rs. 1295 | Discount Cat: A

What is new in this edition?

- **Divided into two parts**— (1) General Microbiology, Immunology and Hospital Infection Control and (II) Systemic Microbiology.
- **Systemic Microbiology (Infectious Diseases)**—eight sections, each comprises of a first chapter on clinical infective syndrome followed by several chapters covering detailed information about the etiological agents.
- **Chapters on Clinical Infective Syndromes**—represent the first chapter of every Systemic Microbiology section; covers various infective syndromes pertaining to that system in detail.
- **Parasitology has been Incorporated**— Various parasitic infections discussed under infective syndromes.
- **Hospital Infection Control Section**—thoroughly updated with the inclusion of new topics.
- **General Microbiology Section**—meticulously restructured with the inclusion of general virology, general parasitology and general mycology chapters. General bacteriology is reorganized into a single chapter.
- **Overview Chapters**—incorporated in the General Microbiology section.
- **Sterilization and Disinfection Chapter**—completely revised based on hospital use of sterilizers and disinfectants; shifted to Hospital Infection Control section.
- **COVID-19 Chapter**—a completely new chapter has been added.
- **Annexures**—expanded to include several new topics such as opportunistic infections, transplant infections, national health programmes for communicable diseases, vector-borne diseases, transfuse ion-transmitted infections and **AETCOM in Microbiology**.
- **Recent Advances**—updates made in laboratory diagnosis, treatment guidelines and vaccine prophylaxis of infectious diseases, of note tuberculosis and HIV.
- **Epidemiology Updates on Infectious Diseases Included**
- **References** followed from Harrison 20th/ed, Mandell 9th/ed, Bailey & Scott's 14th/ed, CDC and WHO websites and health care programme/guidelines.
- Inclusion of more tables, flowcharts, real images and schematic diagrams—for better understanding.
- **One weapon, two targets**—MBBS exam and PG entrance.
