Single Color **with Color Forms** | Paper Back | 3/e, 2021 | 768 Pages
6.25" x 9.5" | 9789390020607 | Price: 1695 | Discount Cat: B

ABOUT THE BOOK

This third edition continues to provide an avenue to answer many of the queries that arise in the mind of the inquisitive, especially keeping in view the advances that have taken place since the last edition. Earlier chapters have been intensively scrutinized and revised and new ones have been added on newer topics.

KEY FEATURES

- Comprehensive, latest, and in-depth coverage of all the issues related to vaccinology and vaccines in an easy-flowing question-and-answer format.
- Seventeen new chapters including Coronavirus vaccines, Vaccine hesitancy, Vaccine schedules, Vaccines for doctors and travellers, Maternal immunization, etc.
- Up-to-date content, incorporating the IAP ACVIP Recommended Immunization Schedule 2019 and National Immunization Schedule 2020.
- Answers all the real-life situations faced by a busy practitioner in day-to-day clinical practice.
- Often neglected subjects like basic immunology, elementary epidemiology, etc., are also dealt in a simplified manner.
- Provides an insight to the novel vaccine delivery systems and offers a glimpse into the future of vaccines.
- Contributions from leading experts in the field of vaccinology.

READERSHIP
