ABOUT THE BOOK

Fifth edition of Pharmacology for Nurses is the thoroughly revised and updated edition of the popular textbook as per the new syllabus prescribed by Indian Nursing Council (INC). The book is known for its simplicity, easy language and clarity of writing. It covers all the topics as per the latest revised syllabus—semester-wise.

KEY FEATURES

- Matter revised and organized as per the semester pattern.
- More flowcharts and diagrams have been added to explain every important mechanism of action.
- New topics prescribed in the syllabus have been added.
- Student-friendly format followed.
- Nursing implications for all relevant chapters.
- Based on reviews by concerned superspecialists and subject experts.
- Compare and contrast series makes the book complete.
- Mnemonics have been added to help memorize the topics.
- MCQs at the end help quick revision.
- Simple and easy to understand.
