9789354656217 | Rs. 595 | Discount: C

ABOUT THE BOOK

This new edition has been updated to reflect the dynamic pediatric health care environment, essential procedures, safety initiatives and upgradation of pediatric nursing practice. As in our previous edition, the concept, content, examples and illustrated diagrams were designed with the goal of assisting the GNM and Post Basic BSc Nursing students and teachers to make the transition to best nurse practitioners.

KEY FEATURES

- This casebook covers practical aspect of GNM and Post Basic BSc Nursing Syllabus (According to newly revised INC syllabus).
- User-friendly for Pediatric Nursing students.
- All the requirements are planned and written in easy and simple language at student's level.
- Consists of current and updated information.
- Has well-illustrated images, tables and figures.
- Contents are systematically arranged for easy learning.
- Enriches both the theory and practical knowledge of the students.
- Includes evaluation sheet for teachers to evaluate student's practical knowledge and skills accurately.
- Annexures will help the students to understand the Nursing Diagnosis and Laboratory Findings.
