

NEW RELEASE

Case-based Reviews in DERMATOLOGY

Editor: Rashmi Sarkar

9789352707058 | Four Color | 1/e,2021 | Softcover
6.25" x 9.5" | Pages: 260 | Rs. 1295

ABOUT THE BOOK

This is a first of its kind attempt, on the methodology of approaching case scenarios in daily OPDs. It is nice to know numerous entities (common as well as uncommon) in isolation, but the actual challenge lies in utilizing the association fibers of our brains, correlating the clinical findings and the laboratory investigations and arriving at a diagnosis for further management.

KEY FEATURES

- The book is a novel attempt focusing on the methodology of approaching case scenarios in dermatology.
- Evidence-based approach to the treatment of various uncommon dermatological conditions.
- Each chapter starts with an interesting case, followed by a review of the disease entity in the form of relevant question and answer format
- It is an important source of learning the basics of clinical dermatology, co-relates the clinical findings and laboratory investigations for disease diagnosis and management.
- Presented in a reader-friendly manner, written by experts having extensive research and clinical experience

READERSHIP

Valuable resource for dermatologists, physicians, and postgraduate students.
