# Contents

**1. Basic Principles of MRI ..... 1**
- *Disadvantages of MRI (compared to CT scan) 5*
- *Advantages of MRI 5*

**2. Relevant Anatomy ..... 7**

**3. Normal MRI of Lumbar Spine ..... 11**
- *Normal Disc 13*

**4. MR Examination of Lumbar Spine ..... 15**
- *Normal Lumbar Spine 18*
- *Normal MR Myelography 22*

**5. Lumbar Spinal Diseases ..... 25**
- *Lumbar Spondylosis 26*
- *Discussion 26*
- *Spondylolisthesis 28*
- *Discussion 28*
- *Findings 29*
- *Spondylolysis 31*
- *Discussion 32*
- *Disc Degeneration 35*
- *Discussion 35*
- *Disc Bulging 37*
- *Discussion 38*
- *Annular Tear (Example 1) 40*
- *Annular Tear 41*
- *Annular Tear (Example 2) 42*
- *Discussion 43*
- *Disc Herniation 45*
- *Significance 45*
- *Disc Herniation—Terminology 46*

- *Chronic Disc Herniation 47*
- *Disc Herniation—Locations 48*
- *Degrees of Disc Herniation into the Spinal Canal 50*
- *Disc Herniation and Nerve Root Compression—Grading 51*
- *Grade 0 52*
- *Grade 1 53*
- *Grade 2 54*
- *Grade 3 55*
- *Disc Herniation—Protrusion-central (Example 1) 56*
- *Discussion 60*
- *Disc Herniation—Protrusion-postero-Lateral (Example 1) 62*
- *Discussion 66*
- *Disc Herniation—Extrusion 68*
- *Discussion 70*
- *Disc Herniation—Sequestration 71*
- *Discussion 73*
- *Disc Herniation-intravertebral Schmorl's Node 75*
- *Limbus Vertebra 77*
- *Summary of Disc Herniation 78*
- *Vertebral Endplate Changes 80*
- *Burst Fracture 83*
- *Discussion 84*
- *Spinal Tuberculosis—Cold Abscess (Example 1) 86*
- *Discussion 87*
- *Spinal Tuberculosis 89*
- *Key Findings 89*
- *Spinal Tuberculosis (Example 2) 91*
- *Pyogenic Spondylitis 92*
- *Discussion 93*
- *Vertebral Tumor—Hemangioma 97*
- *Discussion 98*
- *Vertebral Tumor—Lymphoma 99*
- *Discussion 100*
- *Vertebral Secondaries—An Overview 101*
- *Spinal Tumor—Vertebral Secondaries from Lung 104*

- *Spinal Tumor—Vertebral Secondaries 105*
- *Vertebral Secondaries—Ivory Secondary 106*
- *Ivory Vertebra 106*
- *Vertebral Secondaries—Prostate Secondary 108*
- *Spinal Cord Trauma 109*
- *Spinal Cord Inflammations Transverse Myelitis 113*
- *Spinal Cord Inflammation 116*
- *Arachnoiditis 116*
- *Spinal Tumors—An Overview 118*
- *Spinal Tumors—Location a Guide 122*
- *Spinal Tumors—Examples 122*
- *Spinal Tumor 123*
- *Intramedullary—Ependymoma 123*
- *Discussion 124*
- *Extramedullary/Intradural (Example 1) 126*
- *Arachnoid Cyst 126*
- *Discussion 127*
- *Extramedullary/Intradural (Example 2) Meningioma 129*
- *Schwannoma (Example 3) 131*
- *Extradural Schwannoma 135*
- *Spinal Tumor—Extramedullary/Extradural—Chordoma 139*
- *Discussion 140*
- *Spinal Stenosis 142*
- *Discussion 143*
- *Osteoporosis 145*
- *Discussion 145*
- *Postoperative Spine 147*
- *Discussion 151*
- *Facet Joint Arthritis 154*
- *Discussion 154*
- *Facet Joint Cyst 157*
- *Discussion 158*
