Contents

Preface		v
Contributors		xi
SECTION 1	**URETER STENTS**	**1**
Chapter 1	**History of ureteric stents** Daniel Yachia	**3**
Chapter 2	**Physiology of stent flow** Tamer El-Husseiny, Martin Knight	**7**
Chapter 3	**Stent materials and designs** Dirk Lange, Claudia Janssen, Ben H. Chew	**15**
Chapter 4	**Urinary stent coatings** Patrick Zammit	**21**
SECTION 2	**POLYMER STENTS**	**33**
Chapter 5	**Ureter stents: indications** M. Hammad Ather	**35**
Chapter 6	**Polymer stents: insertion tips and tricks** Anuj Goyal, Athanasios Papatsoris, Junaid Masood	**41**
Chapter 7	**Complications of ureteric stents and how to deal with them** Jens Mundhenk, Noor Buchholz	**49**
Chapter 8	**How to deal with heavily encrusted stents** Bannakij Lojanapiwat	**55**
Chapter 9	**Medical management of ureteral stent-related symptoms** Giovanni S. Marchini, Manoj Monga	**61**

Chapter 10	**Stents in children** Kemal Sarica, Oktay Akca	71
Chapter 11	**How not to forget the stent** Kyle David Wood, Jorge Gutierrez	75
Chapter 12	**Indwelling ureteric stents: the patient's stent experience and health-related quality of life** Hrishi B. Joshi	81
SECTION 3:	**METAL STENTS**	89
Chapter 13	**The role of metal in stents** Mette Holm	91
Chapter 14	**The Memokath stent** Stefanos Kachrilas, Ali Panah, Rebecca Dale, Andreas Bourdoumis, Faruquz Zaman, Athanasios Papatsoris, Noor Buchholz, Junaid Masood	97
Chapter 15	**The Resonance stent** Panagiotis Kallidonis, Iason Kyriazis, Ioannis Georgiopoulos, Evangelos N. Liatsikos	117
Chapter 16	**The ureteral metal mesh stent** Panagiotis Kallidonis, Ioannis Georgiopoulos, Iason Kyriazis, Evangelos N. Liatsikos	123
Chapter 17	**The Allium stent** Carlo De Dominicis, Francesco De Luca, Costantino Leonardo	129
Chapter 18	**The Uventa stent** Seol Ho Choo, Kyung Jin Chung, Deok Hyun Han, Shin Woo Lee	135
Chapter 19	**Complications of metal stents in the ureter** Palle Jörn Sloth Osther	141

Chapter 20	**Pathophysiology of encrustation in metal stents** Anuj Goyal, Martin Knight	**151**
Chapter 21	**Prophylactic shock wave lithotripsy for metal stents** Christian Bach	**159**
Chapter 22	**Quality of life with metal stents** Azad Hawizy	**163**
Chapter 23	**Use of metal stents in transplant ureteral stricture** Mohammad F. Zaman, Islam Junaid	**169**
Chapter 24	**Using the Wallstent in the management of benign ureteroenteric anastomotic strictures in Bricker deviation** Tycho M. T. W. Lock, Thijs Campschroer, Rob H. Lo	**177**
Chapter 25	**Biodegradable materials in ureter stents** Martti Talja, Juha Lumiaho	**187**
Chapter 26	**Drug-eluting ureter stents** Wolfgang Kram, Oliver W. Hakenberg	**193**
SECTION 4	**LOWER URINARY TRACT STENTS**	**205**
Chapter 27	**History of lower urinary tract stenting** Daniel Yachia	**207**
Chapter 28	**Lower urinary tract stents: the ideal stent** Roy Morag, Mordechai Duvdevani	**213**
Chapter 29	**Physiology of urethral flow** Andreas Bourdoumis, Noor Buchholz, Martin Knight	**219**

SECTION 5	**PROSTATE STENTS**	**227**
Chapter 30	**Prostate stents: indications** Datesh Daneshwar, Christian Bach	**229**
Chapter 31	**Temporary intraprostatic stents** Michael Samarinas, Stavros Gravas, Jean J. M. C. H. de la Rosette	**233**
Chapter 32	**The Memokath prostate stent** Athanasios Papatsoris, Andreas Skolarikos, Athanasios Dellis, Noor Buchholz, Junaid Masood	**241**
Chapter 33	**The UroLume prostate stent** Nadir I. Osman, Christopher R. Chapple	**247**
Chapter 34	**The Allium prostate stent** Zeljko Markovic, Ana Mladenovic	**253**
Chapter 35	**The Spanner prostate stent** Matthew Goh, Anthony Timoney	**261**
Chapter 36	**Complications of prostate stents** Julian Shah	**267**
Chapter 37	**The future role of prostatic stents** Andreas Bourdoumis, Stefanos Kachrilas, Azad Hawizy, Noor Buchholz, Junaid Masood	**273**
SECTION 6	**URETHRAL STENTS**	**287**
Chapter 38	**Urethral stents: indications** Panos Christopoulos, Andreas Bourdoumis, Stefanos Kachrilas, Noor Buchholz, Junaid Masood	**289**
Chapter 39	**The Allium urethral stent** Stéphane Droupy	**293**

Chapter 40	**The urethral stent and detrusor–sphincter dyssynergia** André van der Merwe	**299**
Chapter 41	**The urethral stent and radiotherapy** Jesper Carl	**305**
Chapter 42	**Brachytherapy and the urethral stent** Athanasios Dellis, Junaid Masood, Noor Buchholz, Athanasios Papatsoris	**311**
Chapter 43	**The future role of urethral stents** Rizwan Hamid	**317**
Chapter 44	**Biodegradable stents of the lower urinary tract** Andres Kotsar, Martti Talja	**321**
Chapter 45	**The future of ureteral stents** Andreas Bourdoumis, Noor Bucholz, Athanasios Papatsoris	**329**
Index		**339**
