Preface v

Acknowledgements vi

Dedication x

SECTION 1: BACKGROUND

Chapter 1
Introduction 3

SECTION 2: VIRAL DISEASES

Chapter 2
Orf and milker's nodules 15

Chapter 3
Dengue 19

Chapter 4
Hydroa vacciniforme and hydroa-like lymphomas 25

Chapter 5
Infective dermatitis: a cutaneous manifestation of HTLV-1 infection 33

SECTION 3: BACTERIAL AND RICKETTSIAL INFECTIONS

Chapter 6
Rhinoscleroma 41

Chapter 7
Endemic treponematoses 45

Chapter 8
Carrion's disease 51

Chapter 9
Plague 55

Chapter 10
Cutaneous anthrax 59

Chapter 11
Bacterial mycetomas: actinomycosis, botryomycosis and nocardiosis 63

Chapter 12
Rickettsiosis 69

Chapter 13
Granuloma inguinale 75

Chapter 14
Pitted keratolysis 79

Chapter 15
Erythrasma 83

Chapter 16
Tularemia 87

Chapter 17
Tropical ulcer 91

SECTION 4: MYCOBACTERIAL INFECTIONS

Chapter 18
Leprosy 97

Chapter 19
Cutaneous tuberculosis 113

Chapter 20
Buruli ulcer 125

Chapter 21
Nontuberculous mycobacterial skin infections 129

SECTION 5: MYCOTIC INFECTIONS

Chapter 22
Eumycotic mycetomas 139

Chapter 23
Lobomycosis 145

Chapter 24
Chromoblastomycosis 149

Chapter 25
Tinea nigra 157

Chapter 26
Phaeohyphomycosis 161

Chapter 27
Sporotrichosis 165

Chapter 28
Alternariosis 171

Chapter 29
Hyalohyphomycosis 175

Chapter 30
Zygomycosis 179

Chapter 31
Paracoccidioidomycosis 189

Chapter 32
Histoplasmosis 197

Chapter 33
Rhinosporidiosis 205

Chapter 34
Cryptococcosis 209

Chapter 35
North American blastomycosis 215

SECTION 6: ARTHROPOD-INDUCED DISEASES

Chapter 36
Venomous arthropods 221

Chapter 37
Myiasis 229

Chapter 38
Tungiasis 233

SECTION 7: PROTOZOAL INFECTIONS

Chapter 39
Cutaneous leishmaniasis 241

Chapter 40
Diseases caused by ameba 251

Chapter 41
Chagas disease 257

SECTION 8: ALGAE INFECTIONS

Chapter 42
Protothecosis 265

SECTION 9: HELMINTH INFESTATIONS

Chapter 43
Schistosomiasis 271

Chapter 44
Cutaneous larva migrans 275

Chapter 45
Gnathostomiasis and strongyloidiasis 279

Chapter 46
Cysticercosis 285

Chapter 47
Sparganosis 289

Chapter 48
Echinococcosis 293

Chapter 49
Human filariasis 297

Index 305
