Contents

SECTION 1
INFRASTRUCTURE AND INSTRUMENTATION

1. Why Minimal Access Surgery in Children *3*
2. Equipment and Instrumentation *6*
3. Energy Sources in Minimal Access Surgery *26*

SECTION 2
PREPARING FOR LAPAROSCOPY

4. Anesthesia and Creation of Pneumoperitoneum *33*
5. Complications of Laparoscopic Pediatric Surgery *42*
6. Ergonomics of Pediatric Laparoscopic Surgery *47*

SECTION 3
LAPAROSCOPY FOR GASTROINTESTINAL SYSTEM

7. Diagnostic Laparoscopy in Pediatrics *53*
8. Laparoscopic Appendectomy in Children *66*
9. Laparoscopic Cardiomyotomy for Achalasia Cardia *76*
10. Laparoscopic Nissen's Fundoplication *78*
11. Laparoscopic Pyloromyotomy *84*
12. Laparoscopic Assisted Operation for Malrotation *87*
13. Laparoscopic Adhesiolysis *89*
14. Laparoscopic Treatment of Hirschsprung's Disease *93*
15. Laparoscopic Treatment of Anorectal Malformation in Infants and Children *99*
16. Laparoscopic Treatment of Meckel's Diverticulum *105*
17. Laparoscopic Herniotomy *107*
18. Laparoscopic Cholecystectomy *121*
19. Laparoscopic Splenectomy *127*
20. Laparoscopic Liver Abscess Drainage *132*
21. Laparoscopic Management of VP Shunt *134*

SECTION 4
LAPAROSCOPY FOR UROGENITAL SYSTEM

22. Laparoscopic Management of Cryptorchidism 139
23. Laparoscopic Varicocelectomy 147
24. Transperitoneal Laparoscopic Nephrectomy 151
25. Laparoscopic Adrenalectomy 157
26. Laparoscopic Management of Ovarian Cysts 161
27. Laparoscopic Dismembered Pyeloplasty 167

SECTION 5
THORACOSCOPY

28. Diagnostic Thoracoscopy 171
29. Laparoscopic Assisted CDH Repair 176
30. Thoracoscopic TEF Repair 179
31. Video Assisted Thoracic Surgery (VATS) in Empyema 182
32. Thoracoscopic Dorsal Sympathectomy 188

SECTION 6
RESEARCH

33. Minimally Invasive Intravesical Ureteric Reimplantation 193

SECTION 7
DOCUMENTATION

34. Documentation 199
