Contents

SECTION 1: BASICS OF GYNECOLOGY

1. **Evolution of Gynecology** 1
Sudha Salhan, Meenakshi Bhatt
- Definition 1

2. **Medicolegal Aspects** 3
Sanjay Gupte, Sudha Salhan
- The Legal Context of Professional Liability 3
- Civil Law in Relation to Gynecology and Obstetric Practice 3
- Criminal Law in Relation to Gynecology and Obstetric Practice 4
- MedicoLegal Aspects of MTPs 4
- Medicolegal Aspects of Sterilization 4
- In Gynecology 4
- Medicolegal Aspects of Endoscopic Surgery 4

3. **Communication and Counseling in Gynecology** 6
Sudha Salhan, Jyotsana Suri
- Listening and Learning Skills 6
- Building Confidence and Giving Support 8

4. **History Taking and Examination in Gynecology** 11
Sudha Salhan, Harsha Gaikwad
- Examination 12
- Gynecological Examination 12

5. **Psychiatric Aspects of Gynecology** 22
Rajesh Rastogi
- Menstrual Disorders 22

6. **Bioethics and Evidence Based Management** 28
Vasantha Muthuswamy, Sudha Salhan

7. **Organizing Studies and Clinical Work** 32
Meenakshi Bhatt
- Tips for Effective Studying 32
- Tips for Making Good Presentations 33
- Tips for Working Efficiently in the Wards 33

SECTION 2: ANATOMY AND PHYSIOLOGY

8. **Surgical Anatomy of Female Genital Tract** 34
Sudha Salhan
- Blood Supply to the Female Pelvic Organs 43

9. **Development of Female Genital Tract** 46
Sudha Salhan, Paramita, SK Sen

10. **Physiology of Menstruation** 56
Pikee Saxena, B Minocha
- Definition 56
- The Endocrine Cycle 56
- Ovarian Cycle 57
- Uterine Cycle 58

SECTION 3: ENDOCRINOLOGY IN GYNECOLOGY

11. Pediatric Gynecology 61
Sudha Salhan
- Prepubertal Girl Child 61
- Positioning for Examination of a Female Child 62

12. Puberty 64
Meenakshi Bhatt, Sudha Salhan
- Definition 64
- History 64

13. Adolescent Gynecological Issues 68
Pratima Mittal, Pinkee Saxena, AK Jain
- Gynecological Concerns of Adolescents 68
- Disorders of Pubertal Growth and Maturation 68
- Concerns Regarding Normal Menstruation and Menstrual Hygiene 68
- Menstrual Disorders 70
- Hyperandrogenism 72
- Infections in Adolescents 75
- Pelvic Pain in Adolescents 75
- Genital Tumors in adolescents 76
- Issues related to Sexuality and Sexual Violence 77
- Reproductive Health issues such as Pregnancy, Abortions, Contraception 77
- Miscellaneous Issues 79
- Adolescent Immunization 81
- Pelvic Examination in Adolescents 81
- Approach to an Adolescent Client 81
- Adolescent-friendly Health Services 82

14. Amenorrhea 83
Pratima Mittal, Aruna Batra
- Definition of Amenorrhea 83
- Etiology of Amenorrhea 83
- Evaluation of Amenorrhea 84
- Management of Amenorrhea 88
- Specific Disorders Responsible for Amenorrhea 89

15. Androgen Excess in Reproductive Life 94
Abha Majumdar

16. Dysmenorrhea and Chronic Pelvic Pain (CPP) 98
Sudha Salhan
- Dysmenorrhea 98
- Chronic Pelvic Pain 100
- Gynecological Conditions: The Most Common Causes in 30–70% Cases of CPP 100
- Gynecological Conditions 101

17. Abnormal Uterine Bleeding (AUB) 104
Sudha Salhan, Gouri Ganguli, Sunita Single
- Dysfunctional Uterine Bleeding (DUB) 105
- Ovulatory DUB 105
- Anovulatory DUB 105
- Aims of Investigations 107
- Management 107
- Medical Treatment 107
- Hormonal Therapy in AUB in Reproductive Age Women Aims 107
- Surgical Treatment 108
- Postmenopausal Bleeding (PMB) 108

18. Premenstrual Syndrome (PMS) 111
Sudha Salhan

19. Endometriosis 113
Kiran Guleria, Sudha Salhan
- Pathology 114
- Diagnosis 115
- Prevention of Endometriosis 119

20. Causes of Infertility 123
Indira Ganeshan, Sonia Malik
- Male partner 123
- Obstruction of Efferent Ducts 124
- Failure to Deposit Sperms in Vagina 124
- Defect in Sperms and Seminal Fluid 124
- Female Factor 125
- Uterine Factors 127
- Immunology of Infertility 127
- Adoption 137

21. Assisted Reproductive Technology (ART) 138
Sonia Malik, Rashmi Sharma
- Other Art Techniques 144
- Complications of IVF 144

22. Menopause 147
Sudha Salhan, R Sinha, Sujata Mishra
- Prevention and Treatment of Osteoporosis 154

SECTION 4: DISORDERS OF EARLY PREGNANCY

23. Bleeding in Early Pregnancy 158
Sudha Salhan, Indira Ganeshan, Harsha Gaikwad
- Hydatidiform Mole 163

24. Ectopic Pregnancy (EP) 164
Sudha Salhan
- Definition 164
- Epidemiology 164
- Fate of Ectopic Pregnancy 167
- Criteria for Medical Treatment 169

25. Trophoblastic Disease 174
Sudha Salhan, Jyotsana Suri
- Gestational Trophoblastic Disease 174

26. Recurrent Pregnancy Loss 184
Sudha Salhan, Indira Ganeshan, Harsha Gaikwad
- Etiology 184
- Management 186

SECTION 5: ABNORMALITIES AND INJURIES OF GENITAL TRACT

27. Malformations of Female Genital Tract 189
Sudha Salhan, Priyanka
- Classification 189

28. Disorders of Sex Development (DSD) 194
Leena, Sakshi
- Nomenclature and Classification 194
- Normal Sex Development 194
- Clinical Evaluation 195
- Laboratory Investigations 196
- Management 196
- Some Common Conditions 197
- Other Syndromes 198

29. Pelvic Organ Displacements 200
SB Khanna, K Dash, Kaushiki, Sudha Salhan, R Bharti, R Kumari
- Basic Anatomy of Pelvic Floor 200
- Ligament and Facial Support 200
- Pelvic Floor Innervation 200
- Biomechanics of Genital Prolapse 201
- Epidemiology of Pelvic Organ Prolapse 201
- Etiology of Prolapse 203
- Classification of prolapse 203
- Malpas Classification 203
- Pelvic Organ Prolapse Quantification System (POPQ) 203
- Management of Pelvic Organ Prolapse 204
- Inversion of Uterus 208

30. Violence Related to Gender and Sexuality 212
Sudha Salhan
- Management of a Rape Victim 213
- History 213
- Examination of the Assault Victim 213
- Treatment of Rape Victim 214
- Female Genital Mutilation (FGM) 214

31. Reproductive Morbidity 216
Sudha Salhan
- Definitions 216

32. Role of Rehabilitation Medicine in Gynecology Practice 218
Sindhu Vijay Kumar
- Rehabilitation of the Patient Undergoing Gynecological Surgery 218
- Cancer Rehabilitation 220
- Urinary Incontinence 220
- Rehabilitation Management of Genital Displacements and Prolapse 222
- Management of Lymphedema 222
- Chest Physiotherapy and Postural Drainage 222
- Pelvic Inflammatory Disease 222

SECTION 6: GENITOURINARY PROBLEMS IN GYNECOLOGY

33. Urinary Tract Infection (UTI) 224
Sudha Salhan

34. Urinary Incontinence in Females 225
Monika Gupta, Aruna Batra, Sudha Salhan
- Stress Urinary Incontinence 226
- Overflow Incontinence 227
- Urge Incontinence 227
- Clinical Presentation 228
- Evaluation 228
- Management 229
- Conservative Management 229
- Behavioral Techniques 229
- Pharmacotherapy 230
- Surgical Treatment 230
- Overactive Bladder (OAB) 231
- Reflex Incontinence 232
- Total Incontinence 232

35. Genital Fistula 233
Sudha Salhan
- Gynecologic Causes 233
- Prevention of VVF 236
- Techniques of Repairs 237

SECTION 7: INFECTIONS OF GENITAL TRACT

36. Reproductive Tract Infections and Sexually Transmitted Diseases (RTIs and STDs) 240
Sudha Salhan, Poonam Puri, V Ramesh

- Reproductive Tract Infection (RTI) 240
- Symptoms of STDs 241
- Chancroid (Soft Chancre/Soft Sore/Ulcus Molle) 243
- Lymphogranuloma Venereum (LGV) 245
- Gonorrhea 246
- Non-Gonococcal Urethritis 246
- Bacterial Vaginosis 247
- Trichomoniasis (Trichomonas Vaginalis) 247
- Scabies (Sarcoptes Scabiei) 248
- Crab Louse (Pediculosis Pubis) 248
- AIDS (HIV I and HIV II) 248
- Hepatitis B (Hepatitis B Virus) 248
- Genital Warts 248
- Herpes Progenitalis 249
- Molluscum Contagiosum 250
- HPV Infection 250
- Sequelae and complications of RTI/STI 251
- Prevention of RTI/STI 251

37. Pelvic Inflammatory Disease (PID) 252
Sudha Salhan, Mahua

38. Genital Tuberculosis 257
Jyotsana Suri, Sudha Salhan

SECTION 8: GENERAL PRINCIPLES OF GYNECOLOGY

39. Screening for Gynecological Cancers 331
Veena Singh, Sudha Salhan

- Screening for Cervical Cancer 262
- Colposcopy 266
- Screening for Ovarian Cancer 267
- Screening for Breast Cancer 268
- Endometrial Cancer 269
- Vaginal Cancer 270
- Vulvar Cancer 270
- Tumor Markers in Gynecology 270

40. Chemotherapy and Radiotherapy in Gynecological Malignancies 272
Tarun Puri, Shikha Goyal, PK Julka, GK Rath

- Radiation Therapy 272
- Cancer of the Uterine Cervix 273
- Cancer of the Uterine Body 277
- Carcinoma Ovary 278
- Carcinoma Vagina 280
- Carcinoma Vulva 280
- Gestational Trophoblastic Disease 280

SECTION 9: DISEASES OF VAGINA

41. Benign Conditions of the Vagina 283
Sudha Salhan

- Congenital Abnormalities 283
- Infections 284
- Pathological Discharges 285
- Vaginal Burns 291
- Foreign Bodies in the Vagina 292

- Benign Conditions of Vagina 292
- Miscellaneous Conditions 293

42. Premalignant and Malignant Conditions of the Vagina 294

Sudha Salhan

- Premalignant Conditions of the Vagina 294
- Vaginal Carcinoma 294

SECTION 10: DISEASES OF CERVIX

43. Benign and Premalignant Conditions of Cervix 299

Sudha Salhan, Harsha Gaikwad, Moni Tuteja

- Benign Conditions of the Cervix 299
- Cervicitis 300
- Non-infectious Cervicitis 302
- Metaplasia, Hyperplasia and Endometriosis 302
- Benign Tumors 303
- Premalignant Lesions of Cervix and their Management 304
- Management of Abnormal Cervical Cytology During Pregnancy 308
- Clinical Response to Neoplasia in Pregnancy 308
- Postpartum Re-evaluation 308

44. Malignant Conditions of the Uterine Cervix 310

Sudha Salhan

- Epidemiology of Cancer Cervix 310
- Natural History of Cancer Cervix 311
- Diagnosis of Cervical Cancer 313
- Staging Carcinoma of Cervix (2009) 313
- Spread of Cancer Cervix 315
- Prevention of Cervical Carcinoma 317

SECTION 11: DISEASES OF UTERUS AND FALLOPIAN TUBES

45. Benign and Premalignant Conditions of the Uterus 320

Shubha Sagar Trivedi, Monika Madaan, Sharda Patra, Sudha Salhan

- Management 324
- Key Points 326
- Other of Benign Conditions of Uterus 327
- Adenomyosis 328
- Premalignant Conditions of Uterus 329

46. Malignant Conditions of Uterus and Fallopian Tubes 332

Sudha Salhan, Pushpa Singh, Urvashi Miglani

- Malignancies of Uterus 332
- Fallopian Tube Carcinoma 338
- Etiology 338
- Hu ET AL'S Criteria 339
- Role of Imaging in the Diagnosis of Primary Fallopian Tube Carcinoma 339
- Role of Tumor Markers 339
- Role of Chemotherapy 340
- Role of Radiotherapy 340
- Role of Hormonal Agents 340
- Role of Second Look Laparotomy 341

SECTION 12: DISEASES OF OVARY

47. Benign Conditions of Ovary and Fallopian Tubes 343

Manju Aggarwal, Payal Chaudhary, Sudha Salhan

- Adnexal Mass 343
- Physiologic and Functional Ovarian Cysts 343
- Polycystic Ovaries 343

- Endometriosis 343
- Inflammatory 344
- Benign Neoplasms 344
- Dermoid Cysts (Mature Cystic Teratomas) 344
- Serous Cystadenoma/Mucinous Cystadenoma 345
- Ectopic Pregnancy 346
- Clinical Presentation and Complications 346
- Ovarian Cyst Rupture and Hemorrhage 346
- Ovarian Torsion 346
- Evaluation 347
- Laboratory Studies 347
- Imaging Studies 347
- Diagnostic Procedures 347
- Management 347
- Premenopausal Women 348
- Premenarchal and Postmenopausal Women 348
- Indications for Surgery of Asymptomatic Menopausal Adnexal Mass 348
- Summary and Suggested Management Protocol 348
- Operative Considerations 348
- Management in Pregnancy 349
- Remnant Ovarian Syndrome 350
- Residual Ovarian Syndrome 350

48. Ovarian Malignancy 351

Sunesh Kumar, Lalit Kumar

- Epidemiology of Ovarian Cancer 351
- Pathology 352
- Staging of Ovarian Carcinoma (FIGO,1998) 355
- Clinical Features 355
- Surgery 356
- Chemotherapy for Epithelial Ovarian Cancer 357
- Malignant Ovarian Germ Cell Tumors (MOGCT) 360

SECTION 13: DISEASES OF VULVA

49. Dermatoses of Vulva 365

Vibhu Mehdirata

- The Uniqueness of the Vulvar Dermatoses 365

50. Other Benign Conditions of Vulva 369

Sudha Salhan, Moni Tuteja

- Developmental 369
- Infections 369
- Allergic 369
- Systemic Diseases 369
- Epithelial Disorders 369
- Epithelial Lesions 371

51. Premalignancies and Malignancies of the Vulva 374

Sudha Salhan, Payal Chaudhary

- Premalignant Conditions of the Vulva 374
- Vulvar Malignancy 374
- Epidemiology and Risk Factors 374
- Clinical Manifestations 375
- Diagnosis 375
- Histologic Types 375
- Mode of Spread 376
- Pretreatment Evaluation 376
- Treatment of Vulvar Squamous Cell Cancer 378
- Prognosis 379
- Treatment of Other Histologies 380

SECTION 14: MTP AND CONTRACEPTION

52. The Medical Termination of Pregnancy (MTP) and Safe Abortion 381

Sudha Salhan, Sangeeta Kaul

- Requirement of the Place (MTP Rules 2003) 381
- Safe Abortion 382
- Preoperative work-up 383
- Precautions 383
- Follow-up 384
- How to make induced abortions safe? 384
- Methods of Medical Termination of Pregnancy 384
- Manual Vacuum Aspiration (MVA) 384
- Medical Method 389

53. Contraception 390

Sudha Salhan

- Definitions 390
- Methods of Contraception 390
- Temporary or Spacing Methods 391
- Permanent Method of Contraception 407

54. The Preconception (PC) and Prenatal Diagnostic Techniques (PNDT) (Prohibition of Sex Selection) Act 413

Sudha Salhan

- Adverse Child Sex Ratio in India 413

SECTION 15: IMAGING MODALITIES IN GYNECOLOGY

55. Role of X-Ray in Gynecology 416

Puneet Singh Kocher, Sudha Salhan

- Plain Radiograph 416
- Chest Radiographs 418
- Contrast Studies 418
- Barium Enema 423

56. Ultrasound (USG) in Gynecology 424

Rajesh Uppal

57. Color Doppler and 3D Ultrasound in Gynecology 431

Ashok Khurana

- Technical Considerations 431
- Congenital Uterine Malformations 432
- Focal Endometrial Lesions 436
- Intrauterine Devices 438
- Endometrial Fluid Collections 438
- Endometrial Receptivity 438
- Fibroids 440
- Adenomyosis 443
- Fallopian Tubes 443
- Vascular Disease in the Pelvis 445
- Functional Ovarian Cysts 449
- Polycystic Ovaries 451
- Endometriosis 451
- Dermoid Cysts 454
- Neoplastic Ovarian Lesions 455
- Ultrasound in Urogynecology 457
- Infertility 459

58. Computed Tomography (CT) and Magnetic Resonance Imaging (MRI) in Gynecology 468

Parveen Gulati, Peeyush Pandit, Sudha Salhan

- Computed Tomography (CT) 468
- Magnetic Resonance Imaging (MRI) 469

- Contraindications 470
- CT in Gynecology 470
- MRI in Gynecology 470
- Congenital Anomalies 470
- Benign Uterine Conditions—Leiomyoma 472
- Leiomyoma 472
- Adnexa 476
- Carcinoma of the Vulva 478

59. Positron Emission Tomography (PET) in Gynecology 479
Sudha Salhan

SECTION 16: OPERATION THEATER ACTIVITIES

60. Asepsis and Antisepsis in Operation Theater (OT) 480
HP Anand, Sudha Salhan
- Need for Asepsis in OT 480
- Prophylactic Antibiotics 485

61. Preoperative Care 486
Sunita Malik, Pawan Nayyar

62. Intraoperative and Anesthesia Complications During Gynecology Surgery 490
Sudha Salhan, Sonia Ghuman, Meenakshi, PK Verma
- Hemorrhage 491
- Ureteral Injuries 491
- Bladder Injury 492
- Bowel Injury 492
- Complications during Laparoscopic Surgery 492
- Complications of Anesthesia 493
- Partial Pressure 498
- PH Scale 498
- Acidemia 498
- Alkalemia 498
- Acidosis 498
- Alkalosis 498
- Buffers 498
- Standard Bicarbonate 498
- Actual Bicarbonate 498
- Base Excess 498
- Arterial Blood Gas Sampling: Clinical Considerations 498
- Interpretation of a Blood Gas Sample 499

63. Postoperative Care and Complications 501
Renuka Sinha, Sushma Suri, Sudha Salhan
- Postoperative Care 501
- Postoperative Complications 502

64. Sutures and Needles 506
Nivedita Sarda, Sudha Salhan
- Other Suture Characteristics 506
- Classification of Sutures 507
- Needles 509
- Needle-holder 511

65. Minor Procedures 512
Sushma Suri, S Prateek, P Chowdhury, Harsha Gaikwad, P Muley, Sabri, HP Anand, Sudha Salhan
- Sedation 512
- Local Anesthesia 512
- Autopapas Screening 514
- Use of Electrical Energy in Gynecological Surgery 524

SECTION 17: MAJOR OPERATIONS

66. Perineal Tears 533

Sunita Singhal, Sudha Salhan

- Predisposing Factors 533
- Classification 533
- Repair of First and Second Degree Tears 533
- The Management of Third- and Fourth- Degree Perineal Tears 534
- Technique 534
- Postoperative Management 535
- Consequences of Perineal Trauma 535
- Future Deliveries 535
- Delayed Management 535

67. Endoscopy in Gynecology 537

Rahul Manchanda

- Endoscopy 537
- Laparoscopy 537
- History 537
- Instruments 537
- Hysteroscopy 543
- Diagnostic Instruments 543
- Anesthesia 544
- Technique 544
- Indications 544
- Contraindications 545
- Complications 545
- New Developments 546

68. Operations of Ovary 547

Niharika Dhiman, Sudha Salhan

69. Conservative Surgical Methods of Treatement of Pelvic Organ Prolapse 549

Sudha Salhan, Shakti Bhan Khanna, HP Anand, Kiran Bala Dass, Kaushiki

- Vaginal Procedures 549
- Abdominal Methods 555
- Recent Advances in Surgical Management of POP 558

70. Hystercetomy 559

Sudha Salhan, Rani Jain, MD Goswami

- Types of Hysterectomy 559
- Complications of Abdominal Hysterectomy 563
- Vaginal Hysterectomy 563
- Preoperative Preparation 563
- Ancillary Procedures for Complicated Cases 569
- Vaginal Hysterectomy in Special Circumstances 570
- Cornual Fibroid 570
- Big Uterus with Multiple Fibroids 570
- Operative Procedure 570
- Postoperative Care 571
- Urologic Issues 571

71. Microsurgery in Gynecology 574

Rekha Bharti, Sudha Salhan

- Definition 574
- Evolution of Microsurgery 574
- Limitations of Microsurgery by Laparotomy 574
- Advantages of Laparoscopic Tubal Anastomosis 574
- Indications of Microsurgery 574
- Contraindications to Tubal Microsurgery 574
- Equipments for Conventional Microsurgery 575

- Equipments for Laparoscopic Microsurgery 575
- Surgical Steps in Microsurgery 575

72. Myomectomy 577
Sudha Salhan, Shweta Rajani

73. Radical Surgeries in Gynecology 579
Sudha Salhan, Banashree Das, HP Anand
- Radical Hysterectomy 579
- Radical Vulvectomy 582
- Radical Vaginectomy 586
- Exenteration 588

74. Vault Prolapse 589
Banashree Das
- Definition 589
- Incidence 589
- Risk Factors 589
- Management of Vault Prolapse 590
- Operations 590
- Transvaginal Repair 590
- Abdominal Operation for Vault Prolapse 591

75. Vaginoplasty 593
BD Hasija, Sudha Salhan

76. Laser in Gynecology 597
Sunita Malik, Sujata Das

77. Robotic Surgery in Gynecology 600
Neena Aggarwala

SECTION 18: MISCELLANEOUS

78. Breast Diseases 603
Sunita Singal, Sudha Salhan
- Anatomy of Breast 603
- Changes at Puberty 603
- Role of Hormones 603
- Embryology 604
- Abnormal Conditions of the Breasts 604
- Breast In Pregnancy and Lactation 605
- Abnormal Lactation 605
- Inducted Lactation 606
- Suppression of Lactation 606
- Benign Conditions of Breast 607

79. Drugs Used in Gynecology 610
Sudha Salhan, Pikee Saxena
- Estrogens 610
- Progestins 611
- Oral Contraceptive (OC) 611
- Injectable Preparations 611
- Intrauterine Insert 611
- Emergency Contraception 612
- Anti-estrogens 612
- Antiprogestins 612
- Androgens/Antiandrogens 613
- GnRH Agonists (Analogs) 614
- GnRH Antagonists 614
- Glucocorticoids 614

- Ovulation Inducing Agents 614
- Alternative Drugs for HRT in Menopause 615
- Menopausal Osteoporosis 616
- Hyperprolactinemia 617
- Hyperinsulinemia in PCOD 617
- Drugs for Abnormal Uterine Bleeding (AUB) 618
- Drugs Used in Urinary Incontinence 618
- Sildenafil 618
- Prostaglandins (PG) 618
- Vaginal Drugs for Local Infections 618
- Micronutrients and Antioxidants 618
- Vaccination 618

80. Basis of Neo-Organo-Histogenesis *in vivo*: Regeneration of Fallopian Tubes and Uterus 620
BG Matapurkar, H Koratkar
- General Considerations 620
- Desired Metaplasia 620
- Human Utility 623

81. Stem Cells Research, Clonning and Gene Therapy 626
Ankita Singal, Renuka Sinha, Sudha Salhan
- Stem Cell Research 626
- Gene Therapy and Cloning 629
- An Overview 629
- Basics of Gene Therapy 629
- Gene Therapy: Approaches and Requirements 630
- Diseases Treated with Gene Therapy 631
- Gene Therapy in Gynecological Cancers 632

82. Care of a Terminally Ill Patient: Palliative Care 634
Sudha Salhan
- Definition 634

83. Biomedical Waste Management and Handling Rules 635
Sudha Salhan

84. National Rural Health Mission (NRHM) and Reproductive and Child Health II (RCH II) 642
Sudha Salhan

85. Specimen in Gynecology 645
Renuka Sinha, Sudha Salhan
- Gynecology Specimens 645
- Ovarian Tumors 645

86. Common Instruments in Gynecology 648
Asmita Muthal Rathore, Raksha Arora, Sudha Salhan

87. Frequently Asked Questions in Final MBBS 656
Meetu Salhan

88. Often Asked Multiple Choice Questions in MD/MS Entrance Examinations 658
Durgesh

Index* *663
