Contents

Section 1: General Emergency

1.1. Setting-up Pediatric Emergency Department 3
Jayanta Bandyopadhyay
- Pediatric Resuscitation Equipment 3
- Monitoring and Recording Vital Functions 6
- Transferring the Patient 6
- Documentation in ED 8

1.2. Approach to a Child in Pediatric Emergency Department 9
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Warning Symptoms in History 9
- Warning Signs in Examination 9
- Decision-making in Pediatric Emergency 9
- Normal Vital Signs 10
- Things to be done in Emergency Room 10

1.3. Early Assessment and Emergency Triage 12
Jayanta Bandyopadhyay
- Priority 1—Severe Life-threatening Emergency 12
- Priority 2—Acute Medical Problems or Distress 12
- Priority 3—Semiurgent Acute Medical Problems 13
- Priority 4—Nonurgent Acute Medical Problems 13
- Priority 5—Condition is Stable and will not Deteriorate as a Result of Waiting 13

Section 2: Resuscitation

2.1. Cardiopulmonary Resuscitation 17
Jayanta Bandyopadhyay, Joshi Anand Karketta, Jaydeep Choudhury
- Airway 17
- Breathing 18
- Circulation 19

2.2. Shock 24
Joshi Anand Karketta, Jayanta Bandyopadhyay, Jaydeep Choudhury
- Types of Shock 24
- Clinical Features 24
- Investigations 25
- Management 26

2.3. Coma 28
Mahasweta Chaudhuri, Jayanta Bandyopadhyay, Jaydeep Choudhury
- Etiology 28
- History 29
- Physical Examination 29
- Neurological Examination 30
- Investigations 32
- Management 33
- Emergency Management of Raised Intracranial Pressure 34
- Antiseizure Medications in Coma 34
- Choice of Empiric Antimicrobials 36
- Prognosis 36

2.4. Syncope 37
Jayanta Bandyopadhyay
- Basic Vascular Pathophysiology 37
- Causes 37
- History 38
- Goals 38
- Physical Examination 39
- Differential Diagnosis 39
- Investigations 39
- Treatment 39

2.5. Anaphylaxis 40
Joshi Anand Karketta, Jayanta Bandyopadhyay, Jaydeep Choudhury
- Common Known Causes of Anaphylaxis 40
- Different Types of Presentation 40
- Management 40

2.6. Oxygen Administration 44
Mahasweta Chaudhuri, Jayanta Bandyopadhyay
- Drawbacks of SpO_2 45
- Humidification of Oxygen 45
- Administration of Oxygen 45
- Measurement of Delivered Oxygen 46
- Practice Points 46
- Disadvantages of Oxygen Therapy 46

2.7. Fluid and Electrolyte Balance 47
Joshi Anand Karketta, Jaydeep Choudhury, Jayanta Bandyopadhyay
- General Guidelines for Rehydration 47
- Rehydration in Acute Gastroenteritis 47
- Hyponatremic Dehydration 50
- Hypernatremic Dehydration 51
- Hyperkalemia 53
- Hypokalemia 54
- Hypocalcemia 55

2.8. Blood Component Transfusion 56
Sudipta Sekhar Das
- Red Blood Cell 56
- Platelets 58
- Plasma 59
- Cryoprecipitate 60
- Granulocytes 61
- Blood Component Administration 61
- Complications of Transfusion 62
- Current Controversies and Unresolved Issues 62
- Use of Non-Cross-matched Blood in Emergency Situations 64
- Emerging Technologies 64

Section 3: Sedation, Analgesia, Intubation and Procedures

3.1. Sedation, Analgesia, Paralysis and Drug Dilutions 69
Jayanta Bandyopadhyay
- Goals of Sedation in the ER 69
- Classes of Drugs Commonly Used in the ER 69
- Basic Pharmacologic Principles 70
- Opioids 70
- Benzodiazepines 72
- Ketamine 73
- Propofol 75
- Muscle Relaxants 77

3.2. Basics of Intubation 84
Jayanta Bandyopadhyay, Mahasweta Chaudhuri
- Indications for Intubation 84
- Equipment 86
- Preparing for the Procedure 87
- Positioning the Patient 87
- Procedure 87

3.3. Rapid Sequence Intubation 89
Jayanta Bandyopadhyay
- Fundamental Concept 89
- Indications 89
- Contraindications 89
- Technique 90

3.4. Intraosseous Access 94
Jaydeep Choudhury
- Contraindications 94
- Procedure 94

3.5. Chest Tube Drainage and Needle Thoracocentesis 97
Mahasweta Chaudhuri, Jayanta Bandyopadhyay
- Points to Remember 97
- Chest Tube Placement 97
- Procedure 97
- Complications 99

3.6. Needle Pericardiocentesis 100
Mahasweta Chaudhuri, Jayanta Bandyopadhyay
- Indications 100
- Contraindications 100
- Equipment 101
- Procedure 101
- Post-procedure Monitoring 102
- Complications 102

3.7. Cricothyrotomy 103
Jayanta Bandyopadhyay
- Procedure 103
- Complications 103

Section 4: Neonatal Emergencies

4.1. Neonatal Emergencies 107
Jaydeep Choudhury
- Severe Hypothermia 107
- Seizures 108
- Hypoglycemia 109
- Neonatal Hemorrhage 110
- Neonatal Apnea 110
- Air Leak 111

4.2. Prolonged Neonatal Jaundice 113
Jaydeep Choudhury, Jayanta Bandyopadhyay
- Common Causes of Unconjugated Hyperbilirubinemia in Children 113
- Clinical Assessment of Unconjugated Hyperbilirubinemia .. 113
- Approach to Patients Presenting with Jaundice at Emergency Room 114
- Factors Increasing Effectiveness of Phototherapy 115
- Treatment of Unconjugated Hyperbilirubinemia 115
- Treatment of Conjugated Hyperbilirubinemia 115

4.3. Bleeding Neonate 123
Jaydeep Choudhury, Jayanta Bandyopadhyay
- Few Points in History 123
- Examination 123
- Baseline Investigations 123
- Management 124

4.4. Neonatal Collapse 126
Jayanta Bandyopadhyay
- Causes 126
- Associated Clinical Features 127
- Investigations 127
- Hyperoxia Test 127
- Management 128
- Practice Points 129

Section 5: Respiratory Emergencies

5.1. Respiratory Distress and Noisy Breathing 133
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Evaluation of a Child with Respiratory Distress 133
- Noisy Breathing 134
- Approach to Noisy Breathing 135

5.2. Croup 136
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Clinical Presentation 136
- Practice Points 136

5.3. Acute Epiglottitis 139
Saheli Misra, Jaydeep Choudhury
- Etiology 139
- Symptoms 139
- Signs 139
- Caution 139
- Management 140
- Recommended Antibiotics 140

5.4. Bronchiolitis 142
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Etiology 142
- Clinical Presentation 142
- Risk factors 143
- Social Risk Factors 143
- Diagnosis 143
- Management 143
- Practice Points 144

5.5. Acute Severe Asthma 145
Jaydeep Choudhury, Jayanta Bandyopadhyay
- Evaluation of Severity of an Acute Episode of Asthma—in Children above 2 Years 145
- Caveat 145
- Criteria for Hospital Admission 146
- Management 146
- Good Response Group 147

- Signs of High Risk 148
- Poor Response Group 148
- First Attack of Status Asthmaticus 149

Section 6: Cardiovascular Emergencies

6.1. Cyanotic Spell 153
Mahasweta Chaudhuri, Jaydeep Choudhury, Jayanta Bandyopadhyay
- Pathophysiology 153
- Management 154
- Practice Points 155

6.2. Heart Failure 156
Joshi Anand Karketta, Jayanta Bandyopadhyay, Jaydeep Choudhury
- Common Causes of Heart Failure 156
- Physical Examination 156
- Investigations 156
- General Management 157
- Specific Management 157
- Practice Points 157

6.3. Abnormal Pulse Rate or Rhythm 160
Amitabha Chattopadhyay, Biswajit Bandopadhyay
- Bradyarrhythmia 161
- Tachyarrhythmia 161
- History 162
- Clinical Scenario 162
- ECG 162
- General Management of Arrhythmia 163
- Bradycardia 164
- Tachycardia 165
- Supraventricular Tachycardia 167
- Management 169
- Wide-complex Tachycardia 170
- Defibrillator for Cardioversion 174

6.4. Chest Pain 175
Jayanta Bandyopadhyay
- Assessment 176
- Management 177

6.5. Cardiac Emergencies in a Noncardiac Set-up 179
Amitabha Chattopadhyay, Biswajit Bandopadhyay
- Clinical Evaluation 180
- Clinical Scenario 181
- Interpretation of Chest X-ray when Heart Disease is Suspected 181
- Features Suggestive of a Duct Dependent Lesion 181
- Time of Presentation 182

- Presentation 182
- Duct Dependent Systemic Lesions 182
- Management 182
- Prolonged QT Syndrome 182
- Drugs that Prolong QT Interval 183

Section 7: Gastrointestinal Emergencies

7.1. Acute Abdominal Pain 187
Jaydeep Choudhury
- Red Flags 187
- Initial Clues for Severe Abdominal Pain 187
- Acute Lower Abdominal Pain 188
- Pediatric Gynecological Emergencies 190
- Investigation 192
- Midgut Malrotation 192

7.2. Acute Scrotum 194
Jaydeep Choudhury, Jayanta Bandyopadhyay
- Torsion of the Testis 194
- Torsion of the Hydatid of Morgagni 195
- Idiopathic Scrotal Edema 196
- Testicular Trauma 196
- Epididymo-orchitis 196

7.3. Upper Gastrointestinal Bleeding 198
Jaydeep Choudhury
- Investigations 199
- Management 199

7.4. Fulminant Hepatic Failure 202
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Etiology 202
- Clinical Manifestations 202
- Investigations 202
- Red Flag Signs 204
- Management 204
- Follow-up and Monitoring 206
- Temporary Hepatic Support 206

Section 8: Renal Emergencies

8.1. Acute Renal Failure 209
Jaydeep Choudhury
- Causes of ARF 209
- Presentations in Emergency 209
- Assessment of Severity 209

- Determination of Underlying Cause 210
- Investigations 210
- Points to Ponder 211
- Management 211
- Diet 211
- Infection 211
- Indications of Dialysis in ARF 213

8.2. Hypertensive Crisis 214
Saheli Misra
- Immediate Evaluation 216
- Evaluation for Identifiable Cause 216
- Features of End Organ Damage 216
- Basic Investigations 216
- Advanced Investigations 216
- Management 217

8.3. Hematuria 220
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Indications for Prompt Evaluation 220
- History 220
- Family History 221
- Physical Examination 221
- Basic Investigations 221
- Practice Points 221

Section 9: Neurological Emergencies

9.1. Headache 225
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Headache with Fever 225
- Headache without Fever 225
- Migraine 225
- Pseudotumor Cerebri 227
- Raised Intracranial Pressure 227
- Hydrocephalus with Shunt 228
- Arteriovenous Malformation and Subarachnoid Hemorrhage 229
- Hypertension 229
- Trauma 229
- Tension Headache 229
- Indications for a CT Scan in a Child with Headache 229

9.2. Status Epilepticus 231
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Etiology 231
- Management 231
- Practice Points 233

9.3. Rapid Onset Limb Weakness 235
Jaydeep Choudhury
- Indications for Hospitalization 236
- Investigations 236
- Management 238

Section 10: Hematological Emergencies

10.1. Sickle Cell Disease and Crisis 243
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Vaso-occlusive Crises 243
- Acute Splenic Sequestration Crisis 244
- Aplastic Crisis 245

Section 11: Endocrinal Emergencies

11.1. Diabetic Ketoacidosis 249
Jaydeep Choudhury
- Assessment 249
- Intervention 249
- Investigations 249
- Treatment 250
- Monitoring Initial Progress 252
- Complications During Treatment 252
- Cerebral Edema 252
- Further Care 253

11.2. Hypoglycemia in Neonates and Children 254
Joshi Anand Karketta, Jaydeep Choudhury, Jayanta Bandyopadhyay
- Clinical Features 254
- Optimum Time to Screen for Hypoglycemia 256
- Blood Sampling 256
- Clinical Clues Leading to High Risk Group for Hypoglycemia 256
- Investigations 257
- Hyperinsulinism 257
- Causes of Hyperinsulinism 257
- Neurodevelopmental Outcome of Hypoglycemia 258
- Management 258
- Tapering 258
- Drugs Causing Hypoglycemia 259
- Practice Points 260

11.3. Adrenal Insufficiency and Addisonian Crisis 262
Saheli Misra, Jaydeep Choudhury
- High-risk Group for Adrenal Insufficiency 263
- Signs and Symptoms 263

- Investigations 263
- Treatment 264

Section 12: Environmental Problems

12.1. Animal Bites 267

Tapan Kumar Ghosh, Jaydeep Choudhury

- Etiology 268
- Clinical Types 269
- Modes of Transmission 269
- Clinical Features 269
- Diagnosis 270
- WHO Classification of Bites 270
- Management 270
- Rabies Immunoglobulin (RIG) 271
- Antirabies Vaccines 272
- Pre-exposure Schedule 274
- Canine Rabies 274

12.2. Snake Bite 276

Jayanta Bandyopadhyay

- Clinical Effects 276
- Laboratory Findings and Monitoring 277
- Management 277
- Who should be given Antivenin? 278
- Neuroparalysis 279
- Supportive Treatment 279

12.3. Scorpion Sting 281

Jayanta Bandyopadhyay, Jaydeep Choudhury

- Indian Scorpions 281
- Effects of Scorpion Envenomation 281
- Grading of Clinical Manifestations 282
- Clinical and Laboratory Monitoring 282
- Management of Grade III Patients in ICU 282
- Advantages of Prazosin 283
- Adverse Effects of Prazosin 283

12.4. Near Drowning 284

Jayanta Bandyopadhyay, Jaydeep Choudhury

- Pathophysiology 284
- Etiology 284
- History and Clinical Findings 284
- Complications 285
- Laboratory Investigations 285
- Prehospital Intervention 285
- Emergency Department Management 286
- Hospital Admission Criteria 286

- Hypothermia 287
- Cerebral Edema 287
- General Measures for Management 287
- Practice Points 287
- Prognosis 287
- Orlowski's Prognostic Scoring System 288

12.5. Burn 289

Jaydeep Choudhury

- First Aid: To be done at the Site of Burn 289
- Life Support 289
- Degree of Burn 289
- Admission Criteria for Pediatric Burns Patients 290
- Fluid Resuscitation 290
- Sedation 290
- Infection 291
- Stress Ulcer 291
- Topical Treatment 291
- Complications 291

12.6. Electrical Burn 292

Jaydeep Choudhury

- Management 292
- Admission Criteria 292
- Discharge after Emergency Management 292

12.7. Hyperpyrexia and Hyperthermia 294

Jaydeep Choudhury

- Common Causes of Hyperpyrexia 294
- Effective Cooling 294
- Drugs and Sympathetic Treatment 294
- Care of the Unconscious Patient 294
- Hyperpyrexia or Hyperthermia 294
- Management 295

12.8. Accidental Hypothermia 296

Jayanta Bandyopadhyay, Jaydeep Choudhury

- Factors Influencing Thermoregulatory Balance in Pediatric Age Group 296
- Common Complications of Severe Hypothermia 296
- Laboratory Findings and Investigations 296
- Clinical Features 297
- Management 298
- Rewarming Techniques 298
- Dysrhythmias 299
- Sepsis 299
- Prognosis 299
- Frostbite 299

Section 13: Poisoning

13.1. General Management Principles and Approach to Unknown Poisoning 305
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Management 305

13.2. Various Poisonings 307
Jayanta Bandyopadhyay, Joshi Anand Karketta
- Paracetamol 307
- Iron 309
- Salicylates 314
- Acid 315
- Alkali 318
- Hydrocarbons 320
- Moth Balls (Naphthalene) 322
- Organophosphorus Compound 323
- Phenothiazines 325
- Tricyclic Antidepressants 327
- Beta Blockers 327
- Digoxin 328

Section 14: Foreign Body

14.1. Airway Foreign Body 333
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Usual Foreign Bodies Aspirated 333
- Clinical Features 333
- Management 334
- Management of Partial Airway Obstruction 336
- Practice Points 336

14.2. Foreign Body in GI Tract 339
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Predisposing Factors 339
- Signs and Symptoms 339
- Complications 339
- Investigation 340
- Management 340
- Practice Points 340

14.3. Button Battery Ingestion 341
Jayanta Bandyopadhyay
- Mode of Action 341
- Clinical Effects 343

- Treatment 344
- Battery in the Nose or Ear 345

Section 15: Psychiatric Behavioral and Social Issues

15.1. Psychiatric Assessment for Nonpsychiatrists 349
Jaydeep Choudhury
- Mental State Examination 351

15.2. Nonaccidental Self-Harm 352
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Common Predisposing Factors 352
- Goals of Assessment Interview 352
- Assessment 352

15.3. Aggressive Behavior and Violent Child 355
Jayanta Bandyopadhyay
- Few "Don'ts" 355
- Few "Do's" 355
- Management 355
- Practice Points 356

15.4. Abuse of Children 357
Jayanta Bandyopadhyay
- Indicators of Physical Abuse 357
- Dating Fractures 358
- Further Tests 358
- Indicators of Sexual Abuse 358
- Medical Management 359
- Medicolegal Perspective 360

Section 16: Trauma and Orthopedics

16.1. Head Trauma 363
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Type of Injury 363
- Immediate Priority 363
- Practice Points 366

16.2. Acute Neck Stiffness 367
Jayanta Bandyopadhyay
- Life-threatening Conditions 367
- Causes of Acute Stiff Neck 367

16.3. Acute Painful Hip 369
Jayanta Bandyopadhyay
- Transient Synovitis 369
- Septic Arthritis 370
- Acute Osteomyelitis 371

- Slipped Upper Femoral Epiphysis (SUFE) 372
- Other Conditions 372

16.4. Pulled Elbow 374
Jayanta Bandyopadhyay
- Clinical Presentation 374
- Investigation 374
- Management 374

16.5. Spinal Cord Injury and Spinal Cord Injury without Radiographic Abnormality (SCIWORA) 375
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Initial Assessment 375
- Spinal Immobilization 375
- Cervical Spine Injuries 376
- Spinal Cord Injury 380
- SCIWORA 382

16.6. Blunt Trauma 384
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Basic Principles of Trauma Management 384
- Management 384
- Chest Trauma 384
- Abdominal Trauma 386

16.7. Fractures—Initial Stabilization and Management 388
Anirban Chatterjee
- Management Goals 389
- Injuries in the Appendicular Skeleton—Common Upper Extremity Injuries 389
- Immobilization Methods and Optimum Position for Injuries to the Upper Limb 394
- Injuries in the Appendicular Skeleton—Common Lower Extremity Injuries 394
- Immobilization Methods and Optimum Position for Injuries to the Lower Limb 394
- Injuries to the Axial Skeleton 397

Section 17: Ophthalmological Emergencies

17.1. Ophthalmological Issues 401
Lav Kochgaway
- Leukocoria 401
- Congenital Cataract 401
- Red Eye 403
- Trauma 405
- Periocular Infections 407
- Buphthalmos 408
- Shaken Baby Syndrome 408

Section 18: Otolaryngological Emergencies

18.1. Otolaryngological Issues 411
Jaydeep Choudhury
- Acute Otitis Externa 412
- Acute Otitis Media (AOM) 413
- Foreign Body in the Nose and Ear 414
- Epistaxis 416
- Sinusitis 417
- Oral Cavity Lesions 417

Section 19: Dermatological Emergencies

19.1. Fever with Rash 421
Mahasweta Chaudhuri, Jayanta Bandyopadhyay
- History 421
- Physical Examination 422
- Evolution of Rashes 425
- Diagnosis 425
- Management 425

19.2. Urticaria and Angioedema 428
Amiya Kumar Mukhopadhyay, Jayanta Bandyopadhyay
- Etiology 429
- Risk Factors 429

19.3. Stevens-Johnson Syndrome (SJS) 432
Amiya Kumar Mukhopadhyay
- Etiology 432
- Clinical Features 432
- Diagnosis 432
- Management 432

19.4. Toxic Epidermal Necrolysis 435
Amiya Kumar Mukhopadhyay
- Etiology 435
- Clinical Features 435
- Management 437

Section 20: Infections

20.1. Fever without Focus 441
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Stabilization 441
- Symptoms and Signs of a Child with Serious Bacterial Infection (SBI) 441
- Common Organisms Causing SBI in 0 to 3 Months 442

- Common Causes above 3 Months 442
- Factors that Increase the Predilection of SBI—Infants Less than 3 Months 442

20.2. Severe and Complicated Malaria 445
Jaydeep Choudhury
- Clinical Assessment 446
- Investigations 446
- Management 446
- Management of Complications 448

20.3. Dengue 450
Jaydeep Choudhury
- Undifferentiated Fever 450
- Dengue Fever (DF) 450
- Dengue Hemorrhagic Fever (DHF) and Dengue Shock Syndrome (DSS) 451
- Clinical Examination 451
- Investigations 451
- Dengue Serology 451
- Criteria for Hospitalization 452
- Monitoring DSS 452
- Management 453

20.4. Community Acquired Pneumonia 454
Jaydeep Choudhury
- Age Related Etiology 454
- Investigations 454
- Management 457

20.5. Acute Meningitis 458
Jayanta Bandyopadhyay, Jaydeep Choudhury
- Etiology 458
- Investigations 458
- Antibiotic Therapy 459
- Prophylaxis 461

20.6. Urinary Tract Infection 462
Jaydeep Choudhury
- Etiology 462
- Classification and Clinical Manifestations 462
- Treatment 464
- Antibiotic Therapy 464

Section 21: Miscellaneous Emergencies

21.1. Crying and Irritable Child 469
Jayanta Bandyopadhyay
- Normal Cry in Infants 469
- Pathological Cry Indicating Organic Cause 469

- Approach to Diagnosis 470
- Management 471
- Indications for Admission 474

21.2. Penis and Foreskin Problems 475
Jaydeep Choudhury
- Balanitis 475
- Phimosis 476
- Paraphimosis 476
- Penile Zipper Entrapment Injury 477

21.3. Toxic Shock Syndrome 479
Mahasweta Chaudhuri, Jayanta Bandyopadhyay
- Pathophysiology 479
- Clinical Features 479
- Management 482

21.4. Biochemical Genetic Emergency—Inborn Errors of Metabolism 484
Jaydeep Choudhury
- History 486
- Clinical Features 487
- General Principle of Management of Acute Illness 490
- Acute Management of Hypoglycemia 490
- Acute Management of Hyperammonemia 493
- Long-term Treatment of IEM 493
- Metabolic Autopsy 494

Section 22: Medicolegal Issues

22.1. Medicolegal Issues in Emergency Room 499
Jaydeep Choudhury
- Documentation in Emergency Ward 499
- Consent in Emergencies 499
- Medical Negligence 500
- Informing the Police 500
- Breaking Bad News 500
- Death Certificate 500

Index 503
