Contents

Section 1: Longitudinal Vaginal Septum

1. Introduction **3**
Incidence 3
Aetiology 3

2. Preoperative Tasks **4**
Preoperative 4
Presentation 4
Examination 4
Management 4
Pertinent Investigations 4
Treatment 5
Point of Caution 5
Anaesthesia and Patient Positioning 5

3. The Operation **6**

4. Postoperative Tasks **65**
Dressing and After-treatment 65
Postoperative Outcome 65
Complications 65
Conclusions 65

Section 2: Transverse Vaginal Septum

5. Introduction **69**
Transverse Vaginal Septum 69
Incidence 69
Aetiology/Embryology 69
Presentation 70
Examination 70

6. Preoperative **71**
Patient Selection 71
Pertinent Investigations 71

Timing of Surgery 71
Consent 71
The Operation 71
Points of Caution 72
Intraoperative Transverse Vaginal Septum 72
Intraoperative 72
Anaesthesia and Patient Positioning 72
The Case Under Consideration 72

7. The Operation 73

8. Postoperative Care 126

Transverse Vaginal Septum 126
Postoperative 126
Miscellaneous Conditions 126
Transverse Vaginal Septum in Neonates and Young Infants 126
Signs and Symptoms 126
Complications 126
Examination 127
High Transverse Vaginal Septum 127
