Contents

The contents of this edition has been created as unique by adding Page numbers of Theory, Solved Questions and Review Questions of each topic covered in the book, so that the student can locate them easily

Foreword ..... ***iv***

Preface ..... ***v***

Acknowledgments ..... ***vi***

New in Park 21st Edition ..... ***ix***

Topic	Theory Page No	Solved Q Page No	Review Q Page No
1. Health and Epidemiology	**1**	**22**	**91**
A — Health-Dimensions, Determinents and Indicators B — Concept of Well Being C — Disease-control, Prevention and Isolation D — Disease Monitoring and Survillance E — Incidence and Prevalence F — Rate, Ratio, Proportion and Standarization G — Epidemological Study H — Randomization, Blinding and Biasing I — Epidemology of Infectious and Non-Infectious Disease J — Immunization, Chemoprophylexis and Sterlization			
2. Screening of Diseases	**108**	**113**	**126**
A — Concept and Criteria for Screening B — Sensitivity, Specificity and Predictive Valves			
3. Epidemiology of Communicable Diseases	**127**	**152**	**233**
A — Respiratory Infections B — Intestinal Infections C — Arthropod Borne Infections D — Zoonoses E — Surface, Hospital Aquired, Transfusion Related, Emerging and Reemerging Infections, Bioterrorism			
4. Epidemiology of Non-Communicable Diseases	**254**	**261**	**269**
A — Hypertension and Cardiovascular Diseases B — Cancer C — Diabetes, Obesity and Injuries			
5. Health Programmes in India	**272**	**285**	**309**
A — National Vector Borne Disease Control Programme B — National Leprosy Eradication Programme C — National Tuberculosis Control Programme D — Blindness, Cancer and Other Disease Control Programme E — NRHM, RCH, IMCI, NHP, MNP F — National Water Supply, Sanitation and Other Control Programme			

6. Demography, Family Planning, Obstetrics, Pediatrics and Geriatrics ..... 317 ..... 333 366

A — Demographic Trends
B — Demographic Cycles
C — Family Planning
D — Maternal Health and Indicators of MCH Case
E — Child Health
F — Growth and Development
G — National Policy for Children, ICDS, CSSM
H — School Health Services, Breast Feeding and Miscellaneous

7. Nutrition, Health and Social Sciences ..... 373 ..... 386 412

A — Reference Dietary Allowance / RDA and Nutritional Survillances
B — Cereals and Pulses
C — Protein, Fat and Carbohydrate
D — Vitamins and Minerals
E — Egg, Milk, Fish
F — Malnutrition and Food Toxicants
G — Social Sciences and Nutritional Programmes

8. Environment, Hospital Waste and Disaster Management ..... 425 ..... 438 463

A — Water
B — Air and Humidity
C — Ventilation, Housing, Noise, Light and Radiation
D — Disposal of Wastes
E — Entomology and Insecticides
F — Hospital Waste Management

9. Biostatistics ..... 474 ..... 487 535

A — Statistical Datas
B — Measure of Central Tendency and Dispersion
C — Normal and Skewed Distribution
D — Corelation, Regression and Chi-square Test
E — Statistical Scales, Errors, Test and Probability
F — Sampling and Presentations of Statistical Datas
G — Miscellaneous

10. Occupational, Genetics and Mental Health ..... 540 ..... 546 553

A — Preplacement Examinations and Occupational Diseases
B — Factory and ESI Acts
C — Genetics
D — Mental Health and Addictions

11. Communication and Health Planning ..... 558 ..... 565 572

A — Methods of Communication
B — Health-Education, Planning and Management
C — Health Commities and Miscellaneous

12. Health Care in the Community and International Health Agencies ..... 577 ..... 585 596

A — Primary Health Care, Health for All (HFA), NHP, GDP
B — Health Care Delivery System
C — National and International Health Agencies
