Contents

Chapter 1 Role and Scope of Physical Rehabilitation after Surgery 1

Role of Nursing Care 1
Role of Physical Therapy 2
Role of Occupational Therapy 3
Role of Prosthetics and Orthotics 3
Role of Follow-up Medical Care 3
Role of Dietetics and Nutrition 4
Role of Clinical Psychology, Vocational and Social Services 4
Role of Corrective Positioning and Exercises 5
Role of Chest Physiotherapy 6
Role of Electrotherapy 6
Role of Manual Therapy, Massage Strapping and Acupuncture 9

Chapter 2 Principles of Pre- and Postoperative Physiotherapy 11

Chapter 3 Pysiotherapy in Abdominal Surgeries 29

Open Abdominal Incisions 30
Planning of an Abdominal Incision 31
Classification of Incisions 32
Laparoscopy—Abdominal Surgery through Keyhole Incision 40
Common Abdominal Surgeries and their Postoperative Physiotherapy Management 45
Principles of Postoperative Exercises after Abdominal Surgeries 57

Chapter 4 Physiotherapy in Cardiothoracic Surgeries 68

Thoracotomy 71
Coronary Artery Bypass Graft Surgery (CABG) 82
Physical Therapy after Cardiothoracic Surgeries 90
Breathing Retraining to Optimize Thoracoabdominal Movements 97
Impaired Airway Clearance and Lung Inflation 99
Positive Expiratory Pressure Masks Breathing (BI-PAP) and Flutter Breathing 101

Chapter 5 Physiotherapy after Breast Surgeries 108

Risk Factors 108
Warning Signs to Watch for 109
Staging the Spread of Breast Cancer 115
Treatment: Assessing the Options 116
Surgery of the Breast 116
Types of Breast Surgeries 118
Risks of Complications 120
Immediate Postoperative Care 125
Risks Associated with Mastectomies 125
Postoperative Care after Breast Surgeries 128
Exercise Plan for the First Postoperative Week 130
General Guidelines for Postoperative Exercises 130
Management of Lymphedema Following Radical Mastectomy 135

Chapter 6 Physiotherapy in Burn and Plastic Surgeries 141

Introduction to Burn Injury 141
Phase 1 142
Part – I 147
Jackson's Burn Model 148
Phase 2 162
Phase 3 170
Phase 4 181
Splinting Guide for Burn the Whole Body 199
Types of Graft 208

Chapter 7 Physiotherapy in Women's Health—Obstetrics and Gynecology 210

Pelvic Inflammatory Diseases (PID) 211
Medical Treatment of Pelvic Inflammatory Disease 214
Pelvic Adhesion Related Disorders (PARD) 215
Visceral Manipulation 217
Pelvic Floor Disorders 222
Hysterectomy 235

Index 253
