Contents

PART 1: Economics and Health Economics—What it is

Chapter 1. Introduction **3**

Chapter 2. Definition, Meaning and Scope of Health Economics **5**

What is Economics 5
Finance 7
Health Economics 7

Chapter 3. Uniqueness of Health Economics **13**

Utility Function of Health 15
Production of Health 15
Health Care Markets 16
Health Insurance 19

Chapter 4. Socioeconomic Inequality and Health Care **22**

Chapter 5. Effects of Health on Socioeconomic Development **30**

PART 2: Fundamentals of Health Economics

Chapter 6. Need, Want and Demand in Health Care **37**

Mismatch of Need, Demand and Supply of Services 37

Chapter 7. Demand in Health **43**

Law of Demand 43
Demand in Health 50

Chapter 8. Elasticity of Demand **52**

Description of Elasticity Measures 56

Chapter 9. Elasticity of Demand for Health Care **59**
Elasticity of Demand for Health 61
Price Elasticity of Demand for Health Care 65

Chapter 10. Supply and Demand Relationship **69**
Equilibrium 69

Chapter 11. Supply in Health **75**
Law of Supply 76
Determinants of Supply 77
Supply Function 78
Supply in Health Care 81

Chapter 12. Pricing in Health **83**
Market Failure 84
External Effects 84
Public Goods 87

Chapter 13. Market in Health **92**
Market Structure 92
Perfect Competition 92
Features of Perfect Competition 93
Imperfect Competition 94

PART 3: Cost Evaluation in Health Economics

Chapter 14. Costs in Health Economics **105**
Meaning of Cost 105

Chapter 15. Health Economic Evaluation—Methods and Techniques **117**
Economic Evaluation 117

Chapter 16. Economics of Nutrition **134**
Nutrition Economics and its Definition 135
Impacts of Nutrition Economics 135
Methodology of Nutritional Economics 137

Chapter 17. Economics of Health Policy **138**
Health Policy Analysis 138

Chapter 18. Economics of Breastfeeding **146**
Economic Burden 146

Chapter 19. Economics of Alcohol Abuse **150**
Controlling Intoxication and its Consequences 152
Drinking and Productivity 153
Evaluation of Alcohol Control Measures 154

Chapter 20. Economics of Smoking **157**
Demand for Cigarette 157
Cigarette Market 158
Social Cost of Smoking 159
Economics of Antismoking 160

Chapter 21. Economics of Disease Prevention **163**
Social Costs of Disease and the Economics of Prevention 163
Health Care Costs and Evaluation 163

Chapter 22. Economics of HIV **167**
Implications for HIV Prevention 168
Economic Evaluation 171

Chapter 23. Economics of Malaria **172**
Vector Economics 172
Economic Burden 173
Malaria Control 174

Chapter 24. Economics of Cancer **180**
Economic Impact of Rising Breast Cancer 180
Indirect Morbidity/Disability Losses 182

PART 4: Health Care Budget and Finance

Chapter 25. Health Care Market **187**
Theoretical Concepts 188

Chapter 26. Health Financing—Public and Private **194**
Barriers to Accessibility 195
Principal Financing Mechanisms 196

Chapter 27. Health Insurance in India and Third Party Administrators **211**

Health Insurance in India 211

Health Insurance 211

Third Party Administrator 214

Basic Role of TPAs 215
Challenges Faced by TPA 216
Specific Role of TPA 217
Service Demerits 220

Chapter 28. Budgets and Budgetary Control **222**

Budget 222

Chapter 29. Hospital Budgeting System **236**

Hospital Budget 236
Budget Methods 236
Budget Process 237
Budget Types 238
Budget Mechanics 243

Index ***247***
