Contents

SECTION 1: CLINICAL MANUAL FOR PUBLIC HEALTH DENTISTRY

Chapter 1. Introduction 3

- Public Health Dentistry *4*
- Community Dentistry *6*
- Preventive Dentistry *8*

Chapter 2. Comprehensive Oral Health Care Planning 10

- Comprehensive Oral Health Care *10*
- Process of Comprehensive Oral Health Care *13*

Chapter 3. Evaluation of the Patient for Comprehensive Oral Health Care 16

- Case History *16*
- Demographic Data *16*
- Chief Complaint *18*
- Significance *19*
- Complete Patient History *22*
- Cardiovascular Diseases *24*
- Liver *25*
- Kidney *26*
- Respiration and Lung Diseases *26*
- Diabetes or Hormonal Problems *26*
- Cancer Radiation and Cancer Chemotherapy *27*
- Blood Disorder *27*
- Bleeding Disorder *27*
- Infectious Diseases *28*
- Hepatitis B *28*
- Tuberculosis *28*
- Sexually Transmitted Infections *28*
- Herpes *29*
- HIV Infection AIDS *29*
- Arthritis *29*
- Mental and Psychiatric *29*
- Physical Disabilities *29*
- Epilepsy *30*
- Gastrointestinal *30*

- Family History *30*
- Personal History *31*
- Social History *31*
- Diet and Dietary Analysis *31*
- Food Diary *33*
- Diet Counseling *35*
- General Examination *37*
- Vital Signs *37*
- Body Temperature *37*
- Pulse *39*
- Blood Pressure *40*
- Local Examination *40*
- Extraoral and Intraoral Examinations *43*
- Basic Terminology in Tooth Numbering System *48*
- Universal or Continuous System Number 1 Through 32 System *50*
- Palmer or Quadrant or Chevron Numbering 1 Through 8 System *51*
- The European Tooth Numbering System *51*
- Examination of Teeth *52*
- Provisional Diagnosis *54*
- Investigations *55*
- Radiographs *55*
- Treatment Plan *56*
- Levels of Prevention *56*

Chapter 4. Assessment of Oral Health Status Using Dental Indices 57

- Dental Index *57*
- Armamentarium Used in Examination of Patient to Record Dental Indices *60*
- Oral Hygiene Index *65*
- Oral Hygiene Index-Simplified (OHI-S)(Greene and Vermillion 1964) *69*
- Assessment of Periodontal Diseases *74*
- Russell's Periodontal Index *75*
- Community Periodontal Index of Treatment Needs (CPITN) *78*
- Community Periodontal Index (CPI) *82*
- Decayed Missing Filled (DMF) Index *85*
- Calculations for DMF Index *95*
- Dean's Fluorosis Index (1942) *98*

Chapter 5. Assessment of Oral Health Status Using WHO Assessment Form 100

- General *100*
- Standard Codes *100*
- Oral Health Assessment Form *100*
- Identification and General Information Sections of the Form *101*
- Clinical Assessment *103*

Chapter 6. Preventive Dentistry 116

- Professional Topical Application of Fluoride *116*
- Knutson Technique: Sodium Fluoride 2% *120*
- Stannous Fluoride 8% (Muhler's Technique) *121*
- Acidulated Phosphate Fluoride (APF): Brudevold's Technique *123*
- Fluoride Varnishes *127*
- Toxicity of Fluoride *129*
- Pit and Fissure Sealants (The Acid Etch Technique in Caries Prevention Sealants) *130*
- Atraumatic Restorative Treatment *143*
- Biofilm Control *172*
- Oral Health Education to Control Biofilm Using PHP Index *174*
- Plaque Control *175*

Chapter 7. Diet Counseling 180

- Dietary Counseling *180*

Chapter 8. Management of Physically and Mentally Challenged Children 184

- Definition *184*
- Classification *184*
- Preventive Measures *185*
- Mental Retardation *185*
- Learning Disability *186*
- Epilepsy *186*
- Deafness *187*
- Blindness *187*

Chapter 9. Management of Medically Compromised Patients 188

- Ischemic Heart Diseases *189*
- Disorders of Blood *192*
- Hemophilia *192*
- Hemophilia B—Christmas Disease *193*
- Von Willebrand Disease *193*
- Thrombocytopenia *193*
- Anemia *194*
- Respiratory Disorders *194*
- Renal Disorders *195*
- Metabolic and Endocrine Disorders *195*
- Hypoglycemia *196*
- Infections *196*

Chapter 10. Preparation of Oral Health Education Material 197

- Oral Health Education Materials *197*

- Dental Poster or Chart *197*
- Gunning Fog Index *205*

Chapter 11. Field Program—A Visit to School 208

- A Visit to School *208*
- Classroom Based Fluoride Programs *213*
- Field Program After Field Program *214*

Chapter 12. Early Detection of Oral Cancer 217

- Primary Prevention *217*
- Secondary Prevention *217*
- Tertiary Prevention *217*
- Diagnostic Protocol for Oral Cancer *219*

Chapter 13. Early Detection of Dental Caries 221

- Concepts of Risk Factor, Risk Indicator, Risk Prediction and Risk Assessment *221*
- Risk Factors to Dental Caries *221*
- Risk Groups *222*

Chapter 14. Setting up of a Private Dental Clinic 227

- Financial Resources *228*
- Designing of the Dental Office *228*
- Designing of the Work Area *228*
- Selection of the Equipments and Instruments *228*
- Patients in Practice *229*

Chapter 15. Consent Letter 233

Chapter 16. Public Health Laboratory 235

- Public Health Laboratories *235*

SECTION 2: PRACTICAL RECORD BOOK

Chapter 17. List of Armamentarium Required in Department of Public Health Dentistry 239

Chapter 18. Assessment of Oral Health Status Using Dental Indices 240

Indices Used to Assess Oral Hygiene 240

- Oral Hygiene Index (Greene and Vermillion, 1960) *240*
- Oral Hygiene Index—Simplified (Greene and Vermillion, 1964) *240*
- Patient Hygiene Performance Index *243*

Indices Used to Assess Dental Caries Status 244
- DMF Index (Klein, Palmer and Knutson 1938) *244*
- DMFs Index *245*
- Mixed Dentition *246*
- Modification of DEF Index *246*
- Rationale for the DMFT Classification *247*
- Examination Criteria and Rule for Coding *248*
- Exclusions *249*
- Permanent Tooth Present *249*
- Primary Tooth Present *250*
- Primary or Permanent Tooth Absent *250*
- Extracted Permanent Tooth *250*
- The DMFT Examination Procedure *250*
- Do's and Dont's for the Examiner *251*

Indices Used To Assess Periodontal Status 251
- Russel's Periodontal Index *251*
- Community Periodontal Index of Treatment Needs (CPITN) *252*
- Community Periodontal Index (CPI) *257*

Indices Used for Dental Fluorosis 259
- Dean's Fluorosis Index 1942 *259*

Chapter 19. Assessment of Oral Health Status Using WHO Basic Oral Health Survey Form 260
- Survey Form *260*

Chapter 20. Comprehensive Oral Health Care Planning 261
- Comprehensive Oral Health Care *261*
- Evaluation of Dental Patient *261*

Chapter 21. Preventive Dentistry 265

Topical Fluoride Application by Professionals 265
- Knutson's Technique: Sodium Fluoride 2% *265*
- Muhler's Technique: Stannous Fluoride 8% *266*
- Brudevold's Technique: Acidulated Phosphate Fluoride (APF) *266*

Application of Pit and Fissure Sealants 268
- Procedure *268*
- Pit and Fissure Sealants *268*

Atraumatic Restorative Technique (ART) 269
- Steps in Preparing the Cavity for ART *269*
- Atraumatic Restorative Technique *269*

Chapter 22. Oral Health Education Materials 270

- Description of Oral Health Talk and Presentation of Oral Health Education Material *270*

Chapter 23. Field Programs (Submission of Reports) 273

- A Visit to School *273*
- Visit to Primary Health Center *274*
- Visit to Water Purification Plant *275*
- Visit to Sewage Treatment Plant *276*
- Visit to Milk Dairy *277*
- Visit to Pharmaceutical Company *278*
- Visit to Institution for Handicapped People *279*
- Caries Detection Program *280*
- Cancer Detection Program *281*

Chapter 24. Comprehensive Report on Setting up a Private Dental Clinic 282

- Comprehensive Report on Clinical Practice *282*

Chapter 25. Proforma for Indices 285

- Proforma for Russel's Periodontal Index *285*
- Proforma for Community Periodontal Index of Treatment Needs *286*
- Proforma for Community Periodontal Index *287*
- Proforma for Caries Indices (DMFT, DMFS, DFT, DFS) *288*
- Proforma for Oral Hygiene Index *289*
- Proforma for Oral Hygiene Index-Simplified *290*
- Proforma for Dean's Fluorosis Index *291*

References *293*

Index *295*
