Contents

Section 1 Prevention of Accidents in the Laboratory

1. Universal Precautions Against Blood-borne Diseases **3**

Prevention of Transmission of Diseases 3
Recommendation for Health Workers 6
Risk Group Categories 8
Management of Accidental Exposure to Infected Material 9

2. Prevention of Laboratory Accidents **10**

Causes of Accidents 10
Prevention of Accidents in the Laboratory 12
Code of Conduct for Medical Laboratory Technician 19

3. Disposal of Specimens **21**

Disposal of Specimens after Test 21
Procedures 22
Precautions 25
Glassware Wash and Use 26
Different Cleaning Materials 32
Laboratory Planning and Layout 34

4. First Aid **37**

First Aid 37
Injuries to Bones: Fractures 38
Burns and First Aid 43
Poisons, Drugs and Antidote 46
Snake Bite 49
First Aid in Drug Reactions 57

Artificial Respiration and Cardiopulmonary Resuscitation 61
Management of Diarrhea and Dehydration 67
Carriage of Casualty: Bleeding and its Control 70

Section 2 Animal Care

5. Layout of an Animal House 79
Location of Animal House 79
Construction of Animal House 80
Types of Animal Houses 81
Nature of the Animal Stock 82
Disease-free Animal House 83
Equipment Commonly Used in Animal House 84

6. General Principles of Animal Care 88
Bedding 88
Nesting 88
Watering 89
Principles of Feeding and Housing 90

7. Principles of Handling 94
Handling of Rabbits 94
Handling of Guinea Pig 95
Handling of Adult Mice 95
Handling of Adult Rat 96
Handling of Hamster 96

8. Principles of Animal Breeding 98
Breeding of Animals 98

9. Techniques of Drawing Blood from Animals 103
Blood Collection Sites in Rabbit 103
Blood Collection Sites in Guinea Pig 105
Blood Collection Sites in Rats 106
Blood Collection Sites in Golden Hamster 107
Blood Collection Sites in Mouse 107
Blood Collection Sites in Fowl 109

10. Anesthesia, Euthanasia, and Pithing of Frog **111**
Anesthesia of Animals 111
Euthanasia of Animals 114

11. Disposal of Dead Animals and Related Materials **118**
Burial of the Dead Experimental Animals 118
Incineration 118

12. Common Diseases of Laboratory Animals **120**
Mouse 120
Rats 121
Guinea Pig 121
Rabbit 122
Cat 123
Dogs 123

Section 3 Information on Laboratory Glassware

13. Glassware (Blowing and Types) **127**
Types of Glass 127
Glass Blowing 129
