Contents

SECTION 1: OTOLOGY

1. Anatomy and Physiology of the Ear 3
2. Symptoms of the Ear Diseases 25
3. Examination of the Ear 29
4. Diseases of the Pinna 47
5. Diseases of the External Auditory Canal 59
6. Diseases of the Tympanic Membrane 70
7. Diseases of the Eustachian Tube 75
8. Nonpurulent Diseases of the Middle Ear 79
9. Acute Suppurative Otitis Media 90
10. Chronic Suppurative Otitis Media 96
11. Complications of Otitis Media 107
12. Otalgia 133
13. Tumors of the Middle Ear Cleft 135
14. Otosclerosis 139
15. Conductive Hearing Loss 144
16. Sensorineural Hearing Loss 148
17. Vertigo 158
18. Tinnitus 166

19. Meniere's Disease 169
20. Acoustic Neuroma 174
21. Deaf Mutism 179
22. Rehabilitation of the Hearing Impaired 184
23. Facial Nerve and Facial Palsy 192

SECTION 2: NOSE AND PARANASAL SINUSES

24. Anatomy and Physiology of Nose and Paranasal Sinus 217
25. Symptoms of Nose and Sinus Diseases 232
26. Examinations of Nose, Sinuses and Nasopharynx 239
27. Congenital Anomalies of Nose 246
28. Diseases of External Nose 251
29. Epistaxis 259
30. Foreign Bodies in the Nose 266
31. Diseases of the Nasal Septum 271
32. Polyps of Nose and Sinus 282
33. Allergic Rhinitis 295
34. Vasomotor Rhinitis 303
35. Inflammatory Diseases of the Nose 306
36. Sinusitis and its Complications 331
37. Cerebrospinal Fluid Rhinorrhea 354
38. Neoplasms of Nasal Cavity 356
39. Neoplasms of Paranasal Sinuses 363

SECTION 3: LARYNX

40. Anatomy and Physiology of Larynx 373
41. Symptoms and Examination of Larynx 384
42. Congenital Lesions of Larynx 390
43. Infections of the Larynx 395
44. Voice Disorders 408
45. Tumors of the Larynx 419
46. Laryngeal Paralysis 434
47. Stridor 443
48. Tracheostomy 450

SECTION 4: PHARYNX AND ORAL CAVITY

49. Anatomy and Physiology of Pharynx 461
50. Symptoms and Examination of Pharynx 472
51. Diseases of the Oral Cavity 479
52. Acute and Chronic Pharyngitis 499
53. Tonsils and Adenoids 503
54. Nasopharynx 514
55. Snoring and Sleep Apnea 521
56. Tumors of Oropharynx 525
57. Tumors of Hypopharynx 532
58. Neck Space Infections 536
59. Pharyngeal Pouch and Eagle's Syndrome 548

SECTION 5: ESOPHAGUS

60. Anatomy and Physiology of Esophagus 553
61. Diseases of the Esophagus 555
62. Dysphagia 564
63. Foreign Body in the Food Passage 569

SECTION 6: EAR, NOSE AND THROAT SURGERIES

64. Myringotomy 577
65. Cortical Mastoidectomy 580
66. Radical Mastoidectomy 584
67. Modified Radical Mastoidectomy 587
68. Myringoplasty 590
69. Caldwell-Luc Operation 594
70. Submucous Resection of Nasal Septum (SMR Operation) 598
71. Septoplasty 602
72. Functional Endoscopic Sinus Surgery 605
73. Tonsillectomy 608
74. Adenoidectomy 614
75. Direct Laryngoscopy 617
76. Bronchoscopy 622
77. Esophagoscopy 627

SECTION 7: RECENT ADVANCES

78. Lasers in Ear, Nose and Throat 633
79. Cryosurgery 638
80. Radiotherapy in Head and Neck Cancer 642
81. Chemotherapy for Head and Neck Cancer 648
82. Acquired Immunodeficiency Syndrome in Ear, Nose and Throat 653
