Contents

Chapter 1: Emergency Anesthesia in General **1**

- Preanesthetic Assessment *1*
- Physical Examination *3*
- Investigations *3*
- Specific Risk Factors *3*
- Special Considerations in Emergency Cases *5*
- Preanesthetic Medication *8*
- Regional Anesthesia *11*

Chapter 2: Shock **12**

- Pathophysiology of Hypovolemic Shock *13*
- Cardiogenic Shock *18*
- Bacteremic (Septic) Shock *20*
- Anaphylactic Shock *21*

Chapter 3: Fluid, Electrolyte, and Acid-Base Disorders **24**

- Dehydration *24*
- Hyperkalemia *25*
- Hypokalemia *26*
- Hypernatremia *28*
- Hyponatremia *29*
- Hypercalcemia *30*
- Hypocalcemia *32*
- Hypermagnesemia *33*
- Hypomagnesemia *33*
- Hyperphosphatemia *34*
- Hypophosphatemia *35*
- Metabolic Acidosis *36*
- Metabolic Alkalosis *37*
- Respiratory Acidosis *38*
- Respiratory Alkalosis *38*

Chapter 4: Trauma **40**
- Head Trauma/Injury *46*
- Facial Trauma/Injury *49*
- Neck Trauma/Injury *51*
- Chest Injury *52*
- Pulmonary Fat Embolism *56*
- Tube Thoracostomy *56*
- Pericardiocentesis *57*
- Injury of Bones *58*

Chapter 5: Burns **65**
- Thermal Burns *65*
- Chemical Burns *71*
- Electrical Burns *71*
- Radiation Injury *72*
- Special Anesthetic Problems in Acute Burns in Children *73*

Chapter 6: Anesthesia for Surgical Emergencies in Neonates, Infants, and Children **74**
- Neonatal Physiology *74*
- Neonatal Asphyxia and Neonatal Resuscitation *77*
- Neonatal Resuscitation *79*
- Equipment for Pediatric Anesthesia *81*
- Anesthesia Induction Techniques *83*
- Fluid Therapy *84*
- Anesthesia in Specific Conditions *86*
- Anesthetic Care for Some Specific Nonsurgical Cases *99*

Chapter 7: Anesthesia for Obstetric Emergency **102**
- Physiological Changes in Pregnancy *102*
- Pain During Labor and Delivery *104*
- Anesthesia for Cesarean Section *106*
- Anesthesia for Labor and Delivery in Mild/Severe Pre-eclampsia *110*

Chapter 8: Anesthesia for Abdominal Emergency 125
- Various Methods of Anesthesia *126*
- Anesthesia for Perforated Bowel and Peritonitis *129*
- Acute Abdomen *130*
- Anesthesia for Acute Intestinal Obstruction *131*

Chapter 9: Anesthesia for Emergency Neurosurgery 142
- Intracranial Pressure (ICP) *142*
- Anesthesia for Neurosurgery *145*
- Common Neurosurgical Emergencies *147*
- Anesthesia for Spinal Cord Compression *153*
- Local Anesthesia for Neurosurgery *155*

Chapter 10: Emergency Anesthesia for Cardiothoracic Surgery 156
- Airway Burn *160*
- Airway Rupture *162*
- Tracheostomy *163*
- Fiberoptic Bronchoscopy *164*
- Pneumothorax *165*
- Anesthesia for Emergency Tube Thoracostomy *169*
- Considerations for Cardiac Surgery *169*
- Blunt Cardiac Injury *173*
- Cardiac Laceration *175*

Chapter 11: Emergency Anesthesia for Eye, Ear, Nose, and Throat Surgery 176
- Emergency Anesthesia for Eye Surgery *176*
- Intraocular Pressure (IOP) *176*
- Oculocardiac Reflex *177*
- Emergency ENT Anesthesia *180*
- Postoperative Bleeding Tonsil *181*
- Pharyngeal Abscess *182*
- Epistaxis *183*
- Acute Epiglottitis *184*

- Tracheostomy *184*
- Foreign Bodies in Esophagus *185*
- Foreign Bodies in Larynx/Tracheobronchial Tree *186*
- Stridor *187*
- Cut-throat Injury *188*

Chapter 12: Emergency Anesthesia and Common Pre-existing Medical Diseases **190**

Chapter 13: Miscellaneous **214**
- Emergency Operation Theater *214*
- Spinal Kit *217*
- Epidural Anesthesia Kit *217*
- Cardiac Arrest and Cardiopulmonary Resuscitation *217*
- Common Drugs Used in Cardiac Arrest *221*
- Postresuscitation Care *222*
- Commonly Used Drugs in Anesthesia and Analgesia Including Inhalation Agents *223*

Appendix *235*
Bibliography *241*
Index *243*
