The Femtosecond Laser: A Transformative Technology in Ophthalmology **xvii**
William F Wiley

Surgical Approaches to Posterior Polar Cataract **xx**
Abhay R Vasavada

Pitfalls in the Diagnosis of Angle-closure Glaucoma **xvii**
Rajendra K Bansal

1. **Femosecond Laser-assisted Cataract Surgery** **1**
   Soumya Ganesh Nanaiah, Sudeep Das, Mathew Kurian Kummelil, Rohit Shetty
   - *Basic Science 1*
   - *Nomenclature 1*
   - *Preoperative Evaluation 2*
   - *Planning 4*
   - *Technique 5*
   - *Contraindications 7*
   - *Complications Unique to FLACS 8*
   - *Advantages 9*
   - *Disadvantages 9*
   - *Comparison of Femtosecond Laser-assisted Capsulotomy with Manual Capsulorhexis 10*
2. **Present Status of Phakic Intraocular Lenses in Modern Refractive Surgery** **14**
   Jorge L Alió, Jaime Javaloy
   - *Introduction: What is the Role of Phakic Intraocular Lenses in Today's Refractive Surgery? 14*
   - *Diagnostic Methods for a Modern Phakic IOL Indication as a Surgical Proposal 17*
   - *Phakic IOL Types Available on the Market 25*
3. **Posterior Polar Cataract** **50**
   Arup Chakrabarti, Meena Chakrabarti
   - *Pathogenesis 50*
   - *Inheritance and Genetics 51*
   - *Classification 51*
   - *Clinical Features 52*
   - *Differential Diagnosis 54*
   - *Management 55*

4. Posterior Capsular Opacification **70**
Vijay Kumar Sharma, Neelam Runda, Rajesh Sinha
- *Incidence 70*
- *Risk Factors 70*
- *Types and Mechanism of PCO Development 71*
- *Quantification and Grading 73*
- *Management 73*
- *Prevention 75*
- *Surgical Technique 75*

5. Laser-assisted in Situ Keratomileusis **79**
Frank Joseph Goes
- *Change in Corneal Curvature 79*
- *Personal Experience 80*
- *Birth of LASIK 80*
- *LASIK Complications 86*
- *Retreatment 88*
- *Customized Excimer Laser Treatment 89*
- *Indications and Limitations of LASIK 90*
- *Femtosecond Laser 91*
- *Alternatives 92*

6. Contact Lens-assisted Collagen Cross-linking for Thin Keratoconic Corneas **95**
Soosan Jacob
- *Role of Corneal Thickness 95*
- *Cross-linking in Corneas with Minimum Thickness Less than 400 Microns after Epithelial Removal 96*
- *Technique 96*
- *Complications 99*

7. Biologicals in the Treatment of Noninfectious Uveitis **101**
Parthopratim Dutta Majumder, Jyotirmay Biswas
- *Monoclonal Antibodies 101*
- *Fusion Proteins 102*
- *TNF-α Blocker 104*
- *Lymphocyte Inhibitor 109*
- *Anti-interleukin Antibodies 110*
- *Specific Receptor Antibodies 112*
- *Interferons 112*

8. Pitfalls in the Diagnosis of Angle-closure Glaucoma **117**
Shibal Bhartiya, Parul Ichhpujani, Monica Gandhi, Oscar Albis-Donado
- *Classification 117*
- *Mechanisms 119*
- *Secondary Causes 120*
- *Strong Index of Suspicion: Risk Factors and History 120*
- *Clinical Examination and Pitfalls 121*
- *Slit-lamp Findings 121*
- *Gonioscopy 123*
- *Intraocular Pressure and Fluctuation 125*
- *Anterior Segment Optical Coherence Tomography 128*

- *Ultrasound Biomicroscopy 128*
- *Visual Fields 131*

9. Traumatic Glaucoma 135
Lakshmi P Moorthy, R Ramakrishnan
- *Prevalence and Incidence 135*
- *Mechanism of Glaucoma following Trauma 136*
- *Pathogenesis of Closed Globe Injury 136*
- *Early Onset Glaucoma 137*
- *Late Onset Glaucoma 137*
- *Symptoms 137*
- *Signs 137*
- *Lens-induced Glaucoma 141*
- *Phacomorphic Glaucoma 143*
- *Phacolytic Glaucoma 143*
- *Lens Particle Glaucoma 143*
- *Angle Recession 143*
- *Ghost Cell Glaucoma 144*
- *Glaucoma following Penetrating Injury 145*
- *Glaucoma following Ocular Surgery 147*
- *Management 148*

10. Neovascular Glaucoma 152
Rathini Lilian David, Ronnie Jacob George
- *History 152*
- *Risk Factors of Rubeosis Iridis 152*
- *Pathogenesis 152*
- *Clinicopathologic Course 154*
- *Common Causes of Neovascular Glaucoma 155*
- *Clinical Presentation 158*
- *Management of Neovascular Glaucoma 159*
- *Anti-vascular Endothelial Growth Factor 161*
- *Surgical Management 162*
- *Trabeculectomy 162*
- *Glaucoma Drainage Devices 162*
- *Cyclodestructive Procedures 163*

11. Recent Advances in the Diagnosis and Management of Ocular AIDS 167
Sudharshan S, Sharanaya Abharam
- *Ocular Lesions in AIDS 167*
- *Diagnosis and Management in the HAART Era 168*
- *Anterior Segment Lesions 169*
- *Posterior Segment Manifestations 174*

12. Choroidal Imaging with Enhanced Depth Imaging and Swept-source Optical Coherence Tomography 190
James A Eadie, Suresh R Chandra
- *Imaging of the Normal Choroid 191*
- *EDI and SS-OCT Imaging in Glaucoma 193*
- *Choroidal Imaging in Central Serous Chorioretinopathy 193*
- *Choroidal Imaging in Uveitis 195*
- *Choroidal Imaging in Age-related Macular Degeneration 196*

- *Choroidal Changes in Retinal Vein Occlusions 196*
- *Choroidal Imaging in Myopic Eyes 197*
- *Choroidal Changes in Inherited Retinal Degenerations 198*
- *Retinal and Choroidal Tumors Imaged with OCT 198*

13. Fundus Autofluorescence: Overview and Applications in Retinal Practice 205

Anand Rajendran, Vinay PG, Vishal Chowdhary

- *Demonstration of Fundus Autofluorescence 205*
- *Fundus Autofluorescence Imaging Modalities 206*
- *Differences between the Autofluorescence Images taken with a cSLO and a Fundus Camera 207*
- *Assessing the Fundus Autofluorescence Image 207*
- *Causes for a Reduced FAF Signal 208*
- *Causes for an Increased FAF Signal 209*
- *Clinical Applications of Autofluorescence 209*
- *FAF Findings in Late-stage CNV 214*
- *FAF Findings Based on CNV Classification 214*
- *Idiopathic Macular Telangiectasia 215*
- *Chorioretinal Inflammatory Disorders 216*
- *Acute Posterior Multifocal Placoid Pigment Epitheliopathy 217*
- *Acute Syphilitic Posterior Placoid Chorioretinitis 218*
- *Multifocal Choroiditis and Panuveitis 218*
- *Acute Zonal Occult Outer Retinopathy 218*
- *Birdshot Chorioretinopathy 218*
- *Perspectives in Imaging Technologies 218*

14. Use and Abuse of Intravitreal Avastin 221

Dhananjay Shukla

- *Evolution of Usage 221*
- *Standard Indications 222*
- *Avastin as Second-line Treatment 225*
- *Other Indications of Avastin 226*
- *Where Avastin is Not Good? 227*

15. Microincision Vitrectomy Surgery 239

Lingam Gopal, Mohammed Naseer, Tengku Ain Kamalden

- *Relevant Anatomy 239*
- *History of Evolution of Vitreous Instrumentation 240*
- *Instrumentation and Fluidics in MIVS 240*
- *Advantages of MIVS 244*
- *Limitations of MIVS 244*
- *Problems with Small Gauge Vitrectomy 245*

16. Cerebrovascular Occlusive Disorders 250

Ambika S

- *Mechanisms 250*
- *Symptoms and Signs 251*
- *Vertebrobasilar Insufficiency 251*
- *Carotid System Occlusion 251*
- *Vertebrobasilar System Occlusions 256*
- *Diagnosis 258*
- *Treatment 258*
