# Contents

1. **Back to the Basics: DNA, Genes, Chromosomes, ICSI and PGT** 1
   *Firuza R Parikh*
2. **Distinguishing Molecular Signatures of Uterine Receptivity for a Successful Embryo Implantation** 12
   *Malini Laloraya*
3. **Clinical Aspects of Preimplantation Genetic Testing** 13
   *Trupti Mehta*
4. **Status of PGS for Aneuploidy: Should We Do It and When?** 24
   *Gad Lavy*
5. **Genetic Counseling and Pre-PGT Workup** 32
   *Prochi F Madon*
6. **Preparations for Embryo Biopsy** 40
   *Dattatray Naik*
7. **Preimplantation Genetic Testing of Translocations and Inversions by FISH** 44
   *Rupesh R Sanap*
8. **Preimplantation Genetic Testing of Aneuploidies (PGT-A): FISH-Microarray-NGS and Limitations** 51
   *Arundhati Athalye*
9. **Emerging Trends and Technology in Preimplantation Genetic Testing** 62
   *Shiva Shankaran Chettiar*
10. **Workshop: Vitrification of Gametes, Embryo and Tissues** 70
    *Hrishikesh Pai, Sudesh Kamat, Rushika Mistry*
