Contents

Definition and Common Terms 1
Applications (Viewpoints) of Statistics 3
Types of Data 4
Data Collection 6
Compilation of Data 9
Frequency Distribution 10
Data Presentation 11
Tabular Presentation 11
Graphical Presentation 13
Common Symbols Used 19
Centering Constants 20
Measures of Variation 21
Normal Distribution 23
Sampling Variation 27
Standard Error of Mean 28
Standard Error of Proportion 29
Probability 30
Null Hypothesis 31
Tests of Significance 32
Paired t-Test 39
Chi-Square Test 41
Correlation and Regression 46
Uses of Statistics 48
Statistical Fallacies 50
Computers in Medicine 57

Sampling **60**
Sample Size **62**
Vital Statistics **67**
Hospital Statistics **70**
Research Methodology **71**

Appendices

Appendix A-Table of Areas of the Normal Curve *79*
Appendix B-Table of Chi-Square *80*
Appendix C-Table of 't' *81*
Appendix D-Random Sampling Numbers *82*
