Contents

1. Guidelines for Postoperative Nausea and Vomiting **1**
Raminder Sehgal
- Definitions *1*
- Pathophysiology *1*
- Guidelines for the Management *1*

2. Perioperative Management of the Patient with Pacemaker **10**
Muralidhar Kanchi
- Pacemaker Codes *10*
- Preanesthetic Evaluation and Pacemaker Reprogramming *11*
- Preoperative Evaluation *11*
- Intraoperative Management *11*
- Hemodynamics of Pacing Importance of Atrial Function *13*
- How to Minimize Electromagnetic Interference with Pacemakers? *13*
- Special Procedures in Patients with Implantable Generators *14*
- Algorithm for Management of Patients with Pacemakers *14*

3. Guidelines for Documentation of Anesthetic Care **17**
Pradeep Bhatia, Swati Chhabra
- Areas of Services by Anesthesiologists *17*
- Regional Anesthesia *20*
- Documentation Systems *22*
- Legal Implications of Anesthesia Documentation *25*

4. The Organization of an Anesthesia Department **27**
V P Kumra, Aparna Sinha
- Role of Indian College of Anaesthesiologists *27*

5. Guidelines for the Ethical Practice of Anesthesiology **33**
Bibhuti Bhusan Mishra
- Guidelines *34*
- Policies Dealing with Ethical Issues in Anesthesia Departments *36*

6. Guidelines for Diagnosis and Management of Low Back Pain **38**
Ashok Kumar Saxena, Gaurav Yadav
- Etiology *39*
- Assessment *40*

- Selective Diagnostic Blocks *42*
- Management *43*
- Invasive Techniques *45*

7. Guidelines for the Management of Traumatic Brain Injury: A Review 59
H H Dash, Siddharth Srinivas Chavali
- Pharmacological Therapy *64*
- Nonpharmacological Therapy *65*

8. Guidelines for Pain Relief during Labor 69
Anjeleena Kumar Gupta
- Options for Pain Relief in Labor *69*
- Pain Relief Service *70*
- Perianesthetic Examination *71*
- Fasting Status *71*
- Neuraxial Block *72*

9. Perioperative Guidelines for Nonobstetric Surgery during Pregnancy 78
Sunanda Gupta
- Maternal Physiological Changes *78*
- Fetal Concerns *79*
- General Guidelines for Anesthesia Management *81*

10. Anesthesia Guidelines in Morbidly Obese Patients for Bariatric Surgery 85
Jayashree Sood, Nitin Sethi
- Definition of Obesity *85*
- Indications for Bariatric Surgery *85*
- Preoperative Evaluation *86*
- Preoperative Medications and Preparation *88*
- Intraoperative Management *88*
- Postoperative Considerations *91*

11. Perioperative Guidelines for Patients with Coronary Artery Stents 94
Yatin Mehta, Prajeesh M Nambiar
- Second Generation DES 95
- Antiplatelet Therapy Post PCI and Perioperative Management 95

12. Guidelines for Difficult Pediatric Airway Management 101
Naresh Kaul, Rashid M Khan
- Definition *101*

13. Cardiopulmonary Resuscitation: Guidelines for Training and Practice 110
Anju Grewal, N Bhatia
- Purpose of Guidelines *110*
- Why Training is Important? *110*
- Audit and Reporting: Standards and Recommendations *114*
- Debriefing *115*

14. Ultrasound Guided Central Venous Access: The Guidelines 117
Sushil Prakash Ambesh, Chetna Shamsherry
- Indications of USG in Central Venous Cannulation *118*
- Contraindications *119*
- Skill *119*
- Instruments *119*
- Scanning *122*
- Site and Position *123*
- Performing the Procedure *126*
- Post Procedure *126*
- Complications *127*
- Documentation *127*

15. Mechanical Ventilation in Adult Respiratory Distress Syndrome 133
Rashmi Datta
- Mechanical Ventilation (MV) *133*
- Adjunctive Treatments *143*
- Prone Positioning *146*

16. Postoperative Pain Management Guidelines 150
Anil Agarwal, Chetna Shamsherry
- Multimodal Analgesia *152*
- Guidelines for Perioperative Pain Control Strategies *153*

17. Regional Anesthesia in Patients with Coagulation Abnormalities 163
Shashi Kiran, Neha Gupta

18. Practice Guidelines for Ophthalmic Anesthesia 175
Amitabh Dutta
- Aims and Scope of Guidelines for Anesthesia in Ophthalmologic Surgery *175*
- Guidelines of Routine Anesthesia Care During Eye Surgery *176*
- Guidelines to Identify, Prevent, and Manage Problems Specific to Ophthalmology Surgery *181*

19. Perioperative Guidelines in Patients for Day Care Surgery **183**
Madhu Ahuja
- Definition ***183***
- Day Surgery Development ***183***
- Organization of Day Surgery Services ***183***
- Day Surgery Pathway ***184***
- Selection Criteria ***184***
- Patient Information ***186***
- Preoperative Assessment ***186***
- Staffing ***186***
- Admission Process ***186***
- Anesthesia ***187***
- Analgesia ***187***
- Postoperative Nausea and Vomiting ***187***
- Postoperative Recovery ***187***
- Postoperative Instructions ***188***
- Follow-up Audit ***189***
- Teaching and Training ***189***
- Introducing New Procedures to Day Surgery ***189***
- Day Surgery for Urgent Procedures ***189***

20. Guidelines for Fluid Resuscitation in Trauma Patients **193**
Deep Arora, Deepak Pahwa
- Background ***193***

21. Guidelines for Perioperative Hypertension Management **204**
Anjan Trikha, Manpreet Kaur
- Definitions and Management ***204***
- Treatment of Hypertension ***205***
- Controlled Hypertension for Elective Surgery ***206***
- Intraoperative HT ***207***
- Hypertensive Crisis (HTN-C) ***209***
- Undiagnosed Pheochromocytoma for Other Surgeries ***209***

22. Perioperative Dysrhythmias: Management Guidelines **212**
R Gopinath, Monu Yadav
- ECG Assessment to Identify an Unknown Dysrhythmia ***212***
- ECG Components ***213***
- Identification of Important Dysrhythmias ***213***
- Supraventricular Rhythms ***215***
- Conduction Defects ***217***

- Second Degree A-V Block: (Wenckebach or Mobitz Type I) ***218***
- Second Degree A-V Block (Mobitz Type II) ***218***
- Third Degree (Complete) A-V Block ***218***
- Ventricular Dysrhythmias ***219***

23. Guidelines for Management of Sepsis and Septic Shock 222
Mahesh K Arora, Dalim Kumar Baidya

- Initial Resuscitation ***222***
- Screening for Sepsis and Diagnosis ***222***
- Antimicrobial Therapy ***223***
- Source Control and Infection Prevention ***223***
- Fluid Therapy ***224***
- Vasoactive Medications ***224***
- Blood and Blood Products ***224***
- Anticoagulants and Blood Purification ***225***
- Mechanical Ventilation ***225***
- Sedation, Analgesia, and Neuromuscular Blockade in Sepsis ***225***
- Glucose Control ***225***
- Renal Replacement Therapy and Bicarbonate Therapy ***225***
- Stress Ulcer Prophylaxis ***226***
- Deep Vein Thrombosis Prophylaxis ***226***
- Nutrition ***226***

24. Emergency Airway Management in Trauma Patient 228
Zahid Hussain Khan, Pooya Kalani

25. Guidelines to Manage Patients with Obstructive Sleep Apnea 234
S K Malhotra, Keshavanand Sharma

26. Practice Guidelines for Perioperative Blood Transfusion 243
Puneet Khanna, Rashmi Bhatt

- The Problem in Question ***243***
- Patient Blood Management ***244***
- Impact of Preoperative Preparation ***244***
- The Critically Ill Patient: What is Different? ***245***
- Obstetric Patients: Do's and Dont's ***246***
- Pediatric Patients: Smaller Patients, Bigger Problem ***247***
- Blood Substitutes ***248***
