Contents

Section One: Andrology

1. Semen Examination and Interpretation of the Report 3
   Vasan SS
2. Sperm Preparation in Assisted Conception: Laboratory Techniques 42
   Natachandra Chimote, Meena Chimote, Amiya Mukherjee
3. Male Infertility—Current Trends in the Management of Azoospermia and Oligoasthenoteratospermia 57
   A Rajasekaran, R Jayaganesh
4. Cryopreservation of Spermatozoa 69
   MS Srinivas, Kamini A Rao
5. Sperm Retrieval Techniques for ART 75
   PK Vijay Kumar, MS Srinivas, Kamini A Rao
6. Histopathology and its Role in Infertility 85
   Nalini Krishnan
7. The Human Sperm: Its Contribution to Fertilization and Embryogenesis 103
   A Henry Sathananthan, WD Tatna Soorya, Sulochana Gunasheela, A Trunson
8. Cytogenetics of Male Infertility 120
   K Prabhakara, A Radharama Devi
9. Ejaculatory Failure 130
   Rupin Shah, Vineet Malhotra

Section Two: Embryology

10. Single Elected Embryo Transfer 139
    Judith Menezes, Peter Sjoblom
11. In Vitro Fertilization and Embryo Transfer 145
    MS Srinivas, Kamini A Rao
12. Intracytoplasmic Sperm Injection (ICSI) 159
    C Mohammed Ashraf, Varsha Samson Roy
13. Advantages and Disadvantages of Embryo Transfer on Day 2, Day 3 and Blastocyst Stage 174
    Vijay Mangoli, Ranjana Mangoli
14. Morphological Assessment of Oocyte and Embryo 182
    MS Srinivas, Kamini A Rao

15. Blatocyst Culture 189
Rajvi H Mehta
16. Embryo Transfer Technique 200
Hrishikesh D Pai, Nandita Palshetkar, Rishma Dhillon Pai
17. Cryopreservation of Oocytes and Embryos by Slow Freezing Method . 215
Varsha Samson Roy

Section Three: Advances in Assisted Reproductive Technologies

18. Oocyte in vitro Maturation in ART 229
MS Srinivas, Kamini A Rao
19. Assisted Hatching in ART 236
MS Srinivas, Kamini A Rao
20. Polar Body Biopsy and Clinical Applications 244
Ameet Patki, Shailaja Gada Saxena
21. Embryo Biopsy for Preimplantation Genetic Diagnosis 248
Ameet Patki, Shailaja Gada Saxena
22. Cryopreservation of Ovarian Tissue 256
Alex C Varghese, Damayanti Chakraborty, Ashok K Bhattacharya
23. Vitrification of Human Embryo: Advantages Over Slow Freezing Method 269
Suresh Kattera
24. Haploidization of Somatic Cells Following Nuclear Transfer into MII Mouse Oocyte 281
Orly Lacham-Kaplan
25. Human Embryonic Stem Cells and Its Applications 295
Satish Totey, Uday Kumar

Section Four: Ethical and Legal Issues

26. Accreditation of ART Laboratory 311
TC Anand Kumar
27. ISO and NABL Accreditation 315
Shreyas Padgaonkar
28. The Infertility Treatment Scene in India: Strengths, Problems and Solutions 322
Pushpa M Bhargava

Section Five: Laboratory Management

29. Setting-up an ART Laboratory 335
Madhuri Patil
30. Trouble Shooting in Assisted Reproductive Technique 356
Kamala Selvaraj, Priya Selvaraj
31. Quality Control in IVF Laboratory 367
MS Srinivas, Kamini A Rao
32. Quality Control for ART Clinic 376
BN Chakravarthy, Ratna Chattopadhyay
