Contents

Chapter 1.	The Male Gamete: A Unique Cell *BN Chakravarty, Arati Biswas, Shovandeb Kalapahar*	1
Chapter 2.	Evaluation of Male Infertility *Shanti Roy*	18
Chapter 3.	Sperm Function Tests *Keshav Malhotra, Neharika Malhotra Bora, Jaideep Malhotra, Narendra Malhotra*	24
Chapter 4.	Screening of Male Partner before ART Procedure and its Recent Advancement *Swaminathan D, Sanketh Dhumal S*	32
Chapter 5.	Role of Genetics in Clinical Evaluation of Male Infertility *Stacy Colaco, Deepak Modi*	44
Chapter 6.	Sperm Preparation Techniques and its Modification According to Different Sperm Seminopathy *Charudutt Joshi*	56
Chapter 7.	Advanced Sperm Selection Technique for ART *G Manjula*	64
Chapter 8.	Effects of Oxidative Stress on Different Sperm Functions: How to Evaluate and Manage *Sulagna Dutta, Ahmad Majzoub, Ashok Agarwal*	76
Chapter 9.	Sperm DNA Fragmentation and its Clinical Implication *Niladitya Sanyal, Subir Chatterjee, Gautam Khastgir*	89
Chapter 10.	DNA Fragmentation Index and Magnetic Activated Cell Sorting: A Practical Approach *Rishina Bansal, Ritu Hinduja, Navin Desai*	97
Chapter 11.	Antioxidant or Nutraceutical Therapy as Medical Management in Idiopathic Infertility *Charulata Chatterjee, Lakshmi Krishna Leela B*	107
Chapter 12.	Environmental Effect on Male Infertility: Preventive Therapeutic Approach *Sreyashi Mitra, Nabendu Murmu, SM Rahman, Parag Nandi*	117

Chapter 13.	Role of Micromanipulation in Recent Advancement of Assisted Reproductive Technology Procedures *Arundhati Athalye, Dattatray Naik, Nandkishor Naik, Prochi Madon, Madhavi Panpalia, Meenal Khandeparkar, Firuza Parikh*	128
Chapter 14.	Intracytoplasmic Morphologically Selected Sperm Injection *Sudesh A Kamat, Hrishikesh D Pai*	142
Chapter 15.	Male Sexual Dysfunction *Milind R Shah, Kunal A Doshi*	149
Chapter 16.	Semen Banking *Soumojit Paul, Zeba Ali Jahangir, Rohit Gutgutia*	158
Chapter 17.	Basic Requirement to set up an IVF Laboratory *Virendra Shah, Anjali Joshi*	171
Chapter 18.	Recent Advancement in the Maintenance of Laboratory Quality Control *Julia Szeptycki, Alex C Varghese*	188
Chapter 19.	Troubleshooting in the ART Laboratory from Oocyte Retrieval till Embryo Transfer *Sujatha Ramakrishnan, Amita Subramanian*	208
Chapter 20.	Attributes and Responsibilities of an Efficient Embryologist *Rajvi H Mehta*	220
Chapter 21.	Oocyte-Cumulus Insight *Ratna Chattopadhyay, Parag Nandi*	228
Chapter 22.	Time-lapse Videography versus in Time Quick Analysis by an Experienced Embryologist *Varsha Samson Roy, Chaitra K Vannappa*	238
Chapter 23.	Noninvasive Method of Embryo Selection *A Suresh Kumar, Ratna Agrawal, Madhuprita Agrawal, Sweta Agrawal*	255
Chapter 24.	Embryo Loading: An Important Step in Embryo Transfer Technique *Madhumita Roy Choudhury, Konkon Mitra*	266
Chapter 25.	Elective Single Embryo Transfer *Gautam Khastgir, Moumita Naha*	270
Chapter 26.	Assisted Hatching and its Clinical Application *Shubhangi Gangal*	277
Chapter 27.	Fertilization Failure: What an Embryologist Should Know? *Vijayakumar Narayanamurthy Chelur*	288

Chapter 28. Oocyte Cryopreservation 295
Hrishikesh D Pai, Nandita Palshetkar, Rishma Pai

Chapter 29. Embryo Cryopreservation 300
Hrishikesh D Pai

Chapter 30. Blastocyst Culture and Vitrification: A Step Ahead for Single Embryo Transfer 307
Vijay Mangoli, Ranjana Mangoli

Chapter 31. Criteria to Select Oocytes and Embryos for Cryopreservation 317
Charulata Chatterjee

Chapter 32. Freeze-All Embryo Versus Freezing on Condition 326
Rajeev Agarwal, Saroj Agarwal

Chapter 33. Ovarian Tissue Freezing 336
Pankaj Talwar, Pooja Awasthi

Chapter 34. Role of Preimplantation Genetic Diagnosis and Comparative Genomic Hybridization in Healthy Outcome of ART 359
Dhiraj Gada, Shailaja Gada Saxena, Ritu Gada

Chapter 35. Purpose of an Animal Laboratory in Research: Outcomes in the Avenue 367
Pratip Chakraborty, Sakuntala Banerji, Gunja Bose

Chapter 36. Third-Party Reproduction: From Embryologist's Point of View 376
Nivedita Shetty, Suparna Banerjee, Debhashree Ganguly, Srinivas MS

Chapter 37. Understanding of ART Laboratory Work from Clinicians Point of View 385
Sunita Sharma, Gita Ganguly Mukherjee

Chapter 38. OMICS: Metabolomics, Proteomics, Secretomics and Genomics—Its Application in the Viability Score of Oocyte and Embryo 394
Bindu Chimote, Natchandra Chimote

Index 405
