Contents

1. History Taking 1
Format for History Taking
Personal Data
Presenting Complaints
History of Presenting Complaints
History of Past Illness
Antenatal History
Natal History
Neonatal History
Developmental History
Dietetic History
Differences between Cow's Milk and Human Milk
Immunization History

2. General Physical Examinations 13
Growth
Sex Maturity Rating

3. Systemic Examination 24
Gastrointestinal Tract and Abdomen
Respiratory System
Cardiovascular System
Central Nervous System

4. Normal Development and Developmental Assessment 30
Prerequisites
Assessment Process
Medical and Developmental History
Developmental Screening Method
Test for Developmental Assessment

5. Pediatric Emergencies .....
Cardiopulmonary Resuscitation
Neonatal Resuscitation
Respiratory Distress in a Newborn
Birth Asphyxia
Apnea

Seizers
Necrotizing Enterocolitis
Management of Hyperbilirubinemia
Cardiovascular System
Interpretation of ECG
Bacterial Endocarditis
Congestive Cardiac Failure
Tachyarrhythmia with Poor Perfusion
Bradyarrhythmias
Asystole and Pulselessness
Management of Hepatocellular Failure
Anaphylaxis
Management of Portal Hypertension with upper GI Bleed
Management of Diarrhea and Dehydration in Children
Poisoning in Children
Management of Diabetic Ketoacidosis (DKA)
Interpreting Arterial Blood Gas (ABG)
Management of Acute Renal Failure
Management of Acute Encephalitis
Status Epilepticus (SE)
Acute Severe Asthma
Snake Envenomation
Near Drowning
Indication and Timing of Surgery in Pediatric Practice

6. Pediatric Drug Formulary 96
Emergency Drug References
Inhalational Drug references
Drug Infusion Dosages

7. Common Cases Discussed in Examinations ... 114
Nutritional Disorders
Cardiovascular Disease
Central Nervous System Diseases
Renal Diseases
Gastrointestinal Diseases
Respiratory System Disease
Hematology and Oncology
Endocrinology
Chromosomal Disorder
Infections

Diptheria
Pertussis
Poliomyelitis
AFP Surveillance
Keys for Successful Surveillance Programme
Rhumatologic Disorders
Kawasaki Disease
Henoch-Schönlein Purpura (HSP)
Neonatology

8. Sample Multiple Choice Questions 227

9. Common Drugs Asked in Vivas 267

10. Instruments and Procedures 277
Liver Biopsy
Bone Marrow Aspiration Needle
Bone Marrow Trephine Biopsy
Lumbar Puncture
Thoracocentesis
Instruments

11. Common Pediatric X-rays 283

12. Sample Question Papers 297

13. Objective Structured Clinical Examination (OSCE) 309

Index 313
