CONTENTS

Section 1: Gynecology (OSCE)

1. Objective Structured Clinical Examination (OSCE) in Gynecology 3

A. General Gynecology

Case 1: Polycystic ovarian syndrome (PCOS) 3
Case 2: Endometriosis—A 5
Case 3: Endometriosis—B 7
Case 4: Pelvic pain 8
Case 5: Hydatidiform mole 9
Case 6: Cervical fibroid 10
Case 7: Menopause and hormonereplacement therapy (HRT) 11

B. Adolescent Gynecology

Case 8: Primary amenorrhea 12

C. Menstrual Abnormalities

Case 9: Secondary amenorrhea 14
Case 10: Hematocolpos (cryptomenorrhea) 14

D. Infertility

Case 11: Infertility—A 16
Case 12: Infertility—B 17

E. Oncology

Case 13: Hysterectomy and oophorectomy 19
Case 14: Postmenopausal bleeding 19
Case 15: Carcinoma cervix—A 21
Case 16: Carcinoma cervix—B 24
Case 17: Carcinoma cervix—C 25
Case 18: Carcinoma endometrium 26
Case 19: Carcinoma of the ovary 27
Case 20: Inherited cancers and the management 29

2. Self-Assessment in Gynecology 31

Section 2: Gynecology Discussion

3. Recurrent Pregnancy Loss 57
4. Heavy Menstrual Bleeding 62
5. Congenital HIV Infection and AIDS 66
6. Urinary Incontinence 68
7. Fibroid Uterus: Management Issues 70
8. Polycystic Ovarian Syndrome 73
9. Hyperandrogenemia 78
10. Association of Subfertility with Endometriosis 80
11. Management of Pain in Endometriosis 83

12. Adenomyosis Uterus 87
13. High Intensity Focused Ultrasound in the Management of Leiomyomas and Adenomyosis 89
14. Menopause and the Management Issues 91
15. Abnormal Uterine Bleeding 94
16. Abnormal Uterine Bleeding: Investigations and Management Issues 96
17. Management of Adnexal Mass in Peri- and Post-menopausal Women 100
18. Use of Selective Progesterone Receptor Modulators in Gynecology 104

Section 3: Infertility and Assisted Reproductive Technology (ART)

19. Current Concept in Physiology of Ovulation 109
20. Infertility Evaluation and Management 113
21. Female Infertility 115
22. Male Infertility 123
23. Assisted Reproductive Technology (ART) 126
24. Reproductive Outcome in Women with Advanced Maternal Age 133
25. Anti-Mullerian Hormone in Reproductive Biology 135
26. Fertility Management Strategies for Low Responder 137
27. Surrogacy 140

Section 4: Contraception

28. Advances in Contraception including Contraceptive Measures Following Treatment of GTD 145
29. Long-acting Reversible Contraceptives 150
30. Male and Female Sterilization 152
31. Safe Abortion Service and WHO Guidelines 157

Section 5: Gynecological Oncology

32. Carcinoma of the Endometrium (Early Stage Disease) 167
33. Surgical Management of Endometrial Carcinoma 170
34. Role of Pelvic and Para-aortic Lymph Node Dissection in the Surgical Management of Endometrial Cancer 172
35. Ovarian Tumor with Low Malignant Potential 174
36. Gestational Trophoblastic Disease 177
37. Human Chorionic Gonadotropin and the Management of Gestational Trophoblastic Disease 181
38. Fertility Preservation in Women 183
39. Fertility Preserving Options for Women with Ovarian Cancer 185
40. Fertility Preserving Options for Women with Cervical Cancer 187
41. Fertility Preserving Options for Women with Endometrial Cancer 189
42. Chemotherapy in Gynecological Cancers 190
43. Radiotherapy in Gynecological Cancers 194
44. Sentinel Lymph Node Mapping in Gynecologic Cancers 197

Section 6: Operative Gynecology

45. Abdominal Incisions 201
46. Tubal Ectopic Pregnancy 204
47. Cervical Insufficiency (Incompetence) 206
48. Surgical Management of Heavy Menstrual Bleeding 209
49. Surgical Site Infection 214
50. Endoscopy in Gynecology (Laparoscopic Surgery) 218
51. Prevention of Urinary Tract Injuries in Gynecological Laparoscopic Surgery 220
52. Management of Urinary Tract Injuries Following Laparoscopic Surgery 222
53. Place of Prophylactic Salpingectomy or Salpingo-oophorectomy in Current Gynecologic Practice 225
54. Surgical Management of Polycystic Ovarian Disease 227
55. Bariatric Surgery in Gynecology and Obstetrics 229
56. Robotic Surgery in Gynecology 232
57. Interventional Radiology in Obstetrics and Gynecology 235

Section 7: Maternal Sepsis

58. Maternal Sepsis: Prevention, Recognition and Management 241
59. Guidelines for use of Antimicrobials/Antibiotics in Gynecology 245

Section 8: Practice of SBA and EMQs

60. Model Questions and Answers for Practice of SBA 249
61. Model Questions and Answers for Practice of EMQs 258

Section 9: History in Obstetrics and Gynecology

62. Histoy in Obstetrics and Gynecology 265
