Contents

1. Basic Considerations 1

Part I: Symptoms

2. Dysphagia 4
3. Constipation 13
4. Nausea and Vomiting 22
5. Headache 34
6. Earache, Ear Discharge and Deafness 44
7. Gastrointestinal Hemorrhage 57
8. Rectal Bleeding 70
9. Acute Upper Abdominal Pain 82
10. Acute Lower Abdominal Pain 95
11. Chronic Abdominal Pain 104
12. Colics 120
13. Hematuria 127
14. Acute Scrotal Pain 138
15. Backache 144

Part II: Signs

16. Lumps and Swellings 157
17. Ulcers 169
18. Sinuses and Fistulae 177

19. Intraoral Lesions 194
20. Midline Neck Swellings 212
21. Lateral Neck Swellings 220
22. Thyroid Swellings 232
23. Breast Lumps 246
24. Obstructive Jaundice 264
25. Intra-abdominal Lumps 272
26. Acute Intestinal Obstruction 290
27. Groin Swellings 299

Part III: Specific Conditions

28. Extra-abdominal Conditions 311
1. External Angular Dermoid 311
2. Post-auricular Dermoid 311
3. Sebaceous Cyst 312
4. Infected Sebaceous Cyst (Low Back) 312
5. Basal Cell Carcinoma 313
6. Pigmented Basal Cell Carcinoma 313
7. Malignant Melanoma 314
8. Seborrheic Wart 314
9. Implantation Dermoid 315
10. Simple Ganglion 315
11. Furuncle 315
12. Capillary Hemangioma 316
13. Cavernous Hemangioma 316
14. Cirsoid Hemangioma of Scalp 317
15. Wart 317
16. Keratoacanthoma 318
17. Fibroma of Skin 318
18. Multiple Neurofibromata 319
19. Nevus 319
20. Papilloma of Skin 319

21. Condyloma Acuminata at the Anus 320
22. Plexiform Neurofibromata 320
23. Granuloma Pyogenicum of Finger 321
24. Callosity of Hand 321
25. Cold Abscess Neck 322
26. Multiple Lipomata of Forearm 322
27. Large Lipoma of Neck 323
28. Malignant Ulcer 323
29. Ischemic Ulcers of Toes 324
30. Venous Ulcer of Leg 324
31. Tropical Ulcer of Leg 325
32. Trophic Ulcer Right Foot 326
33. Marjolin's Ulcer of Leg 326
34. Primary Chancre 327
35. Chancroid (Soft Sore) 327
36. Traumatic Ulcer of Foot 328
37. Tuberculous Ulcer 329
38. Filarial Scrotum 329
39. Hydrocele 330
40. Inguinoscrotal Hernia 330
41. Sister Mary Joseph Nodule 331
42. Umbilical Hernia 331
43. Hemangioma of Tongue 332
44. Benign Parotid Tumor 332
45. Malignant Parotid Tumor 333
46. Submandibular Salivary Gland 333
47. Submandibular Salivary Malignancy with Hypoglossal Nerve Palsy 334
48. Ranula 334
49. Carotid Body Tumor 335
50. Enlarged Supraclavicular Node (Troisier's Sign) 335

29. Intra-abdominal Conditions 336
1. Acute Appendicitis 336
2. Acute Calculous Cholecystitis 338
3. Acute Pancreatitis 340
4. Acute Diverticulitis 342

5. Acute Ulcerative Colitis 343
6. Acute Liver Abscess 344
7. Subphrenic Abscess 346
8. Acute Mesenteric Adenitis 347
9. Acute Salpingitis 348
10. Acute Intussusception 349
11. Ruptured Ectopic Gestation 351
12. Torsion of Ovarian Cyst 352
13. Chronic Duodenal Ulcer 353
14. Chronic Gastric Ulcer 355
15. Gastric Malignancy 357
16. Chronic Cholecystitis 359
17. Chronic Pancreatitis 361
18. Pancreatic Malignancy 364
19. Abdominal Tuberculosis 367
20. Crohn's Disease 370
21. Ulcerative Colitis 372
22. Colonic Malignancy 374
23. Hepatocellular Carcinoma 376
24. Metastatic Liver Disease 379
25. Mucocele of Gallbladder 381
26. Gallbladder Malignancy 383
27. Pancreatic Pseudocyst 385
28. Aortic Aneurysm 386
29. Retroperitoneal Lymphadenopathy 387
30. Rectus Sheath Hematoma 388
31. Desmoid Tumor 389
32. Mesenteric Cyst 390
33. Appendicular Lump/Abscess 391
34. Ileopsoas Abscess 393
35. Pelvic Abscess 395
