VOLUME 1

1. Nursing and Health Worker 1

1. Definitions 1
2. Concept of Community 2
3. Concept of Health 4
4. Conceptions of Health Models 5
5. Concept of Disease 5
6. Concept of Nursing 7
7. Definitions of Health, Community and Nursing 7
8. Nature of Community Health Nursing 9
9. Philosophy of Community Health Nursing 9
10. Objectives of Community Health Nursing 10
11. Determinants of Community Health 11
12. Principles of Community Health Nursing 13
13. Goals of Community Health Nursing 14
14. Scope of Community Health Nursing 14
15. Health Team 15

2. The Auxiliary Nurse Midwife 27

1. The Development of Auxiliary Nurse Midwife Training 27
2. The Role of the Auxiliary Nurse Midwife 28
3. Organization of the Course 29
4. The Hospital and the Community 33
5. Nursing Ethics 34
6. Nurse-Patient Relationship 36
7. Qualities of a Good Nurse 37
8. Professional Conducts 37
9. The ANM in the Community 38
10. Nurse Midwives 41
11. Routine Duties 45
12. Child Welfare Clinics 46
13. Role of the ANM 46

14. Home Visiting 48
15. Nursing in the Home 51

3. Organization of Health and Nursing Services 55
1. Introduction to Organization 55
2. Organizations of Health Services 56
3. Primary Health Center (PHC) 60
4. Voluntary Health Agencies 62
5. Records and Reports 70

4. Learning about and Working with the Community 78
1. Community 78
2. Groups 80
3. The Family 84
4. Social Process 88
5. Cooperation 89
6. Competition 90
7. Conflict 93
8. Accommodation 94
9. Assimilation 96
10. Isolation 97
11. Social Problems 98
12. Rural Community 111
13. Urban Community 116
14. Social Control 118
15. The Individual and Process of Socialization 120
16. Customs, Traditions and Habits 123
17. Health Statistics 124
18. Vital Statistics 126
19. Social Economic Changes in Community 127
20. Social Mobility 129
21. Caste and Class System 132
22. Surveys 137
23. Religion 138

5. Communicating with the Community 139
1. Communication 139
2. The Communication Media 147
3. Health Education 150
4. Audio-Visual Aids 154
5. Administration of Health Education at All Levels 158
6. Teaching Learning Process 162

6. Health Hazards and Common Health Problems in the Community 165
1. Microbiology 165
2. Sources of Infection 171
3. Methods of Transmission of Infection 173
4. Collection, Handling and Transportation of Specimens 174
5. Housing and Health 179
6. Health Problems 180
7. Environmental Sanitation Problems 182

7. Environmental Sanitation 184
1. Environmental sanitation 184
2. Water 185
3. Air 188
4. Ventilation 189
5. Lighting 190
6. Noise 191
7. Radiation 191
8. Meteorology 193
9. Housing 193
10. Soil 194
11. Excreta Disposal 196
12. Septic Tank 197
13. Vector Control 200

8. Health Planning and Programs 202
1. Health Planning 202
2. Epidemiology 204
3. Environmental Health 207
4. Occupational Health 211
5. Health Planning 213
6. National Health Programs 214
7. Five Year Plan and Health 230
8. Community Development and Health 238
9. International Health Organization 239
10. Voluntary Health Agencies in India 246

9. Communicable Diseases and Infections: Preventable Health Problems 257
1. Definitions 257
2. Levels of Disease Prevention 258
3. Antiseptics and Disinfectants 264

4. Types of Immunity 265
5. Immunization 268
6. Communicable Diseases 271
7. Disaster 322

10. Working with Families 326
1. Definitions 326
2. Family Health Care 327
3. The Home Visit 328
4. The Bag Techniques 331
5. Home Health Nursing Procedures 333
6. Records and Reports pertaining to Family Health Care 338

11. Nutrition of the Family 339
1. Definitions 339
2. Introduction to Nutrition 340
3. Classification of Food 345
4. Review of Nutrients—Macro and Micronutrients 348
5. Food Sanitation 359
6. Food Adulteration 361
7. Assessment and Management of Malnutrition, Pem, Vitamin and Mineral Deficiencies and Obesity 363
8. Approaches to Nutritional Education, Nutritional Supplements and Nutritional Rehabilitation 370
9. Special Nutritional Programs of Government and Nongovernment Agencies 373
10. Community Nutritional Programs 375
11. Applied Nutritional Programs 377
12. Water 379
13. Cooking 380
14. Food Preservation 386
15. Food-Borne Diseases 388
16. Food Laws and Standards 390
17. Balanced Diet 392
18. Assessment of Nutritional Status 397
19. National and International Agencies 400
20. Nutrition in Pregnancy 402
21. Nutritional Requirements during Lactation 404
22. Breastfeeding 404
23. Weaning 405
24. Supplementary Foods for Infants and Toddlers 406
25. Nutrition for Old Age 406

12. Child Health 410
1. Definitions 410
2. Growth and Development 410
3. Meaning 411
4. Biological Principles of Growth and Development 412
5. Factors influencing Growth and Development 414
6. Characteristics of Growth and Development 416
7. Prenatal Development 418
8. The Newborn 420
9. The Infancy 426
10. The Toddler 434
11. The Preschoolers 440
12. The School Child 445
13. The Adolescent 450
14. Nutritional Problems of the Child 457

13. Health of the Mother 462
1. Definitions 462
2. Evolution of Maternal and Child Health Services 463
3. Maternal and Child Health/Reproductive and Child Health Services 463
4. Menstrual Hygiene 465
5. Changes in Pregnancy 467
6. Pregnancy 469
7. Antenatal Care 472
8. Minor Disorders of Pregnancy 476
9. Labor 477
10. The Mechanism of Normal Labor 480
11. Malpositions and Presentations 484
12. Normal Puerperium 493
13. The Newborn Baby 499
14. Features of a Normal Newborn 500
15. Infant Feeding 503
16. The Baby-Friendly Hospital Initiative 505
17. Teaching in the Home Setting 506
18. Teaching Dais at Home 511
19. Supervision of Health Care Workers 514

14. Family Planning and Welfare 517
1. Definitions 517
2. Family Planning 518
3. National Population Policy (NPP) 2000 519

4. Small Family Norms 521
5. Contraceptive Methods 523
6. Abortion 528
7. The Medical Termination of Pregnancy Act (MTP—1971) 529
8. Family Welfare Program 530
9. Family Planning Health Care Delivery System 531
10. Role of a Nurse in Family Welfare Program 533
11. Community Health Education on Family Welfare 534

VOLUME 2

15. Maintaining a Healthy Body 537
1. Body as a Whole 537
2. Integumentary System 547
3. First Aid 550
4. Dressing 555
5. Bandages 557
6. First Aid Kit 567
7. Wounds 569
8. Burns and Scalds 577
9. Bites and Stings 581

16. The Erect and Moving Body 585
1. Skeletal System 585
2. The Skull 588
3. The Vertebral Column 589
4. The Thorax 591
5. Bones of the Upper Limbs 591
6. Bones of the Lower Limbs 592
7. Joints and Muscles 594
8. The Muscular System 596
9. Health of Joints and Muscles 599
10. Exercise 600
11. Posture 601
12. Body Mechanics 602
13. Fracture 604
14. Injuries to the Joints and Muscles 610
15. Transport Casualties 612

16. Lifting Casualties 616
17. Lifting a Casualty in a Wheelchair 619

17. Integration and Control of the Body 622
1. Nervous System 622
2. Related Activities 626
3. Special Senses 627
4. Related Activities—First Aid for Foreign Bodies 633
5. Rest and Sleep 635
6. Recreation 636
7. Unconsciousness (Insensibility) 636
8. Fainting 644
9. Shock 645
10. Electric Shock 647
11. First Aid for Foreign Bodies in the Eye, Ear, Nose and Throat 648

18. Maintaining the Metabolism of the Body Circulation 652
1. Circulatory System 652
2. The Heart 654
3. The Lymphatic System 658
4. Hemorrhage (Hemorrhage or Bleeding) 660
5. Artificial Respiration 673
6. External Chest Compression 675
7. Asphyxia 676
8. Hanging, Strangling and Throttling 677
9. Poisoning 678
10. Digestive System 683
11. The Liver 688
12. The Gallbladder 688
13. First Aid in Poisons 690
14. Respiration 692
15. Artificial Respiration 696
16. Excretion—How the Body Gets Rid of Waste 699
17. Related Activity 701
18. The Skin 702
19. Related Activities 704
20. Endocrine System 708

19. Human Reproduction 710
1. Reproduction 710

20. Understanding Ourselves and Relating to Others 722
1. Introduction to Psychology, Mental Hygiene and Health ... 722
2. The Psychology of Learning 727
3. Observation, Thinking, Reasoning and Decision Making .. 728
4. Problem-solving, Goals and Examinations 731
5. Personality 732
6. Emotion 735
7. Frustration 740
8. Conflict 741
9. Defense Mechanism and Behavior 743
10. Adjustment 745
11. Stress, Illness and Behavior 746
12. Mental Hygiene and Health in Various Stages 751
13. Leadership 766
14. Group Dynamics 768
15. Helping Relationship 769

21. Mental Illness 772
1. Introduction 772
2. Observation of Persons with Deviated Behavior Pattern ... 781
3. Mental Illness 787
4. Psychiatric Emergencies 797
5. Treatment of Mentally Ill 799
6. Preventive Measures of Mental Illness 802

22. General Care of the Sick 804
1. Needs of Patients and Principles of Care 804
2. Personal Care of the Patient 823
3. Hair Combing 839
4. Hair Wash/Bed Shampoo 840
5. Pediculosis Treatment 842
6. Care of the Perineum 844
7. Bed Making 846
8. Comfort Measures 852
9. Comfortable Positions 857
10. Rest and Sleep Needs 860
11. Nutritional Needs 861
12. Types of Diets 864
13. Diet in Special Condition 866

14. Preparation of Special Diets 871
15. Oral Feeding of a Helpless Patient 872
16. Tube Feeding (Nasal Feeding) 872
17. Urinary Elimination 873
18. Uses of Urinals 875
19. Catheterization of the Urinary Bladder 876
20. Bowel Elimination 880
21. Common Problems in Bowel Elimination 881
22. Use of Bedpan 882
23. Insertion of a Flatus Tube 883
24. Enema 885
25. Bowel Wash 890
26. Rehabilitation 893
27. Spiritual Care 896

23. Medical and Surgical Asepsis 898
1. Medical Asepsis 898
2. Sterilization 910
3. Surgical Dressing 916
4. Perineal Stitch Care 919
5. Preoperative Care 920
6. Postoperative Care 925

24. Observations, Examinations and Diagnostic Tests 928
1. Vital Signs 928
2. Temperature 930
3. Thermometer 931
4. Physical Examination 948
5. Speciman Collection 955
6. Urine Collection 957
7. 24 Hours Urine Collection 959
8. Urine Culture 960
9. Stool–Routine and Culture 962
10. Sputum Culture 964
11. Blood Smear 966
12. Blood Culture 967
13. Throat Swab 969
14. Vaginal Swab/Smear 971
15. Urine Testing 972
16. Lumbar Puncture 976

17. Special Tests 981
18. Radiological Examination 985

25. Medicines and Treatments 990
1. Definitions 990
2. Oral Medication 996
3. Injections 998
4. Intramuscular Injection 1001
5. Subcutaneous Injection 1004
6. Intradermal Injections 1006
7. Intravenous Injection 1008
8. Intravenous Infusions 1011
9. Instilling Eyedrops 1015
10. Instillation of Ear Drops 1017
11. Instilling Nasal Drops 1018
12. Oxygen Therapy 1019
13. Home Oxygen Therapy 1025
14. Hot Application 1026
15. Hot Water Bag 1028
16. Infrared Therapy 1030
17. Hot Fomentation 1032
18. Steam Inhalation 1034
19. Soak or Local Bath 1037
20. Sitz Bath 1038
21. Counterirritants 1040
22. Cold Application 1042
23. Cold Compress 1044
24. Ice Cap/Ice Collar 1045
25. Tepid Sponge/Cold Sponge 1047
26. Cold Pack 1049
27. Nasogastric Tube Aspiration and Feeding 1051
28. Nasogastric Tube Feeding 1055

26. Primary Medical and Nursing Care 1059
1. Definitions 1059
2. Care of Patient with Fever 1060
3. Care of Patient with Sore Throat 1061
4. Care of Patient with Sore Eye 1062
5. Care of Patient with Convulsions 1063
6. Care of Patient with Diarrhea 1063
7. Care of Patients with Constipation 1065

8. Care of Patients with Animal Bite-Dog Bite 1065
9. Care of Patient with Snake Bite 1066
10. Care of Patient with Fracture 1066
11. Care of Patient with Anemia 1067
12. Care of Patient with Epistaxis (Nose Bleeding) 1068
13. Care of Patient with Heat Stroke 1069
14. Care of Patient with Edema 1069
15. Care of Patient with Scabies 1070
16. Care of Patients with Wounds 1071
17. Care of Patient with Toothache 1072
18. Care of Patient with Shock 1072
19. Care of Patient with Unconscious 1073
20. Home Visiting 1073
21. Bag Technique 1075
22. Handwashing 1077
23. Temperature Technique 1078
24. Under Five Assessments 1079
25. Immunization 1080
26. Injection Technique 1082
27. Wound Dressing 1084
28. Antenatal Care 1086
29. Postnatal Care (PNC) 1087
30. Baby Bath 1089
31. Cord Care 1091
32. Oral Rehydration Therapy 1092
33. Preparing Blood Smear 1093
34. Urine Testing 1094
35. Teaching in the Home Setting 1096
36. Teaching Dais at Home 1101
37. Preparation of Sputum Smear 1106
38. Eye Irrigation 1107
39. Treatment of Scabies 1108
