Contents

1. Mental Health: Mental Illness Concepts 1
Mental Illness 5
Concept of Normality and Abnormality 7
Psychiatry 7

2. Role of Psychiatric Nurse 12
Expanded and Extended Role 12
Subspecialties of Forensic Nursing 18

3. Historical Development of Psychiatry and Psychiatric Nursing 21
History of Psychiatry in India 21
Systems of Psychological Medicine in India 22
National Mental Health Program 25
Community Psychiatry 26
Mental Health Act 27
Psychiatric Associations in India 30
Development of Psychiatric Nursing in India 31

4. Classification in Psychiatry 33
Purposes 33
History of Official Classification 34

5. Conceptual Models 37
Theoretical Approach to Mental Illness 37
Psychoanalytical Model/Psychodynamic Model 38
Topographic Theory of Mind 39
Structure Theory of Mind 41
Psychosexual Stages 44
Psychoanalytical Process 47
Role of the Patient and the Psychoanalyst 49
Eric Erikson's Psychosocial Theory 49
Interpersonal Model 52

Social Model 57
Existential Model 59
Communication Model 62
Behavioral Model 66
Medical Model 68
Nursing Model 71
System Oriented Theory (Martha Roger) 76
Adaptation Model/Roy's Theory 77

6. Therapeutic Communication and Therapeutic Relationship 83
Types of Relationship 83
Personal Qualities of the Nurse 83
Therapeutic Communication 88
Components of Therapeutic Communication 93
Elements of Communication 95
Factors or Variables that Influence Communication 97
Thesories of Communication 98
Characteristics of Therapeutic Communication 101
Responsive Dimensions 101
Action Dimensions 104
Therapeutic Communication Techniques 108
Nontherapeutic Communication Techniques 113
Barriers to Therapeutic Communication 113
Steps in Therapeutic Communication 114
Therapeutic Communication Skills Required for the Psychiatric Nurse 114
Therapeutic Nurse-patient Relationship 115

7. Therapeutic Impasses 121
Resistance 121
Transference 122
Countertransference 123
Boundary Violations 125

8. Physical Methods of Therapy 127
Electroconvulsive Therapy (ECT) 127
Psychosurgery 131
Psychopharmacology 134
Nurse's Responsibility in Psychopharmacology 152

9. The Therapeutic Community— Milieu Therapy 154
Definition 154
Objectives 154
Elements of Therapeutic Community 155
Components of Therapeutic Community 155
Length of Treatment in a Therapeutic Community 156
Current Status of the Therapeutic Community 157
Nursing Implications 158
Promoting Factors of Therapeutic Community 158
Various Activities for Therapeutic Milieu 158
Team Members of Therapeutic Community 159
Staffing 159
The Daily Regimen 159
Advantages of Therapeutic Community 160
Disadvantages of Therapeutic Community 160
The Role of Nurse 160

10. Psychological Therapy 162
Psychotherapy 162
Behavior Therapy 164

11. Family Therapy 167
History 167
The Aims of Family Therapy 167
Models of Intervention 168

12. Occupational Therapy 178
Definition 178
Major Goals of Occupational Therapy 178
Services of Occupational Therapy 178
Benefits of Occupational Therapy 179
Advantages 179

13. Schizophrenia 181
Epidemiology 181
Predisposing Factors 182
Phases of Schizophrenia 186
Management of Schizophrenia 188

14. Organic Mental Disorders 196
Definition 196
Categories of OBD/OBS 196
Delirium 196

Dementia 204
Signs and Symptoms 207
Self-care at Home 239
Organic Amnestic Syndrome 242

15. Mood Disorders 244
Definition 244
Epidemiology 244
Classification 244
Manic Episode 245
Depressive Episode (Unipolar) 246
Bipolar Mood (Affective) Disorder 254

16. Neurosis 256
Anxiety 256
Phobic Disorders 259
Obsessive-compulsive Disorder 263
Dissociative and Conversion Disorders 266
Somatoform Disorders 268
Reacting to Stress and Adjustment Disorders 271
PTSD 272

17. Child Psychiatry 274
Definition 274
Causes of Child Psychiatric Disorders 274
Psychiatric Disorders in Children 276
Disorder of Psychological Development 278
Behavioral and Emotional Disorders with Onset Usually Occurring in Childhood and Adolescence 285
Other Psychiatric Disorders with Onset in Childhood and Adolescence 295

18. Personality Disorders 297
Personality 297
Clusters: DSM IV–TR 301

19. Psychophysiological Disorders 309
History 309
Causes 310
Signs and Symptoms 311
Diagnosis 312
Treatments 314

20. Psychosexual Disorders 316
Gender Identity Disorders 316
Psychological and Behavioral Disorders Associated with Sexual Development and Maturation 317
Paraphilias (Disorders of Sexual Preference) 319
Sexual Dysfunction 338
Disorders of Appetitive Phase (Sexual Desire Disorders) 342
Disorders of Excitement and Plateau Phase 343
Disorders of Orgasmic Phaser (Orgasmic or Dysfunction Disorders) 343
Sexual Pain Disorders 344
Sexual Disorders Due to a General Medical Condition 344

21. Alcoholism and Associated Disorders 349
Introduction 349
Phases of Alcoholism 349
Complications 353
Drug Dependence 359
Interventions 367

22. Psychiatry Emergency 371
Types 372
Suicide 373
Agitated and Violent Patients 374
Neuroleptic and Malignant Syndrome 383
Delivery of Psychiatric Emergency Services 385

23. Forensic Psychiatry 389
Criminal Responsibility 389
Civil Responsibility 390
Indian Lunacy Act, 1912 391
The Mental Health Act, 1987 392
Role of Nurse in Legal Psychiatry 397

24. Crisis and Grief 398
Characteristics of Crisis 398
Types of Crisis 399
Signs and Symptoms of Crisis 399
Stages of Crisis 399
Resolution of Crisis 400
Crisis Intervention 400

Aims of Crisis Intervention 401
Crisis Intervention: Models 401
Crisis Intervention Methods 402
Role of the Nurse in Crisis Intervention 404
Theories of the Grieving Process 405
Engel's Theory 406
Kubler-Ross Stages of Dying 406
Martocchio's Phases (1985) 407
Complicated Grief 407
Nursing Care and Grief 407
Grief Resolution 408

25. Suicide Prevention 409
Suicide 409
Suicide Prevention (SUPRE) 409
Epidemiology of Suicide 410
Gender and Suicide 410
Age and Suicide 410
Season and Suicide 411
Neurotransmitter Theory 412
Low Cholesterol 413
Physical Disorder 413
Psychological Factors 414
Psychodynamic Theory 414
Cognitive Theories 414
Sociocultural Factors 414
Durkheim's Theory 414
Marital Status 415
Employment 415
Psychiatric Disorders 415
Depressive Disorders 415
Alcohol Use Disorders 415
Other Substance use Disorders Drug Dependence 416
Personality Disorder 416
Panic Disorder 416
Comorbidity 416
Effective Interventions 417
Challenges and Obstacles 418

26. Community Psychiatry 421
Historical Development of Community Mental Health Nursing 421
Community Mental Health Nursing 422
National Mental Health Programme 422
National Mental Health Program: Burden of Disease 424
District Mental Health Program 428
Revised National Mental Health Programme (2003) 431
Approaches to Community Mental Health Care 432

27. Assessment of Psychiatric Patients 448
Mental Status Examination 450
Other Diagnostic Evaluations 456
Treatment Plan 457
Special Concerns 459
Mini-mental State Examination 461
Samples of the Folstein MMSE 465
Neurological Examination 466

28. Nursing Standards 492
Why are Standards Important? 492
What is a Profession? 492
Professionalization of Nursing 493
National Health Policy — India 504
Policies under NHP-2002 and the Problems Tackled 505

Appendices 513
Appendix 1: Short Answers 513
Appendix 2: Nanda Nursing Diagnosis 524

Index 529
