Contents

1. Principles of Management of Primary Amenorrhea 1

Sulochana Gunasheela

Primary Amenorrhea 1

Group I: Condition where SSC are Well-developed—Cryptomenorrhea 8

Group I: SSC Present—True Amenorrhea 9

Re-construction of Vagina 10

Group II: Investigation and Management of Patients with PA Associated with Absence of or Poorly Developed SSC 14

Group III: PA with Heterosexual Development of SSC 17

2. Dysfunctional Uterine Bleeding 20

Latha Venkatara

Incidence 21

Normal Menstruation 21

Mechanism of Menstruation 22

Role of Prostaglandins 22

Evaluation 23

Investigations 23

Ultrasonography 24

Endometrial Sampling 24

Dilatation and Curettage (D and C) 24

Hysteroscopy 24

Medical Treatment 25

Treatment of Acute Bleeding 25

Drugs Used in Cyclical Fashion 25

Progestogens 26

Drugs used throughout the Cycle 26

GnRH 26

Levonorgestrel—Releasing IUCD 26

Surgical Management 27

3. Hormonal Contraception in Female: Advantages and Disadvantages 29
Jaya Narendran
Oral Contraceptives 30
Population Reports 43
Postcoital Contraception 44
4. Intrauterine Contraceptive Devices 49
Latha Venkataram
The Inert IUCD 49
Copper Impregnated Device 49
Pregnancy with IUCD 51
Ectopic Pregnancy (EP) with IUCD in Place 51
Infection 52
Mechanism of Infection 52
Long-term Effects of PID Associated with IUCD Use 52
Fertility after IUCD Removal 53
Time of Insertion of IUCD 53
Follow-up 53
Replacement 53
Hormones Releasing IUCD 53
Mechanism of Action 54
The Noncontraceptive Effects of LNG 20 55
5. Individualization of Hormone Replacement Therapy in Women with Medical Complications 57
Mohini N Prasad, Arati R Rao
Hormones Used 57
Why Replace these Hormones? 60
Seven-step Approach for Decisions regarding HRT 60
Absolute Contraindications to HRT 60
Thrombosis and/or Phlebitis 60
Diabetes Mellitus 61
Familial Hypertriglyceridemia 62
Gallstones 62
Hypertension 62
Myocardial Infarction 63
Malignancy 63

Breast Cancer 63
HRT in Women "At Risk" for Breast Cancer 65
Carcinoma Cervix 65
Malignant Melanoma 65
Ovarian Carcinoma 65
Endometrial Cancer 65
Systemic Lupus Erythematosus (SLE) 66
Leiomyoma Uteri 66
Endometriosis 66
Migraine 66
Epilepsy 66
Bronchial Asthma 66
Alzheimer's Disease 66
Premature Ovarian Failure (POF) 66
Estrogen Replacement in Eating Disorders 67
Looking to the Future 68
Phytoestrogens 68

6. Diagnostic Dilemma and Modern Management of Ectopic Pregnancy 72
Jaya Bhat
Who is at Risk? 72
Pitfalls in Ultrasound Scan 73
Expectant Treatment 74
Medical Treatment 74
Surgical Management—Laparoscopy vs Laparotomy 74
Linear Salpingostomy 75
Salpingectomy 75
Segmental Resection 75
Cornual Resection 75
Alternative Treatment 75
Outcome 77
Persistent Ectopic Pregnancy 77

7. Hydatidiform Mole with a Coexistent Live Fetus (hmclf): A Clinical Dilemma 80
Sulochana Gunasheela

8. Polycystic Ovarian Syndrome 89
Jaya Narendran, Lata Venkataram
Historical Aspects 89
Pathogenesis of PCOS 90
Role of obesity in PCOS 96
Anovulation and Menstrual Irregularities in PCOS 100
9. Prevention of Ovarian Hyperstimulation Syndrome 104
Sulochana Gunasheela
Risk Factors 105
Strategies for Prevention of OHSS 105
10. Myomas and Laparoscopic Myomectomy 108
Rakesh Sinha, Meenakshi Sundaram
Age and Parity 109
Etiology and Pathogenesis 109
Symptoms 109
Management of Myomas 111
Myomectomy 112
Operative technique 112
11. Use of GnRH Analogs in Treatment of Myoma 120
Sulochana Gunasheela
12. Use Of Uterine Arterial Embolization in the Treatment of Leiomyomas 126
Sulochana Gunasheela,Shama Rao
Classification 126
Uterine Artery Embolization (UAE) 127
13. Principles of Hysteroscopy 131
Sulochana Gunasheela
14. Medical Treatment of Endometriosis 136
Sulochana Gunasheela
Pathogenesis 136
Clinical Features 137
Medical Treatment of Endometriosis 137
15. Pregnancy in Patients with Prolactinomas 143
Jyothi Menon
Management 144

16. Current Concepts in Management of Pelvic Floor Defects 149
Prakash Trivedi
Applied Anatomy 150
Central Defects 151
Lateral Defects 151
Transverse Defects 151
Laparoscopic Enterocele Repair 153
17. Changing Trends in Management of Urinary Incontinence 156
Prakash Trivedi
Pathophysiology 156
Basic Evaluation 156
Management 157
18. Genital Tuberculosis and Infertility (Incidence, Diagnostic Dilemma, Use of IVF and Embryo Transfer) 163
Sulochana Gunasheela, Devika Gunasheela
19. Cervical Cancer Screening: Pap Smear 177
N Sundari
Screening 177
Pap smear 177
Whom to Screen? 177
High-risk Factors 178
How Often to Screen? 178
Methodology of Smear Taking 178
Adequate Smear 179
Smear Interpretation: Terminology and Classification 179
ASCUS 183
20. HPV Vaccine for Prevention of Cervical Cancer 185
Partha Basu
Epidemiology and Transmission of Genital HPV 185
Natural History of HPV Infection 187
Mechanism of Evasion of Hostimmune System by HPV 188
HPV in the Etiology of Cervical Cancer 189
Prophylactic HPV Vaccines and their Mechanism of Action 190
Immunogenicity of the Prophylactic Vaccines 191
Efficacy of the Prophylactic Vaccines 191

Phase III Efficacy Trial of Bivalent Vaccine (PATRICIA Trial) 192
Phase III Efficacy Trial of Quadrivalent Vaccine (FUTURE II Trial) 193
Safety of the Prophylactic Vaccines 194
Recommendations for Prophylactic Vaccine Use 195
Dosage Schedule and Administration 196
HPV Vaccine in the Context of Cervical Cancer Control Program 196
21. Is There a Nexus Between Infertility and Ovarian Malignancy? 199
Sulochana Gunasheela
22. Fertility Sparing Management of Gynecological Malignancies 206
Vidyamani Lingegowda, Manjunath L Ramarajapalli, Sulochana Gunasheela, Reeta Biliangady
Carcinoma Cervix 207
Deferred Management 211
Treatment Failure 212
Case Histories 213
Carcinoma Endometrium 214
Pathology 214
Estrogen and Progesterone Receptors 215
Receptors in the Endometrium 215
Endometrial Hyperplasia 216
Endometrial Cancer 216
Prognostic Factors 216
Guidelines for Management of Carcinoma Endometrium in Young Women Who Desire Preservation of Fertility 217
Treatment 217
Carcinoma Ovary 220
Neoplasms Derived from Coelomic Epithelium (Epithelial Ovarian Tumurs) 221
Invasive Ovarian Carcinoma 223
Germ Cell Tumors of Ovary 224
Sex Cord Stromal Tumors 224
Guidelines for the Management of Ovarian Tumors 225
Responsibility of the Treating Oncologist 226
23. Preventive Management of Infertility Caused By Treatment of Malignancy 233
Sulochana Gunasheela, Devika Gunasheela

Appendix: Operative Hysteroscopy 249
Sulochana Gunasheela

Index 253
