Contents

Volume 1

Section 1: Milestone of Urology

1. **History of Urology** 3
   MA Salam
   Prehistoric Urology in Different Parts of World 4; Middle Ages to the Eighteenth Century 6; Nineteenth Century 7; Great Mind and Philosophers in Urology 22

Section 2: Presentation of Urological Disease

2. **Presentation of Urological Disease** 33
   MA Salam, Mohammad Shafiqur Rahman
   Art of History Taking (Careful Listening to the Patient is an Art) 33; Smoking and Urological Disease 41; Drug Allergies 41; Physical Examination of Urological Patients 42

Section 3: Investigations of Urological Disease

3. **Laboratory Test for Urological Work-up** 47
   MA Salam, MA Wahab
   Urinalysis 47; Laboratory Tests 51; Hormonal Studies in Urine 55

4. **Application of X-ray in Urology** 57
   AKM Zamanul Islam Bhuiyan
   Radiology Techniques 57; Radiation Exposure Hazard 57; Contrast Media 58; Anaphylactic Reactions 59; Nephrotoxicity 59; Cardiovascular Toxicity 59; Radiological Investigations for Urological Patients 59

5. **Intravenous Urography and Contrast Study of Lower Urinary Tract** 64
   AKM Anwarul Islam, Zahirul Islam Miah
   Procedure 64; Basic Techniques and Principle of Intravenous Urography 64; Contraindications of Intravenous Urography 65; Indications of Intravenous Urography 65; Advantages of Intravenous Urography 65; Limitations of Intravenous Urography 65; The Future of the Intravenous Urography 65; Antegrade Urography and Retrograde Urography 66; Voiding Cystourethrogram or Micturating Cystourethrogram 66; Cavernosography and Cavernosometry 67

6. **Principles of the Ultrasound and its Applications in Urology** 68
   MA Salam
   Physics of Medical Ultrasound 68; Ultrasound Imaging Methods 68; Intraoperative Use of Ultrasound 72; Renal Ultrasound 72; Bladder Ultrasound 76; Ultrasound Imaging of Prostate Prelude 78; Determination of Prostate Volume with Ultrasound 78; Benign Prostatic Hypertrophy 78; Prostate Cancer 78; Prostatic Infection 79; Techniques of Ultrasound Study of Prostate 79; Perineal Approach 79; Biopsy of Prostate 80; Seminal Vesicle Cyst 80; Ultrasound Scan of Urethra 80; Scrotal Ultrasonography 81; Doppler Principles 82

7. **Computed Tomography** 85
   Jahangir Kabir
   History of CT Scan 85; Principle of Techniques of CT Scan 85; Principles of Three-dimensional Image Reconstruction 87; Recent Advances in CT 87; Common Problems in Interpreting CT Scan 87; Limitations of CT Scan 87; Criteria for CT 87; CT Renal Arteriography 89; Digital Subtraction Angiography 89; CT Urography 89

8. Magnetic Resonance Imaging **92**
Abdul Mannan Khan
Physics of MRI 92; Recent Advances of MRI 92; Basic Principles of MRI 93; Clinical Applications of MRI 94; Advantages of MRI 97; Contraindications of MRI 97; Magnetic Resonance Urography 97; Advantages and Disadvantages of MRI 98

9. Nuclear Medicine in Genitourinary Tract **101**
SA Khan, Shankar Kumar Biswas
Radioisotope Measurement of Glomerular Filtration Rate 101; Radionuclide Techniques Available for Studying the Function of the Renal Tract 102

10. Abdominal Positron Emission Tomography or Computed Tomography **108**
Ali Akbor
Radioisotopes 108; Cyclotron Centers 109; Indications of PET/CT 110; Transitional Cell Carcinoma 110; Renal Cell Carcinoma 110; Testicular Malignancies 110

Section 4: Emergency Urology

11. Acute Ureteric Colic **115**
MA Wahab, MA Salam
Presentation 115; Diagnosis 115; Differential Diagnoses of Flank Pain 118; Management 121

12. Acute Urinary Retention **126**
SAM Golam Kibria, AKM Anwarul Islam
Etiology 126; History 127; Physical Examination 127; Management 127; Complications of Relieving Obstruction 128

13. Renal Trauma **130**
Shivaji Basu
Principle of Treatment of Acute Upper Genitourinary Tract Injury 130; Upper Tract Trauma (Renal Injuries and Ureteral Injuries) 130

14. Ureteral Injury **137**
MA Salam, AKM Khurshidul Alam
Etiology of Ureteric Trauma 137; Clinical Diagnosis 137; Radiological Diagnosis 137; Classification of Ureteric Injury 138; Management of Ureteric Injury 138

15. Lower Genitourinary Tract Trauma **142**
MA Salam, Md Sayedul Islam
Causes of Lower Genitourinary Tract Trauma 142; Pathophysiology of Lower Genitourinary Tract Trauma 142; History 142; Physical Examination 143; Prehospital Care 144; Principle of Management of Lower Urinary Tract Trauma 144

16. Urinary Bladder Injury **145**
K Sasidharan
Diagnosis of Bladder Injury 145; Cause and Pathophysiology of Bladder Injury 145; Classification of Bladder Injury 146; Computed Tomography Scan 148; Cystography 148; Excretory Urography 148; Management of Bladder Rupture 148; Penetrating Bladder Injury 148; Postoperative Care 148; Follow-up 149

17. Urethral Injury **150**
Sanjay Kulkarni, MA Salam
Applied Anatomy and Pathophysiology 150; Etiology 151; Mechanism of Injury 151; Clinical Assessment 152; Classification of Urethral Injury 152; Presentation 152; Work-up 152; Anterior Urethral Injuries 153; Posterior Urethral Injuries 153; Female Urethral Injuries 154; Complications of Urethral Injury 154; Outcome and Prognosis 154

18. Penile Injuries **156**
MA Salam, SM Mahbub Alam
Common Injuries of Penis 156; Strangulation of Penis by Metallic or Nonmetallic Ring 160

19. Scrotal and Testicular Injury **162**
MA Salam, Mirza M Hasan
Mechanism of Injury 162; Etiology 162; Presentation 162; Physical Examination 162; Imaging of Scrotal Injury 163; General Management of Scrotal Injury 163; Complications of Scrotal Injury 164; Indications for Scrotal Exploration 164; Follow-up 164; Complications of Testicular Injury 164

Section 5: Genitourinary Infection

20. Urinary Tract Infections **169**
Jahangir Kabir
Pathogenesis of Urinary Tract Infection 169; Bacteriological Evidence of Infection 169; Pathophysiology 170; Prevalence of Urinary Tract Infection 171; Risk, Mortality and Morbidity 171; The Natural History of Urinary Tract Infection 171; Physical Examination 172; Differential Diagnoses 172; Work-up of Urinary Tract Infection 172; Treatment 174; Prevention of Urinary Tract Infection 177; Complications 177

21. Urinary Tract Infection in Children **179**
Isteaq Ahmed Shameem
Etiology 179; Pathogenesis and Risk Factors 179; Signs and Symptoms 179; Classification 179; Diagnosis 180; Schedule of Investigation 183; Treatment 183; Management 184

22. Urosepsis **187**
Rajeev Kumar
Definition 187; Pathophysiology of Sepsis 188; Clinical Manifestation of Urosepsis 188; Treatment 189; Focus on the Management of the Septic Patient 190; Focus on Outcome from Sepsis 191

23. Prostatitis or Chronic Pelvic Pain Syndrome **193**
AKM Khurshidul Alam
Diagnosis 193; Classification Systems 194; Treatment 195

24. Epididymitis and Orchitis **197**
Golam Mowla Chowdhury
Incidence and Prevalence 197; Pathogenesis and Pathology 197; Diagnosis 197; Treatment 198

25. Perioperative Antibacterial Prophylaxis in Urology **200**
AKM Khurshidul Alam, MA Salam
Aims and Objectives 200; Risk Factors 201; Principles of Antibiotic Prophylaxis 201; Regimens for Prophylaxis for Different Procedures 202

26. Recurrent Urinary Tract Infection **204**
Mohammad Shafiqur Rahman
Definitions 204; Risk Factors 204; Diagnosis 205; Antimicrobial Strategy for the Treatment of Urinary Tract Infection 205; Management of Specific Urological Infection 206; Recommendations on Recurrent Urinary Tract Infection 210; Conclusion and Future 210

27. Sexually Transmitted Diseases **212**
Pranashish Saha, Kazi Rafiqul Abedin
Factors Responsible for the Sexually Transmitted Diseases 212; Nongonococcal Urethritis 212; Gonorrhea 213; Syphilis 213; Chancroid 214; Lymphogranuloma Venereum 214; Granuloma Inguinale 214; Condyloma Acuminata or Venereal Warts 214; Genital Herpes Simplex 215; Acquired Immunodeficiency Syndrome 215; Prevention of Sexually Transmitted Diseases 215

28. Genitourinary Tuberculosis **217**
NP Gupta, Md Sayedul Islam
Incidence 217; Etiopathogenesis 217; Pathogenesis 218; Presentation 218; Diagnosis 218; Treatment 218; Follow-up of Genitourinary Tuberculosis 219; Management of Drug Resistant Tuberculosis 219

29. Interstitial Cystitis **221**
Shahidul Islam Sugom
New Concepts 221; Interstitial Cystitis Symptoms 221; Diagnosis 221; Potassium Test (Persons Test) 222; Management 222

Section 6: General Urology

30. Advances of Radiation Oncology and its Applications to Urology **227**
AFM Kamal Uddin, Afiquor Rahman
Kidney Tumors 227; Role of Radiotherapy in Renal Cell Carcinoma 227;
Carcinoma of Bladder 229; Carcinoma Prostate 231

31. CyberKnife in Urology **236**
Dev Narayan Dutta
Important Features 236; Imaging Techniques of CyberKnife 236;
Other Stereotactic Systems 238; Clinical Uses 238

32. Application of Gene Therapy in Urology **239**
AFM Kamal Uddin, MA Salam
Gene Therapeutic Strategies 239; The Future of Gene Therapy 241

33. Lasers in Urology **243**
Prem Nath Dogra, Prabhjot Singh
History 243; Basic Principle of Laser 243; Components of Laser System 244; Laser Tissue Interaction 245;
Types of Lasers 246; Laser Applications in Urology 249; Lasers in Laparoscopy 255

34. Image-guided Percutaneous Treatment of Genitourinary Cancer **259**
MA Salam, Md Faisal Islam
Indications 259; Patient Preparation/Anesthesia 260; Image Guidance 260;
Image-guided Tumor Ablation Modalities 261;
Complications of Percutaneous Ablation 263; Follow-up 264

35. Stem Cells Research and its Practical Applications **266**
Laila Anjuman Banu, Mohsin Uddin
Embryonic Stem Cell Lines 266; Adult Stem Cells 266; Amniotic Stem Cells 267;
Induced Pluripotent Stem Cells 267; Practical Applications of Stem Cell Research 269

36. Telemedicine in Urology **270**
Ishtiak Al Mamoon, MA Salam
History of Telemedicine 270; Types of Telemedicine 270

37. Tissue Engineering in Urology **273**
Mohsin Uddin, MA Salam
Principles of Tissue Engineering 273; Application of Stem Cells 274;
Urological Applications of Tissue Engineering 274;
Generation of Histocompatible Tissues Using Nuclear Transplantation 275

38. Ideal Operating Theater Complex **277**
MA Salam, Nitin S Kekre
Statutory Regulations for Operating Theater Complex 277; Different Zones of Operation Theater Complex 277;
Sub Areas 278; Types of Operating Theater Complex 279;
Principles to be Taken into Consideration While Planning an Operating Theater (Physical/Architecture) 279;
Usual Disadvantages of Existing OT in Old Hospitals 282; Operating Theater for the Urologist 283

39. High Frequency Electrosurgical Apparatus (Diathermy Equipment) **284**
Prem Raj Gyawali
Technical Concept 284; Tissue Effect 284; Unipolar Diathermy 285; Bipolar Diathermy 286;
Urological Applications 286; Mode of Action 287; Quality of High-frequency Current (Modulation) 288;
Factors Influencing the Therapeutic Effect 288; Safety Considerations 288

40. Ultrasonic Surgical Shears (Harmonic Scalpel) **292**
Jahangir Kabir, MA Salam
Mechanism of Tissue Coagulation 292;
Use of the Ultrasonic Surgical Shears or Harmonic Scalpel 292

41. Tissue Fusion System (LigaSure) and Evident Microwave Ablation System **294**
Pranjal R Modi
The Evident™ Microwave Ablation System 295

42. Principles of Intravesical Chemotherapy and Immunotherapy **297**
Hemant B Tongaonkar
Intravesical Chemotherapy 297; Intravesical Immunotherapy 297; Indications of Intravesical Chemotherapy 297; Contraindications 297; Prerequisite for Intravesical Therapy 297

Section 7: Pediatric Urology

43. Applied Anatomy of Genitourinary Tract **301**
Laila Anjuman Banu
Development of Kidney 301; Kidney 302; Ureter and Renal Pelvis 304

44. Developmental Anomalies of the Upper Urinary Tract **306**
Zahid Hossain Bhuiyan
Clinical Embryology of the Upper Urinary Tract 306; Renal Agenesis 306; Multicystic Dysplastic Kidney 306

45. Polycystic Kidney Disease **309**
Mozzam Hossain
Autosomal Recessive Polycystic Kidney Disease 309; Autosomal Dominant Polycystic Kidney Disease 309; Multilocular Renal Cyst 310; Solitary Renal Cyst 310

46. Wilms' Tumor **311**
Shafiqul Haque, Matiur Rahman
Etiology 311; Causes 311; Pathology 311; Work-up 312; Presentation 313; Staging of Wilms' Tumor 313; Management Principles 313; Treatment by Type and Stage of Wilms' Tumor 314; Prognostic Factors 316

47. Congenital Ureteral Obstruction (Congenital Pelviureteric Junction and Vesicoureteral Junction Obstruction) **317**
Jahangir Kabir, MA Salam
Ureteropelvic Junction Obstruction 317; Bilateral Ureteropelvic Junction Obstruction 321; Complications 322; Outcome and Prognosis 322; Future and Controversies 322; Follow-up 322

48. Abdominal Masses in Children **324**
Isteaq Ahmed Shameem
Imaging Techniques 324

49. Bladder Exstrophy Complex **326**
Paddy Dewan
Cloacal Exstrophy (10%) 326; Classical Bladder Exstrophy (60%) 326; Epispadias (30%) 326; Diagnosis of Bladder Exstrophy 328; Management of Bladder Exstrophy 328; Prognosis and Natural History 328

50. Diseases of Urachus **330**
Ishteaq Ahmed Shameem
Patent Urachus 330; Urachal Cyst 330

51. Prune Belly Syndrome **332**
Matiur Rahman
Major Characteristics 332; Associated Anomalies 332; Management 332; Work-up 333; Treatment 333

52. Vesicoureteric Reflux **334**
Paddy Dewan
Incidence 334; Pathophysiology 334; Causes 335; Consequences 335; Incidence 335; Grading System 335; Diagnosis 336; Work-up 336; Management 337; Surgical Techniques 340; Follow-up 340

53. Neuropathic Bladder in Children **342**
Paddy Dewan
Definition 342; Classification 342; Urodynamic Studies 342; Management 343; Follow-up of Neurogenic Bladder Patients 344

54. Nocturnal Enuresis **346**
Pranashish Saha
Definition 346; Diagnosis 346; Treatment 346

55. Rhabdomyosarcoma **348**
Shahadat Hossain
Presentation of Rhabdomyosarcoma 348; Pathology 348; Pathologic Classification 348;
Clinical Groups of Rhabdomyosarcoma 349; Management 349

56. Acute Scrotum in Children **350**
Shafiqul Haque
Diagnosis 350; Treatment of Testicular Torsion 352; Prognosis 352;
Perinatal Torsion 353; Epididymitis 353; Testicular Cancer 353

57. Empty Scrotum or Undescended Testis **355**
Paddy Dewan
Significance 355; Classification 355; Diagnosis 356; Investigations 356;
Treatment 357; Advantages of Early Orchidopexy 357; Prognosis 358

58. Hydrocele **359**
MA Salam, Md Saiful Islam
Diagnosis 359; Treatment 359

59. Varicocele in Children and Adolescents **361**
K Sasidharan
Diagnosis 361; Treatment of Varicocele 362

60. Posterior Urethral Valves or Membrane **364**
Paddy Dewan
Classification of Posterior Urethral Valves 364; Presentation of Posterior Urethral Valve or Membrane 364;
Work-up of Posterior Urethral Valves 365; Management of Posterior Urethral Valves 365;
Antenatal Treatment 365; Postnatal Treatment 366; Vesicostomy 366; Follow-up 366

61. Phimosis **368**
MA Salam, Shahidul Islam Sugom
Diagnosis 368; Treatment 368; Methods of Circumcision 369

62. Paraphimosis **373**
Ishteaq Ahmed Shameem
Presentation of Paraphimosis 373; Manual Reduction 373; Follow-up 374; Complications 374

63. Ambiguous Genitalia **375**
Shafiqul Haque
Mechanisms of Sexual Differentiation 375; Disorders of Sexual Differentiation 376;
Work-up of Ambiguous Genitalia 376; Gender Assignment 378;
Timing of Genital Reconstruction 378; Management 378

64. Micropenis **381**
Emdadul Haque
Diagnosis 381; Treatment 381

65. Repair of Hypospadias: Current Trend **382**
Paddy Dewan
History 382; Pathophysiology of Hypospadias 382; Classification System of Hypospadias 383;
Risk Factors for Hypospadias 383; Differential Diagnosis of Hypospadias 384;
Objectives of Repair of Hypospadias 384; Diagnosis 384; Treatment of Hypospadias 384;
Techniques for Posterior Hypospadias 387; Two-stage Hypospadias Repair 389;
Bladder/Buccal Mucosa Technique 390; Operative Technical Points 392; Complications of Hypospadias Repairs 393;
Hypospadias Patients with Multiple Failures 394; Long Term Follow-up 394

Section 8: Neurourology

66. Applied Anatomy of Bladder **399**
Laila Anjuman Banu
Gross Anatomy 399; Histology 399; Bladder Innervation 400; Sphincteric Mechanisms 400; Bladder Neck in Male 401; Bladder Neck in Female 401; The Physiology of Vesicourethral Segment 402; Uropharmacology 403

67. Flaccid Type of Neuropathic Bladder **406**
MA Salam, ATM Aman Ullah
Etiology of Flaccid Type of Neuropathic Bladder 406; Pathophysiology 406; Clinical Presentation 407; Laboratory Study 407; Management of Flaccid Neuropathic Bladder 407; Supplies Required for Self-catheterization Technique 408

68. Incontinence **411**
MA Salam
Pathophysiology of Incontinence 411; Mechanism of Incontinence 412; Classification of Incontinence 412; History 414; Causes of Neuropathic Bladder/Urethral Dysfunction 415; General Management 416

69. Myelomeningocele **418**
Jahangir Kabir
Causes 418; Symptoms 418; Classification 419; Work-up 419; Management 419; Prognosis 420; Possible Complications 420

70. An Overview of Neuropathic Bladder **421**
AKM Anwarul Islam
Functional Features of Bladder 421; Pathophysiology of Neuropathic Bladder 421; Classification of Neuropathic Bladder 422; Outline of Diagnosis of Neuropathic Bladder 422; Complications of Neuropathic Bladder 425; Principle of Treatment of Neuropathic Bladder 427; Prognosis 427

71. Overactive Bladder **428**
Farakh Khan
Definition 428; Pathophysiology 428; Management 429

72. Spastic Type of Neuropathic Bladder **434**
Jahangir Kabir
Pathophysiology 434; Clinical Presentation 435; Investigations 436; Management 437

73. Spinal Cord Injury **440**
MA Salam
Pathophysiology 440; History 440; Complete Spinal Cord Transection Syndromes 441; Physical Examination of Spinal Cord Injury Patients 442; Causes of Spinal Injury 442; Goals in the Management of Neuropathic Bladder in Spinal Injury 443; Urodynamic Classification of Spinal Injury 443; Prehospital Care and Transportation of Spinal Injury Patients 444; Emergency Department Care 444; The Therapeutic Goal for Neurogenic Shock 445; Complications 446; Prognosis 447; Lifelong Surveillance 447

74. Urodynamic Studies **449**
MA Salam
Components of Urodynamics 449; Simple Urodynamics 450; Complex Urodynamics 455; Practical Points of Urodynamic Study 457

Section 9: Female Urology

75. Stress Urinary Incontinence **471**
Ajit Vaje
Definition 471; History 471; Mechanism of Stress Incontinence in Female 471; Mechanism of Stress Incontinence in Male 472; Classification 472; Work-up of Stress Urinary Incontinence 472; Treatment Options 476; Postoperative Care 483; Risks and Complications 483; Selection of Therapy for an Individual Patient 483

76. Vesicovaginal Fistula **486**
Ajit Vaje
History of the Procedure 486; Incidence 486; Etiology 486; Pathophysiology 487; Risk Factors 487; Presentation 487; Work-up 487; Treatment 488; Complications 490

77. Ureteric Injury in Pelvic Surgery **493**
Khoorsheed Jahan Maula
History of the Procedure 493; Incidence 493; Etiology 493; Classification 494; Pathophysiology 494; Diagnosis 495; Management 497

78. Interstitial Cystitis **501**
Afiquor Rahman
New Concepts 501; Interstitial Cystitis Symptoms 501; Diagnosis 501; Management 502

79. Urethral Caruncles **504**
Ajit Vaje, MA Salam
Frequency 504; Pathophysiology 504; Presentation 504; Work-up 504; Treatment 504; Follow-up 505; Complications 505; Outcome and Prognosis 506; Future and Controversies 506

Section 10: Urinary Tract Obstruction

80. Urinary Tract Obstruction **509**
Jahangir Kabir, MA Salam
History 509; Etiology 509; Pathophysiology of Obstructive Nephropathy 509; Presentation 510; Work-up 511; Imaging Studies 512; Diagnostic Procedures 515; Treatment 515; Follow-up 517; Complications 517; Outcome and Prognosis 517

81. Retroperitoneal Fibrosis **519**
MA Wahab, KM Monwarul Karim
Pathophysiology 519; Mortality/Morbidity 520; Presentation 520; Physical Examination 520; Causes of Retroperitoneal Fibrosis 520; Differential Diagnosis 521; Work-up 521; Histologic Findings 523; Treatment 523

82. Ureterocele **528**
Pranashish Saha
Classification 528; Incidence of Ureterocele 528; Etiology 528; Presentation 528; Laboratory Studies 529; Imaging Studies 529; Principle of Treatment of the Ureterocele 531; Follow-up 532; Complications of Surgical Intervention 532; Outcome and Prognosis 532

83. Primary Obstructive Megaureter **533**
AKM Anwarul Islam
Prevalence 533; Pathophysiology 533; Presentation 533; Work-up 534; Histologic Findings 535; Treatment 535; Follow-up 536; Complications 536

84. Fetal Lower Urinary Tract Obstruction **537**
Paddy Dewan
Cause of Fetal Lower Urinary Tract Obstruction 537; Pathophysiology 537; Diagnosis and Prognostic Criteria 537; Management Options and Outcomes 538; Indications and Contraindications for Fetal Treatment 538; Follow-up 538

Volume 2

Section 11: Urolithiasis

85. Urinary Tract Stone Disease 543
Ravindra Bhalchandra Sabnis
The Incidence of Urinary Tract Stone Disease 543; Pathophysiology of Urolithiasis 543; Causes of Urolithiasis 543; Types of Stones 545; Mortality/Morbidity Related to Urolithiasis 546; Clinical Review 546; Physical Examination 547; Differential Diagnosis 547; Work-up 547; Treatment 549; Follow-up 551; Complications of Stone Disease 551; Medical Treatment for Stone Disease 552; Prognosis 552

86. Acute Renal Colic 554
Md Fakhrul Islam
Clinical Findings 554; Work-up 554; Management of Acute Renal or Ureteric Colic 557; Surgery for Recurrent Renal Colic 559

87. Extracorporeal Shockwave Lithotripsy 560
Isteaq Ahmed Shameem
Technical Aspects 560; Evolution of Shockwave Lithotripters 561; Indications of Extracorporeal Shockwave Lithotripsy 562; Work-up 563; Factors Affecting the Outcome of Extracorporeal Shockwave Lithotripsy 563; Preoperative and Intraoperative Stenting 564; Techniques of Extracorporeal Shockwave Lithotripsy and Patient Care 564; Follow-Up 564; Complications 564; Future and Controversies 565

88. Intracorporeal Lithotripsy 566
Agrawal Madhu Sudan
Different Energy Sources Used in Intracorporeal Lithotripsy 566; Postoperative Care 567; Complications 568; Outcome and Prognosis 568; Intracorporeal Lithotripsy and its Future 568

89. Percutaneous Endourological Procedures 570
Mahesh R Desai
History 570; Relevant Anatomy 570; Indications 570; Contraindications 575; Work-up 575; Treatment 576; Postoperative Care 577; Complications 577

Section 12: Benign Prostatic Disease

90. Benign Prostatic Hyperplasia 583
KT Foo
Pathophysiology 583; Presentation of Benign Prostatic Hyperplasia 584; International Prostate Symptom Score Index 584; Work-up 586; Imaging Studies 586; Histological Findings 587; Staging of Benign Prostatic Hyperplasia 588; Open Prostatectomy 590; Transurethral Resection of the Prostate 590; Transurethral Incision of Prostate 591; Transurethral Needle Ablation of the Prostate 593; Follow-up 595; Complications 595

Section 13: Lower Urinary Tract Symptoms in Men and Women

91. Lower Urinary Tract Symptoms 599
KT Foo, MA Salam
Epidemiology 599; Presentation 599; International Prostate Symptom Score Index 599; Assessment 599; Differential Diagnoses 601; Indications for Referral 601; Management of Lower Urinary Tract Symptoms 601; Risk Factors for Urinary Incontinence 602; Presentation 602; Differential Diagnoses 603; Investigations 603; Management 603; Complications 603; Prevention 603

Section 14: Diseases of the Adrenal Gland

92. Adrenal Mass **605**
Jagdeesh N Kulkarni
Anatomy of Adrenal Glands 607; Physiology of Adrenal Glands 607; Work-up of Adrenal Masses 608; Adrenal Cysts 608; Aldosteronoma (Conn's Syndrome) 609; Neuroblastoma 609; Myelolipoma 609; Pheochromocytomas 609; Medical Therapy 610; Postoperative Care 613; Follow-up 613; Complications 613; Prognosis of Adrenal Tumor 613

93. Cushing's Syndrome **615**
SAM Golam Kibria
Pathophysiology 615; Etiology 615; Pathology 616; Clinical Presentation 616; Laboratory Work-up 616; Complications 617; Treatment 617; Prognosis 618

94. Pheochromocytoma **619**
Hemant B Tongaonkar
Pathophysiology 619; Mortality/Morbidity 619; History 620; Physical Examination 620; Work-up 621; Additional Tests after the Diagnosis of Pheochromocytoma 622; Histologic Findings 622; Staging 622; Treatment 623; Follow-up 623

Section 15: Practical Urology

95. Catheters for Urinary Tract **627**
Fazal Naser, Md Waliul Islam Maruf
Urethral Catheters 627

96. Male Urethral Catheterization **633**
Moudud Hossain Alamgir, Shohrab Hossain
History of Catheterization 633; Indications 634; Contraindications 634; Materials for Urethral Catheterization 634; Applied Anatomy 634; Catheters and Basic Designs 634; Urethral Catheterization in the Male Patient 635; Catheter Maintenance 636; Problems during Urethral Catheterization 636; Contraindications 637; Technique 638; Complications 639; Long-term Indwelling Catheters 639

97. Female Urethral Catheterization **641**
AKM Khurshidul Alam
Indications for Catheterization in Female Patients 641; Contraindications for Catheterization in Female Patients 641; Equipment 641; Practical Anatomy 642; Procedure 642; Complications 642; Difficult Catheterizations 642

98. Common Practical Problem for the Residents **644**
Ahsan Kabir
Practical Urological Problem 644; Tips for Post-transurethral Resection Bleeding 644; Management of Intractable Hematuria 644; Practical Urological Problem: Treatments for Intractable Hematuria 645; Practical Urological Problem: Transurethral Resection Syndrome 645; Practical Urological Problem: Deep Vein Thrombosis and Pulmonary Embolus 645; Pulmonary Embolus 646; Practical Urological Problem: Elective Surgery on Anticoagulated Patients 646; Blocked Catheter 646; Practical Urological Problem: Failure of Catheter Balloon to Deflate 647

99. Image Reproduction for Teaching, Documentation and Research **648**
ABM Golam Rabbani
Videoendoscopic Surgery 648; Protocol for the Trainee and Students 648

100. Principles of Intravesical Chemotherapy and Immunotherapy **650**
Promode Ranjan Singh
Contraindications 650; Dose and Duration of Therapy 651

101. Urological Equipment **652**
Mir Ehteshamul Haque
Telescopic System 652; Urological Equipment for Lower Tract 653; Equipment for Upper Tract 657; General Equipment in Urology Operation Theater 658; Sterilization and Care of Endoscopic Instruments 660; Sterilization Methods for Urological Endoscopes 661

102. Irrigating Solutions for Urological Endoscopic Surgery **664**
Nurul Hooda, Md Abdul Awal
Characteristics of Ideal Irrigating Solution for Transurethral Resection 664

103. Clean Intermittent Self-catheterization **666**
Shailesh Raina, BK Dastur
History 666; Effects of Intermittent Catheterization 666; Prerequisites of Clean Intermittent Self-catheterization 666; Catheters and Catheter Care 667; Follow-up 668; Complications 668

Section 16: Operative Urology

104. Circumcision **673**
Mohsin Uddin
Ethical Issues 673; Indications 673; Routine Circumcision 673; Caution 674; Circumcision for Patients with Phimosis 674

105. Penile Zipper Injury **677**
Shahidul Islam Sugom
Prelude 677; Management 677; Complications 677

106. Suprapubic Urinary Bladder Catheterization **679**
SM Mahbub Alam, AKM Zamanul Islam Bhuiyan
Anesthesia 679; Equipment 679; Positioning 680; Technique 680; Complications 680; Open Suprapubic Cystostomy 681

107. Cystoscopy **684**
MA Salam, Shadrul Alam
Indications of Cystoscopy 684; Sterilization of Cystoscope 684; Chromocystoscopy 687; Complications 687; Narrow Band Imaging 688

108. Ureteroscopy **689**
SA Khan, Jahangir Kabir, M Hasan Akther
History of Ureteroscope 689; Indication of the Procedure 690; Work-up 690; Diagnostic Ureteroscopy 690; Therapeutic Ureteroscopy 691; Postoperative Care 692; Complications of Ureteroscopy 692

109. Acute Hemodialysis Vascular Access **695**
Muhammad Hossain
Prevention of Complications 697

110. Transrectal Ultrasound Guided Prostate Biopsy **698**
MA Salam
Techniques of Transrectal Ultrasound-guided Prostate Biopsy 698; Complications 701; Future Guidelines 702

111. Urethral Dilatation **703**
MA Salam, MA Wahab
Indications 703; Patient Preparation 703; Technique 703

112. Vasectomy: No Scalpel Method **705**
Ahsan Kabir
Indications 705; Anesthesia 705; Equipment 705; Positioning 706; Technique 706; Complications 707; Postvasectomy Success Rates 707

113. Transurethral Resection of the Prostate and Bladder Neck Incision **709**
Deen Sharma
History 709; Differential Diagnosis 709; Basic Applied Anatomy for Benign Prostatic Hyperplasia 711; Equipment, Irrigation, Diathermy, Surgeon's Chair 711; Technique of Transurethral Resection of the Prostate 711; Postoperative Care 715; Histology of Transurethral Resection Chips 716; Immediate Complications of Transurethral Resection of the Prostate 716; Late Complications of Transurethral Resection of the Prostate 718; Transurethral Resection in Carcinoma of the Prostate 720; Transurethral Resection of the Prostate in Chronic Bacterial Prostatitis 720; Transurethral Resection of the Prostate in Prostatic Abscess 720; Transurethral Resection of the Prostate in Hypertrophy of the Bladder Neck 720

114. Bladder Tumor: Endoscopic Assessment and Treatment **725**
Makarand V Khochikar
Bladder Tumor (Endoscopic Assessment) 725; Urethroscopy 726; Cystoscopy 726; Bimanual Examination 727; Biopsy Technique 727; Cytology 729; Resection of Bladder Tumor 730; Special Points of Technique 731

115. Ureterolithotomy **734**
Prem Nath Dogra
History of the Procedure 734; Etiology 734; Presentation 734; Indications 735; Relevant Anatomy 735; Contraindications 735; Laboratory Studies 735; Imaging Studies 735; Other Tests 735; Treatment 735; Open Ureterolithotomy 737; Follow-up 739; Complications of Ureterolithotomy 739

116. Radical Nephrectomy **741**
Ganesh Gopalakrishnan
Indications 741; History of the Procedure 742; Work-up 742; Technique of Radical Nephrectomy 743; Techniques of Open Radical Nephrectomy 744; Postoperative Complications 745; Outcome and Prognosis 746

117. Radical Orchiectomy **748**
Prem Nath Dogra
Etiology of Testicular Cancer 748; Pathology of Testicular Cancer 748; Differential Diagnoses 748; Presentation of Testicular Cancer 748; Indications for Radical Orchiectomy 748; Work-up 749; Surgery 749; Complications 750; Outcome and Prognosis 750

118. Varicocelectomy **752**
Mir Ehteshamul Haque
Cause 752; Pathophysiology 752; Diagnosis 753; Treatment 753

119. Radical Cystoprostatectomy **756**
MA Salam
Indications for Radical Cystectomy 756; Indications for Urethrectomy 756; Work-up 756; Biopsy for Bladder Cancer (Transurethral Resection of Bladder Tumor) 757; Radical Cystoprostatectomy 758; Radical Cystectomy in Women 761; Laparoscopic or Robot-assisted Laparoscopic Cystectomy 762; Postoperative Care 766; Complications 767; Outcome and Prognosis 767; Alternative Therapy 767

120. Radical Retropubic Prostatectomy **770**
Hemant B Tongaonkar
History of Radical Retropubic Prostatectomy 770; Work-up 770; Preoperative Care 771; Division of the Puboprostatic Ligaments and Control of the Dorsal Venous Complex 771; Complications 773; Outcome and Prognosis 774; Follow-up 774; Future and Controversies 774

121. Pyeloplasty **777**
Rajeev Kumar
Pathophysiology 777; Work-up 777; Preoperative Preparation 778; Postoperative Details 780; Outcome and Prognosis 781

122. Retroperitoneal Lymph Node Dissection **782**
Muhammad Choudhury
Open Technique of Retroperitoneal Lymph Node Dissection 782; Follow-up 783

123. Endoscopic or Intracorporeal Lithotripsy **785**
Mahesh R Desai
Various Energy Sources Used in Urinary Stone Management 785;
Indications and Technique of Management of the Urinary Stones 786; Postoperative Care 788;
Complications 788

124. Laparoscopic Cystoprostatectomy with Urinary Diversion **790**
Muhammad Choudhury
History 790; Preoperative Preparation 790;
Technique for Laparoscopic Cystoprostatectomy 790

125. Evolution of Laparoscopic Technique in Urology **794**
MA Salam
History of Laparoscopy 794; Preoperative Patient Management 795;
Instrumentation for Developing the Extraperitoneal Space 796; Laparoscopic Hand Instruments 797;
Port Removal and its Closure 798

126. Outline of Laparoscopic Urological Surgery **800**
Shailesh Puntambekar
History of Laparoscopy 800; Physiology 801; Preoperative Preparation 802;
Laparoscopic Video Instrumentation and Cart 806; Postoperative Care 807; Complications 807;
Future of Laparoscopy 807

127. Laparoscopic Adrenalectomy **809**
Muhammad Choudhury
Techniques of Laparoscopic Adrenalectomy 809; Hand-assisted Laparoscopic Surgery 811

128. Laparoscopic Radical Nephrectomy **813**
Ganesh Gopalakrishnan
Definition 813; History 813; Approaches for Laparoscopic Nephrectomy 813;
Retroperitoneoscopic Laparoscopic Nephrectomy 815; Complications 815; Outcomes 816

129. Laparoscopic Nephron Sparing Surgery **817**
Shailesh Puntambekar
Indications 817; Technique of Laparoscopic Partial Nephrectomy 817

130. Laparoscopic Nephroureterectomy **821**
SA Khan, MA Salam
History 821; Technique of Laparoscopic Nephroureterectomy 821; Management of the Distal Ureter 821

131. Laparoscopic Pyeloplasty **827**
NP Gupta
Diagnosis 827; Indications 827; Complications 829

132. Robotic Radical Prostatectomy **832**
NP Gupta
Techniques of Radical Prostatectomy 833; Robotic Radical Prostatectomy 834;
Robotic Transperitoneal Approach 834;
Lymph Node Dissection and Development of the Extraperitoneal Space 835;
Advantages and Disadvantages of Robotics Versus Laparoscopy 836

133. Laparoscopic Orchidopexy **838**
Jahangir Kabir, NI Bhuiyan

Section 17: Reconstructive Urology

134. Urethral Strictures and Management **843**
Sanjay Kulkarni
History 843; Definition 843; Applied Anatomy of Male Urethra and Distal Sphincter Mechanism 843; Female Urethra and Distal Sphincter Mechanism 845; Patch Urethroplasty of the Fossa Navicularis 849; Urethroplasty 851; Onlay Graft Orientation 855; Oral Complications after Buccal Mucosal Harvesting 856; Complications 858; Outcome and Prognosis 858; Postoperative Erectile Dysfunction 859; Future of Urethral Stricture Management 860

135. Reconstruction of Urinary Bladder (Cystoplasty) **861**
MA Salam
Types of Cystoplasty 861; Indications of Cystoplasty 861; Contracted Bladder 861; Overactive Bladder 861; Augmentation Cystoplasty 862; Substitution Cystoplasty 864; Postoperative Management 865; Complications of Cystoplasty 866; Quality of Life 867

136. Urinary Diversion **868**
MA Salam
Definition 868; History of the Procedure 869; Indications 869; Classification of Urinary Diversion 869; Work-up 870; Principles of Noncontinent Urinary Diversion 870; Principles of Continent Urinary Diversion 873; Selection of Types of Urinary Diversion 875; Preoperative Preparation and Care of Patients for Urinary Diversion/Orthotopic Bladder 877; Postoperative Care of Urinary Diversion/Orthotopic Bladder 878; Early Complications of Urinary Diversion/Orthotopic Bladder 879; Late Complications of Urinary Diversion/Orthotopic Bladder 879; Outcome and Prognosis of Urinary Diversion/Orthotopic Bladder 881; Future of Urinary Diversion/Orthotopic Bladder 881

137. Urinary Fistula **883**
K Sasidharan
Vesicovaginal Fistula 883; Cystoscopy and Vaginoscopy 884; Principle of Operative Management 885; Urethrovaginal Fistula 886; Ureterovaginal Fistula 887; Prostatic Fistula 888; Transrectal Repair 888; Vesicoenteric Fistulas 889; Renal and Upper Urinary Tract Fistulas 890; Fistula of Urinary Diversion 890

Section 18: Transplant

138. Renal Physiology **895**
Nurjahan Begum

139. Acute Kidney Injury **898**
Matiur Rahman
Definition 898; Epidemiology 898; Causes 899; Pathophysiology 901; Diagnosis 903; History 903; Management of Acute Kidney Injury 907; Renal Replacement Therapy 909

140. Chronic Kidney Disease **913**
Harun-ur-Rashid
Pathophysiology 913; Work-up 914; Management of Chronic Kidney Disease and End-stage Renal Disease 915; Management of the Coexisting Disease or Abnormalities in Chronic Kidney Disease 918; Mortality/Morbidity 918; Prevention 918; Complications 918; Prognosis 918

141. Immunosuppression in Renal Transplantation **920**
Muhammad Rafiqul Alam
History 920; Drugs Used for Immunosuppression 920; Biologic Agents 921; Primary Immunosuppressive Agents 922; Infection and Malignancy Issues 923

142. Retroperitoneoscopic Donor Nephrectomy **924**
Pranjal R Modi
Technique 924; Hand-assisted Retroperitoneoscopic Donor Nephrectomy 926; Complications 926

143. Renal Transplantation Surgery **928**
MA Salam
History of Kidney Transplant 928; Concept of Histocompatibility 928; Identification of Suitable Donor 930; Nephrectomy for Live Donor 931; Antegrade Pyelography 937; Surgical Complications 937; Skin Cancers 939; Outcome of Renal Transplantation 939

144. Transperitoneal Donor Laparoscopic Nephrectomy **941**
Mahesh R Desai
History of Lap Donor Nephrectomy 941; Complications 943

145. Medical Complications of Renal Transplants **944**
Harun-ur-Rashid
Post-transplantation Morbidity and Mortality 944; Important History in Transplantation Complications 945; Renal Transplantation Complications 945; Chronic Allograft Injury 946; Management Strategies for Common Presentations 947

Section 19: Uro-oncology

146. Renal Tumors **951**
Jagdeesh N Kulkarni
Benign Tumors 951; Other Rare Benign Renal Tumors 953

147. Renal Cell Carcinoma **956**
Muhammad Choudhury
Pathophysiology 956; Work-up of Renal Cell Carcinoma 957; Work-up 958; Classification 959; Types of Renal Tumors 959; Multikinase Inhibitors 967; Biologic Therapies 969; Summary of Treatment of Renal Cell Carcinoma 970

148. Urothelial Cancer **974**
MA Salam
Normal Urothelium 974; Risk Factors and Pathogenesis 974; Histopathology 975; Treatment Options for Urothelial Cancer 977; Prognosis of Urethelial Cancer 978

149. Upper Tract Transitional Cell Tumors **979**
MA Salam, Golam Mowla Chowdhury
Prelude 979; Epidemiology 979; Etiology 979; Pathophysiology 979; Diagnostic Procedures 983; Staging 984; Treatment 985; Complications 987; Follow-up 987

150. Bladder Cancer **989**
MA Salam
External Beam Radiation Therapy 990; Pathology 990; Transitional Cell Carcinoma 991; Work-up of Patient with Bladder Cancer 994; Imaging for Bladder Cancer 995; Radical Cystoprostatectomy (Men) 1006; Anterior Pelvic Exenteration (Women) 1006; Urinary Diversions 1008; Neobladder 1009; First-line Chemotherapy for 'Fit' Patients 1013; Adenocarcinoma of the Bladder 1013

151. Prostate Cancer **1019**
Christopher Cheng, MA Salam
History of Prostate Cancer 1019; Etiology of Prostate Cancer 1020; Pathophysiology of Prostate Cancer 1022; Prostatic Intraepithelial Neoplasia 1023; Work-up and Histologic Findings 1026; Management of Prostate Cancer 1028; Radical Prostatectomy 1029; Follow-up of Prostate Cancer Patients 1035; Castrate-resistant Prostate Cancer 1036

152. Testicular Cancer **1041**
MA Salam, Sajid Hasan
Epidemiology 1041; WHO Classification of Testicular Tumors 1043;
Etiological Factors In Testicular Tumor 1044; Investigations 1045; CT/MRI/PET 1046;
Staging of Testicular Tumor 1047; Treatment 1048; Chemotherapy Regimens 1052;
Follow-up of Testicular Cancer 1054; Complications 1055; Prognosis 1055

153. Penile Cancer **1058**
MA Salam, Mohammad Shafiqur Rahman
Applied Anatomy of Penis 1059; Problem 1059;
Emotional and Physical Burden of Penile Cancer and its Treatment 1059;
Epidemiology 1059; Etiology 1060; Pathology 1060; Penile Malignant Tumor 1060;
Presentation 1061; Work-up 1061; Histological Diagnosis and Staging 1062;
Treatment 1063; Complications 1067; Prevention of Penile Cancer 1067

Section 20: Reproductive Urology

154. The Testis and Epididymis **1073**
Laila Anjuman Banu
Macroscopic Anatomy 1073; Histology 1073; The Vas Deferens and Seminal Vesicle 1074

155. Peyronie's Disease **1076**
MA Salam, Kazi Rafiqul Abedin
Pathophysiology 1076; Causes of Peyronie's Disease 1077; Work-up 1077; Treatment 1077;
Prognosis and Complications 1079

156. Male Infertility **1081**
Rajeev Kumar
Work-up 1083; Respiratory Disease 1085; Physical Examination for Male Infertility 1085;
Causes of Male Infertility 1086; Other Tests 1092; Treatment 1094

157. Assisted Reproduction Technology **1100**
Rupin Shah
Cause of Infertility 1100; Diagnostic Tests 1100; Treatment 1102; Assisted Reproductive Techniques 1103

158. Erectile Dysfunction **1105**
Rupin Shah
Prevalence 1105; Risk Factors for Erectile Dysfunction 1105;
Physiology of Erection 1107; Etiology of Erectile Dysfunction 1108; Work-up of Erectile Dysfunction 1108;
Causes of Erectile Dysfunction 1109; Sexual Function Score 1110;
Evaluation of Erectile Dysfunction 1110; Management of Erectile Dysfunction 1112

159. Penile Prosthesis Implantation **1120**
Rupin Shah
History of the Procedure 1120; Selection of Prosthesis 1122

160. Ejaculatory Disorders **1126**
Rupin Shah
Mechanism of Ejaculation 1126; Classification and Etiology 1126

Index *1131*
