Artificial Cornea xix
Prema Padmanabhan

Diabetic Retinopathy: A Continually Evolving Panorama xxi
Dhananjay Shukla, P Namperumalasamy

Endophthalmitis xxv
Lingam Gopal, Nitin Nema

1. Corneal Dystrophies **1**
Rajesh Sinha, Noopur Gupta, Ritika Sachdev, Radhika Tandon, Jeewan S Titiyal
- Prevalence 1
- Classification of corneal dystrophies 1
- Epithelial and subepithelial dystrophies 2
- Bowman layer dystrophies 12
- Stromal dystrophies 15
- Descemet's membrane and endothelial dystrophies 27

2. Management of Keratoconus **43**
Prema Padmanabhan, Nidhi Gupta
Contact lenses 43
Intracorneal ring segments (ICRS) 44
Corneal collagen cross-linking 45
Surgical management of keratoconus 46

3. Corneal Collagen Cross-linking: Current Scenario and Future Prospects **50**
Ashok Garg
What is cross-linking? 50
Physiology of collagen corneal cross-linking 51

4. Deep Anterior Lamellar Keratoplasty **55**
Jaya Gupta, Prema Padmanabhan
Indications of deep anterior lamellar keratoplasty 56
Surgical technique 57
Complications 63
Postoperative evaluation and follow-up 64
Clinical outcome 65

5. Keratoprosthesis 67
Quresh Maskati
Pintucci biointegrated keratoprosthesis 67
The DKP (type 1) 80

6. Pentacam 89
Rohit Shetty, Ashwin Shetty
Basic principles 90
Output 91

7. Polymerase Chain Reaction in Intraocular Inflammation 106
Jyotirmay Biswas, Krishnendu Nandi
Basic technique 106
Application of PCR 108
Application of real time and multiplex PCR in uveitis 111

8. Recent Advances in Management of Posterior Uveitis 115
Parthopratim Dutta Majumdar, S Sudharshan, Jyotirmay Biswas
Clinical approach 116
History 116
Investigations 116
Treatment of posterior uveitis 123

9. Pigmentary Glaucoma 137
Peter JG Maris Jr, Rajendra K Bansal
History and terminology 137
Etiology and pathogenesis 137
Demographics and symptoms 139
Clinical exam findings 139
Differential diagnosis 141
Management 142

10. Exfoliative Glaucoma 147
R Krishnadas, M Malleswari, George V Puthuran
Epidemiology of exfoliation and glaucoma 147
Clinical features 149
Pathophysiology of exfoliation 157
Mechanisms of development of glaucoma 159
Differential diagnosis of exfoliation glaucoma 161
Management 162

11. Epidemic Dropsy Glaucoma 167
Deepa Gupta, Devindra Sood
Argemone Mexicana 167
Mineral oil 168

12. An Update on IOL Power Calculation Formulas 171
Ashok Garg
IOL power formulas 172
The estimated IOL position (ELP) 174
Accuracy of IOL power calculation 175
The new generation formulas 176
IOL power in aphakic eye 178
IOL power in phakia and Piggyback-IOL 179
Piggyback IOL power 181
Accommodating IOL (AIOL) 182

13. Advances in Intraocular Lenses 187
Mohan Rajan, Sujatha Rajan, Amrutha Padhaye, Moullindu Paul
Why accommodative lenses? Why not multifocals? 194
Newer exciting lenses 204
IOLs of the future 209

14. Diabetic Macular Edema 211
Peter N Youssef, Suresh Chandra
Pathogenesis 215
Blood-retinal barrier 215
Vasoactive substances 216
Treatment 218
Laser 218
Anti-VEGF 222
Surgical 223

15. Endophthalmitis 231
Sandeep Saxena, Bhumika Sharma
Prophylaxis of endophthalmitis 231
Endophthalmitis vitrectomy study 235
Exogenous endophthalmitis 236
Endogenous endophthalmitis 240
Diagnosis of endophthalmitis 241
Management 243
Prognosis 253

16. Ocular Surface Reconstructions 262
Manotosh Ray, Rajesh Sinha, M Vanathi, Noopur Gupta
Ocular surface 262
Evolution of ocular surface transplantation 263
Conjunctival transplantation 264
Amniotic membrane transplantation 269
Limbal stem cell transplantation 278

17. Ptosis: Evaluation and Advances in Ptosis Surgery 295
Shubhra Goel, Cat N Burkat, Akshay Nair
Applied anatomy of the upper eyelid 295
Skin 295
Orbicularis muscle 296
Orbital septum 296
Orbital fat 296
Levator palbebrae superioris muscle 297
Müller's muscle 297
Classification of blepharoptosis 298
Work up of a case of ptosis 303
Ancillary work up 313
Surgery 313
Common surgical techniques 316
Advanced surgical techniques 320

18. Multiple Sclerosis and the Eye 332
Ambar Chakravarty
Afferent visual system in MS 332
Neuro-ophthalmological problems in MS 336
Ocular motor disorders 337
Nystagmus 337
Internuclear ophthalmoplegia 339

19. Migraine 347
MV Francis
Diagnostic criteria 348
Unusual auras 351
Diagnosis of aura 351
Complications of migraine 353
Migrainous disorder in ICHD1 354
Neuroimaging in migraine recurrent headaches 357
Migraine comorbidity 359
Treatment 360

20. Approach to a Patient with Nystagmus 364
V Subashini, Zia Chaudhuri, Rashmin Gandhi
Classification of nystagmus 364
Indications for neuroimaging in nystagmus 371
Management 371
Approach to a patient with nystagmus 371

Index 373
