Contents

1. A Comprehensive Appraisal of Contact Dermatitis and Patch Test in the Pediatric Age Group 1

Chembolli Lakshmi, CR Srinivas

Allergens in Commonly Used (Commercial Products) 3

Plant Allergens 8

Patch Testing in Children 11

Approaching a Child with Possible Allergic Contact Dermatitis 14

2. Ichthyosis in Infants and Children: Update on Newer Variants, Pathogenesis and Management 17

Kabir Sardana, Arpita Jain

'Permeability Barrier Abnormality' in the Pathogenesis of Congenital Ichthyosis 19

Ichthyosis Vulgaris and X-linked Recessive Ichthyosis 20

X-linked Recessive Ichthyosis (Mim 308100) 21

Autosomal Recessive Congenital Ichthyosis 22

Bullous Ichthyosis (Keratinopathic Ichthyosis) 24

Diagnosis 29

3. Epidermolysis Bullosa: Recent Advances, Management Strategies at Global Level and Issues in Indian Scenario 39

Ravi Hiremagalore, Subhash Lokre

Classification 40

Laboratory Approach to Diagnosis 40

4. Infantile Hemangioma: An Update on Nonsurgical Management 53

Vibhu Mendiratta

Diagnosis 55

Approach to Management of IH 55

Agents for Management of Infantile Hemangioma 58

Special Situations 64

5. Blaschko's Lines and Mosaicism 69
Nilendu Sarma
Blaschko's Lines 70
Disorders following Patterns of Mosaicism 74
Atypical Situations 76
Revertant Mosaicism 79

6. Emerging Infectious Diseases 83
KA Seetharam
Chikungunya 85
Dengue 93
Human Parvovirus B19 98
Cutaneous Anthrax 101
Staphylococcal Infections 105

7. Update on Scabies and Pediculosis in Children 111
Kaliaperumal Karthikeyan, Ragunatha S
Scabies 112
Pediculosis 120

8. Lichen Planus and Other Lichenoid Disorders 127
Raghavendra Rao
Lichen Planus 128

9. Update on Photo (Chemo) Therapy in Childhood Dermatoses ... 145
Sunil Dogra, Dipankar De
Evolution of Phototherapy 146
Phototherapy in Children: Published Literature 151
The Present and Future of Phototherapy in Children 156

10. Autoimmune Connective Tissue Diseases in Children 161
Renu George, T Sathish Kumar
Juvenile Systemic Sclerosis 162
Localized Scleroderma 167
Juvenile Dermatomyositis 173
Systemic Lupus Erythematosus 181
Cutaneous Manifestations of Chronic Arthritis in Children 190

11. Purpura Fulminans in Children: An Update 197
Aparna Palit, Arun C Inamadar
Classification 198
Normal Anticoagulation Mechanism 198

Biology of Protein C and Protein S 198
Etiopathogenesis of Purpura Fulminans 199

12. Neutrophilic Dermatoses in Children 215
Saumya Panda

13. Acrodermatitis Enteropathica-like Eruptions: Many Faces, One Expression 233
Arun C Inamadar, Aparna Palit
Etiology 234
Epidemiology 235
Clinical Features 236
Pathogenesis 241
Diagnosis 245
Management 246

14. Phrynoderma: Mystery yet to be Unraveled 249
Ragunatha S
Etiopathogenesis 250
Phrynoderma and Vitamin A Deficiency 251
Phrynoderma and Vitamin B Complex Deficiency 252
Phrynoderma and EFA Deficiency 252
Phrynoderma and Combined EFA and Vitamin B Complex Deficiency 254
Phrynoderma and Vitamin E Deficiency 254
Phrynoderma and Vitamin C Deficiency 255
Phrynoderma and Protein-calorie Malnutrition 255
Other Factors 255

15. Intravenous Immunoglobulin and Biologicals in Childhood Dermatoses 259
Asit Mittal, Sharad Mehta, Keshavmurthy Adya
Intravenous Immunoglobulin Therapy 260
Preparation 260
Mechanism of Action 261
Pharmacokinetics 261
Dosage 261
Future Prospects 266
Biological Agents 266
Classification 267
Future Prospects 271
