Contents

1. Acute Respiratory Failure: Pathophysiology, Causes, and Diagnosis 1
Roopali Phulli, Praveen Neema

- Pathophysiology of Acute Respiratory Failure in Coronavirus Disease 2019 (COVID-19) *13*
- Diagnosis *15*

2. Noninvasive Ventilation for Acute Respiratory Failure 18
Gautam Gondal, Nishanth Baliga, Sheila Nianan Myatra

- Pathophysiology of AHRF *19*
- Advantages of NIV over IMV *20*
- Role of NIPPV in Acute Respiratory Failure *20*
- Role of HFNO in Acute Respiratory Failure *25*
- NIV in COVID-19 *28*

3. Ventilation Strategies to Prevent Postoperative Pulmonary Infection 34
Mukul Chandra Kapoor

- Postoperative Pulmonary Infections *35*
- Risk Factors for Postoperative Pulmonary Complications *37*
- Role of Mechanical Ventilation in Lung Injury *37*
- Evidence-based Strategies for Intraoperative Lung Protective Ventilation *41*
- Lung Protective Ventilation During Different Stages of General Anesthesia *44*

4. Anesthetic and Intensive Care Management for Lung Transplant 50
Suresh Rao KG, Santosh V, KR Balakrishnan

- Preoperative Assessment *51*
- Intraoperative Management *52*
- Maintenance of Anesthesia *53*
- Mechanical Circulatory Support *54*
- Surgical Consideration and Anastamosis *54*
- Postoperative Analgesia *55*
- ECMO Postlung Transplant *58*
- Weaning of Mechanical Ventilation *58*
- Hemodynamic Management *58*
- Fluid Management *59*
- Infection and Sepsis Management *59*

5. Pediatric Obstructive Sleep Apnea: A Comprehensive Review 62
Arvind Chandrakantan, Adam C Adler

- Pediatric OSA *63*

6. Assessment of Functional Capacity 78
Gautam Khanna

7. Role of Adjuncts for Regional and Neuraxial Anesthesia..... 87
Balavenkata Subramanian Jagannathan, Madhanmohan Chandramohan, Vipin Kumar Goel

- Classification *89*
- Multimodal Perineural Adjuvant *96*

8. Myocardial Injury after Non-cardiac Surgery 102
Alok Kumar, Jayakrishnan S

- Definitions *103*
- Etiopathogenesis *105*
- Risk Factors and Assessment *106*
- Management *108*
- Future Perspectives *111*

9. Anesthesia Management for Carotid Endarterectomy and Stenting 114
Dheeraj Arora, Jitin Narula

- Anatomy *115*
- Carotid Endarterectomy: Surgery *115*
- Anesthesia Management *116*
- Anesthesia Techniques *116*
- Monitoring *119*
- Postoperative Management *120*
- Carotid Artery Stenting *121*

10. Anesthetic Implications in the Intravascular Treatment of Cerebral Aneurysms and Arteriovenous Malformations 127
Anil Parakh, Joanna S Rodriques

- Anesthetic Considerations *128*
- Complications and their Management 131
- Intracranial Aneurysms *132*

11. Anesthetic Considerations for Functional Neurosurgery..... 140
Maria Bustillo

- Functional Neurosurgery *141*
- Deep Brain Stimulation *144*
- Magnetic Resonance Imaging-guided Focused Ultrasound *147*
- Additional Indications for Focused Ultrasound *149*

12. Anesthetic Implications in Pediatric Spinal Neurosurgery 151
Pradeep Sharma, Rahul Yadav

- Common Neurosurgical Entities in the Spinal Region *153*
- Primary Spinal Cord Tumors *155*
- Spinal Cord Injury in Pediatric Age Group *156*
- Craniovertebral Junction Anomalies *156*

- Spinal Deformity *156*
- Spinal Cord Vascular Malformations *157*
- Preoperative Evaluation *157*
- Preoperative Fasting *158*
- Premedication *159*
- Anesthesia Concerns *159*
- Preparation of Operating Room for Surgery *159*
- Induction of General Anesthesia *160*
- Airway Management *161*
- Maintenance of Anesthesia *162*
- Intraoperative Complications *166*
- Emergence and Tracheal Extubation *166*
- Postoperative Management *167*

13. Awake Tracheal Intubation 171
Bindiya Salunke, Jigeeshu V Divatia

- Indications *173*
- Contraindications *173*
- Fasting Guidelines *174*
- Components of Awake Tracheal Intubation *174*
- Failed Awake Intubation Rescue *180*
- Managing Complications *181*
- Tracheal Extubation *181*
- Documentation *181*

14. Anesthesia for Tracheal Reconstruction Surgeries 185
Raj Sahajanandan, Rahul Pillai, Amit Mathew

- Applied Anatomy *186*
- Preoperative Evaluation *186*
- Optimization *189*
- Multidisciplinary Discussion *190*
- Airway Management Strategy *191*
- Anesthetic Management *197*
- Special Considerations *198*
- Evolving Techniques *199*
- Case Scenarios *199*
- Role of ECMO *200*
- Emergence *201*
- Extubation *202*

15. Anesthesia for Pancreas and Islet Cell Transplantation..... 206
Cody Tidwell, Vinh Huu Nguyen, Serjey Ghercuic, Kumar Belani

- Diabetes Mellitus *207*
- Pancreas Anatomy and Physiology *209*
- Patient Selection *210*
- Immunosuppression and Prophylaxis *211*
- Overview of Surgical Technique *211*
- Preoperative Evaluation *213*
- Anesthetic Considerations *213*
- Postoperative Complications *215*

16. Anesthetic Implications in Gastroenterological Interventions Outside the Operating Room 218

Venkatesan Thiruvenkatarajan, Roelof MAW Van Wijk

- Preprocedural Risk Assessment and Optimization *219*
- Monitoring *220*
- Pharmacological Principles of Sedation *221*
- Organizational Logistics of Gastroenterological Procedures in Suites Outside Operating Room *222*
- Oxygen Supplementation and Airway Management Strategies to Mitigate Hypoxemia *224*
- Oxygen Delivery During Gastroenterological Interventions *224*
- Considerations of Capnography Monitoring *232*
- Assessment and Considerations of Aspiration Risk *233*

17. Opioid-free Anesthesia with Friedberg's Triad 239

Barry L Friedberg

- Friedberg's Triad 1.0: Measure the Brain *240*
- Friedberg's Triad 2.0 Preempt the Pain *249*
- Friedberg's Triad 3.0 Emetic Drugs Abstain *252*
- Challenging Cases *253*

18. Environmental and Occupational Considerations of Anesthesia 257

Parli Raghavan Ravi, Rajini Kausalya, Basavaraju Karan

- Earth Atmosphere *258*
- Earth's Energy Expenditure *259*
- Terminology and Definitions *260*
- Montreal Protocol for Ozone Layer *260*
- Kyoto Protocol *260*
- Climate Chemistry and Inhaled Anesthesia Agents *261*
- Global Warming and Inhalation Anesthetic Agents *261*
- Strategies to Reduce Environmental Hazards in Anesthesia *264*
- Waste Prevention: Avoid, Reduce, Reuse, Recycle, and Reprocess *264*
- Education and Advocacy *266*
- Global Consensus Statement from the World Federation of Anesthesiologists on Environmental Protection *266*
- Other Environmental Hazards Exposure to Anesthesiologist *266*
- Substance Use, Abuse, and Addiction *268*
- Radiation *269*
- Surgical Smoke *269*

19. Enhanced Surgical Recovery Programs and Cancer Outcomes 274

Anoushka Afonso, Vijaya Gottumukkala

- Preoperative Preparation *276*
- Intraoperative Management *281*
- Postoperative Care *285*

20. Perioperative Surgical Homes 292

Rashmi Datta

- Traditional Perioperative Management *294*

- Evolution of the Concept *295*
- Elements of Perioperative Surgical Home *298*
- Perioperative Surgical Home Team *299*
- Benefits of Perioperative Surgical Home *302*
- Barriers to Implementation *303*

21. Overview of Point-of-Care Ultrasound for the Anesthesiologist 309
C Adam Coridan, Sanjib Das Adhikary

- Point-of-Care Ultrasound for Diagnostic Evaluation *311*
- Point-of-Care Ultrasound for Procedures *317*

22. Artificial Intelligence In Anesthesia 326
Shaloo Garg

- Artificial Intelligence *328*
- Applications of Artificial Intelligence *331*
- Limitations and Ethics *337*
- Future of Artificial Intelligence *337*
- Artificial Intelligence, 5g, and Anesthesia *338*

23. Technologies Likely to Impact Cardiopulmonary Resuscitation in the Near Future 343
Tommaso Scquizzato, Federico Semeraro

- Preventing Cardiac Arrest *344*
- Technologies for Recognizing Cardiac Arrest *345*
- Technologies for CPR and Defibrillation *346*
- Technologies in Advanced Life Support *348*

24. Comprehensive Care at the End-of-Life 354
Rakesh Garg, Ruparna Khurana

- Case Vignette *354*
- Definitions and Implications of Operational Terms *356*
- End-of-Life Care–Recognition and Management *357*
- Death Rattle *359*
- Pain *360*
- Nausea and Vomiting *361*
- Breathlessness *361*
- Delirium *361*
- Massive Hemorrhage *362*
- Psychological Issues *362*
- Spiritual Distress *363*
- Good Death *363*
- Advance Directives and Advance Care Planning *363*
- Do Not Intubate/Do Not Attempt Resuscitation (DNI/DNAR) *364*
- Euthanasia and Physician-assisted Suicide *365*
- Palliative Sedation *366*
- Artificial Hydration and Nutrition *366*
- Where Do We Stand Today? *367*
