Contents

1. Introduction to Mental Health Nursing 1
- Perspectives of Mental Health and Nursing 1
- Evolution of Mental Health and Nursing 5
- Development of Psychiatric Nursing 15
- Present Scene of Mental Health 16
- Programme on Mental Health 17
- National Mental Health Programme 21

2. Principles and Concepts of Mental Health Nursing 24
- Criteria for Positive Mental Health 25
- Characteristics of Mentally Healthy People 28
- Components of Mental Health and Illness 29
- Characteristics of Normal and Abnormal 32
- Classification of Disorders of Mental Health 33
- DMS-IV-TR Classification 35
- Factors Influencing on Mental Illness 45
- Concepts of Mental Health Promotion 50
- Prevention of Mental Illness 54
- Concepts of Stress 57
- Use of Defence Mechanisms in Nursing 59
- Principles of Mental Health Nursing 67
- Functions of Mental Health Nursing 73
- Tasks of Mental Health Nursing 76
- Conceptual Model/Theoretical Models 83
- Role of the Nurse in Mental Health Practice 99
- Mental Health Team 106
- Standards of Mental Health Nursing 108
- Standards of Professional Performance 109
- Domains of Mental Health Nursing Practice 111

3. Assessment of Mental Health Status 113
- History Taking 113
- Mental Status Examination 118
- Neurological Examination 127
- Diagnostic Studies of Nervous System 132

4. Therapeutic Communication and Nurse-Patient Relationship 135
- Communication and its Significance in Nursing 135
- Communication Strategies of Noncaring for Clients 153
- Views on Relationship 154
- Characteristic of Therapeutic Relationship 157
- Elements Affecting Therapeutic Nurse-Patient Relationship 161

5. Treatment Modalities and Therapies 168
- Role of Nurse in Psychotropic Medication 170
- Antianxiety Drugs and Nursing Management 171
- Antidepressants and Nursing Management 172
- Mood Stabilizing Agents and Nursing Management 175
- Antipsychotics and Nursing Management 177
- Pharmacokinetics 179
- Sedative Hypnotics 184
- Antiparkinson Agents 185
- Psychotherapy 189
- Psychotherapy Categories 190
- Psychotherapy Concepts 195
- Psychotherapy in Nursing Practice 200
- Individual Psychotherapy 203
- Group Therapy 204
- Family Therapy 224
- Milieu Therapy 235
- Behavior Therapy 249
- Electroconvulsive Therapy 257
- Psychosurgery 261

6. Nursing Management of Schizophrenia and Other Psychotic Disorders 263
- Development of Schizophrenia 264
- Clinical Symptoms of Schizophrenia 266
- Types of Schizophrenia and Other Psychotic Disorders 267
- Nursing Management of Schizophrenia 271
- Treatment Modalities for Schizophrenia and Other Psychotic Disorders 285

7. Nursing Management of Mood Disorders 290
- Grief and its Stages 290
- Depressive Disorder 295
- Bipolar Disorder 308

8. Nursing Management of Neurotic, Stress Related Disorders 323
- Introduction to Anxiety 323
- Levels of Anxiety 324
- Anxiety as a Response to Stress 325
- Classification of Anxiety Disorders 328
- Obsessive-Compulsive Disorder (OCD) 347
- Dissociative Disorders 370
- Treatment Modalities of Dissociative Disorders 388

9. Nursing Management of Somatization and Other Related Disorders 390
- Treatment Modalities of Somatoform Disorders 411
- Nursing Management of Somatoform Disorders (All Type) 414

10. Nursing Management of Substance Abuse Related Disorders 419
- Classification of Substance Abuse Related Disorders 419
- Alcohol Abuse and Dependence 422
- Sedative, Hypnotic or Anxiolytic Abuse and Dependence 429
- Stimulants (Amphetamines, Cocaine, Others) Abuse and Dependence 431
- Inhalant Abuse and Dependence 433
- Opioid Abuse and Dependence 434
- Hallucinogen Abuse and Dependence 436

11. Nursing Management of Personality Disorder 445
- Definition of Personality 445
- Personality Disorder 446
- Classification of Personality Disorders 446
- Nursing Management of Personality Disorder 457

12. Nursing Management of Sexual and Gender Identity Disorders 467
- Definitions of Sexuality 467
- Development of Human Sexuality 468
- Sex Role (Gender Role) 470
- Sexual Response Pattern 471
- Causes for Sexual Disorders 474
- Types of Sexual Disorders 475
- Nursing Management of Sexual Disorders 484
- Gender Identity Disorder 491
- Nursing Management of Gender Identity Disorders 492
- Variations in Sexual Orientation 493

13. Nursing Management of Eating Disorders 505
- Aetiology 506
- Types of Eating Disorder 506
- Implementation 519

14. Nursing Management of Sleep Disorders 524
- Causes of Sleep Disorders 524
- Physiology of Sleep 525
- Normal Sleep Patterns 528
- Factors Affecting Sleep 531
- Classification of Sleep Disorders 533
- Treatment of Sleep Disorders 538
- Nursing Management of Sleep Disorders 539

15. Nursing Management of Childhood and Adolescent Disorders 555
- Classification of Children and Adolescent Disorders 556
- Nursing Management of Childhood and Adolescent Disorders 610

16. Psychiatric Emergencies and Crisis Intervention 613
- Suicide 613
- Violence 620
- Victims of Disaster 623
- Grief 624
- Rape Victim 624
- Special Populations 624
- Crisis Intervention 625
- Types of Crisis 629
- Theories of Crisis 631

17. Nursing Management of Organic Brain Disorders 639
- Cognitive Disorders 639
- Nursing Management of Cognitive Disorders 646
- Medical Treatment Modalities 648
- General of Nursing Management 653
- Additional Treatment Modalities 654

18. Legal Issues in Mental Health Nursing 656
- Types of Laws 657
- Client's Bill of Rights 657
- Legal Issues in Hospitalization and Inpatient Treatment 663
- Types of Lawsuits that Occur in Psychiatric Nursing 673
- Indian Lunacy Act, 1912 (16th March) 674
- Mental Health Act 675
- Narcotic Drugs and Psychotropic Substances Act 679
- Forensic Nursing 680

19. Community Mental Health Nursing (CMHN) 685
- Need for CMHN 689
- Scope of Mental Illness 690
- Models for Community Mental Health Nursing 694
- Role of the Nurse in Community Mental Health 700
- Philosophy or Health Care Provider 707
- Home Visits in CMHN 709
- Nurses of Future CMHN 710
