DVD Contents

1. Canal wall down Type-3 tympanoplasty — *Antonio Soda M*
2. Tympanoplasty plus mastoidectomy — *Antonio Soda M*
3. Postauricular approach — *Carmen Gloria Morovic*
4. Grafts — *Ernesto Ried Goycoolea*
5. Stapedectomy — *Ernesto Ried Undurraga*
6. Retrolabyrinthine Presigmoid — *Homero Sariego*
7. Steri-strip patching in a double traumatic tympanic perforation — *Jorge E Spratley, Ricardo M Vaz*
8. Office myringoplasty for traumatic tympanic perforations — *Jorge E Spratley, Ricardo M Vaz*
9. Meningoencephalo OM — *Manuel Tomás Barberán*
10. Mastoidectomy conserving posterior canal wall-1 — *Marcelo Hueb*
11. Mastoidectomy conserving posterior canal wall-2 — *Marcelo Hueb*
12. Mastoidectomy conserving posterior canal wall-3 — *Marcelo Hueb*
13. Mastoidectomy conserving posterior canal wall-4 — *Marcelo Hueb*
14. Mastoidectomy conserving posterior canal wall-5 — *Marcelo Hueb*
15. Mastoidectomy conserving posterior canal wall-6 — *Marcelo Hueb*
16. Mastoidectomy conserving posterior canal wall-7 — *Marcelo Hueb*
17. Meatoplasty — *Marcelo Hueb*
18. Mastoidotomy–tympanotomy approach in cochlear implant surgery — *Marcos Goycoolea*
19. Importance of research — *Marcos Goycoolea*
20. Auditory transduction — *Marisa Pedemonte, Ricardo A Velluti*
21. Cochlear implants in infant — *Mauricio Cohen, Robert Briggs*
22. Different locations of the vibrant sound bridge — *Santiago Alberto Arauz*
23. Cochlear implant — *Santiago Alberto Arauz*
24. Otosclerosis unconventional techniques — *Santiago Alberto Arauz*
25. Vestibular and tympanic ramps — *Santiago Alberto Arauz*
26. Endomeatal approach encapsulated cholesteatoma — *Victor Slavutsky*
27. Semi-open technique endomeatal approach — *Victor Slavutsky*
28. Endomeatal approach in children (EMAC) — *Victor Slavutsky*
29. Surgical results Retro and Endo — *Victor Slavutsky*
30. Surgical results — *Victor Slavutsky*
31. Endomeatal approach (large cholesteatoma) semi-open technique — *Victor Slavutsky*
32. Endomeatal approach (EMA) for CI surgery in adults — *Victor Slavutsky*
33. Endomeatal approach (EMA) for IC surgery in endopreaural — *Victor Slavutsky*

Contents

1. Section I: Structure and Function 1

1.1 General Overview *3*
Marcos Goycoolea
Central Transmission *10*
Marcos Goycoolea, Ismael Mena, Sonia Neubauer
1.2 External Ear *13*
Marcos Goycoolea, Gumaro Martínez
1.3 The Tympanic Membrane *21*
Marcos Goycoolea, Arturo Samith
1.4 Middle Ear and Mastoid *27*
Marcos Goycoolea
1.5 Inner Ear
1.5.1 Structure *59*
Marcos Goycoolea
1.5.2 Function *65*
Ricardo Velluti, Marisa Pedemonte
1.6 Central Auditory System *77*
Paul Délano
1.7 Temporal Bone: Horizontal Sections *85*
Marcos Goycoolea, Marcelo Galvez Moya
1.8 Imagenology of the Temporal Bone *107*
Miguel Casals
1.9 Functional Imagenology *127*
Ismael Mena

2. Section II: Temporal Bone Dissection 139

2.1 Temporal Bone Removal and General Principles of Temporal Bone Dissection *141*
Rafael Urquiza, Carlos Gómez Velasco
2.2 Surgical Anatomy of the Temporal Bone *151*
Ugo Fisch, Rodrigo Posada Trujillo
2.3 Temporal Bone Dissection *179*
Edgar Chiossone Lares, Juan A Chiossone Kerdal
2.4 Surgical Procedures *199*
Marcos Goycoolea

3. Section III: Principles and General Approaches 263

3.1 General Principles *265*
Marcos Goycoolea, Verónica Briones
3.2 Anesthesia *283*
Pedro Cubillos
3.3 Basic Audiology *289*
Marcos Goycoolea, Hortensia Guzmán, Raquel Levy, Viviana Orellana, Josefina Ernst
3.4 Intraoperative Monitoring of the Facial and Acoustic Nerves *299*
Francisco Soto
3.5 Surgical Approaches to the External Ear Canal, Middle Ear and Mastoid *307*
Marcos Goycoolea

4. Section IV: Surgery of the Pinna and the External Auditory Canal 339

4.1 Surgery of the Pinna *341*
Carmen Gloria Morovic

4.2 Miscellaneous on Plastic Surgery of the Pinna *351*
Peter Hilger
4.3 Canalplasty: General Concepts *367*
Marcos Goycoolea, Timothy Jung
4.4 Meatoplasty *379*
Marcelo Hueb
4.5 Acquired Stenosis of the External Auditory Meatus *387*
Mirko Tos
4.6 Congenital Atresia *397*
Antonio Soda Merhy, José Javier Zepeda Rodríguez
4.7 Acquired Atresia of the External Auditory Meatus *421*
Mirko Tos
4.8 Pertinent Histology *429*
Marcos Goycoolea
4.9 Pertinent Audiology *431*
Raquel Levy, Viviana Orellana

5. Section V: Middle Ear and Mastoid Surgery 433

5.1 Exploratory Tympanotomy *437*
5.1.1 Exploratory Tympanotomy *437*
Marcos Goycoolea
5.1.2 Anterior Bony Overhang *439*
Rick Fox
5.1.3 Tympanic Neurectomy *443*
José Miguel Contreras
5.1.4 The Use of Otic Drops and Antiseptics in Otologic Surgery *453*
Marcos Goycoolea
5.1.5 Meningeal Tears *459*
José Miguel Contreras
5.2 Surgical Procedures in Different Forms of Otitis Media *463*
5.2.1 Summary of Concepts *463*
Marcos Goycoolea
5.2.1A Medical Assessment of the Ventilation Tube Treatment *491*
Sten Hellstrom
5.2.2 Ventilation Tubes *499*
Marcos Goycoolea, Axel Christensen
5.2.3 Procedures for Atelectasis and Tympanic Membrane Retractions *515*
5.2.3A Atelectasis and Retraction Pockets of the Tympanic Membrane *515*
Héctor Rondón Cardoso
5.2.3B The Marquet Technique to Remove Non-Fixed Retraction Pockets at the Time of Tube Placement *523*
Carlos Ruah, Bernard Ars
5.2.3C Tympanectomy *531*
Gonzalo Bonilla, Luis Dentone
5.2.3D Cartilage Tympanoplasty for Atrophic Tympanic Membrane *533*
Marcos Goycoolea, *Enrique Valenzuela*
5.2.3E Tympanoplasty for Atelectatic Tympanic Membrane (Adhesive Otitis) *541*
Marcos Goycoolea, Ricardo Larrea
5.2.4 Tympanoplasty for Tympanic Membrane Perforation *547*
5.2.4A Introduction and General Concepts *547*
Marcos Goycoolea
I. Influence of the Mechanoacoustic Factors in Tympanoplasty Results *559*
Elisa Gil-Carcedo, Luis María Gil-Carcedo, Luis Angel Vallejo, Primitivo Ortega
II. Healing of Tympanic Membrane Perforations by Medical Treatment *593*
Sten Hellstrom
III. The Use of Cartilage in Tympanoplasty *597*
Hamlet Suárez, Alejo Suárez
IV. Harvesting of Cartilage and Perichondrium *603*
Ernesto Ried G Jr
5.2.4B Onlay Tympanoplasty Techniques *611*
Mirko Tos

5.2.4C Techniques for Specific Situations *625*
I. Cartilage Tympanoplasty *625*
Jorge Caro Letelier
II. Cartilage Palisade Tympanoplasty *631*
Manuel Bernal Sprekelsen, Angel Lede Barreiro, Miguel Caballero Borrego
III. Medio-lateral Graft Tympanoplasty for Repair of Anterior or Subtotal Tympanic Membrane Perforation *635*
Timothy K Jung
IV. Traumatic Tympanic Membrane Perforation *639*
Jorge E Spratley, Ricardo M Vaz
V. The Yo-Yo Technique for Small Central Perforations *651*
Ernesto Ried G, Nicolás Albertz
5.2.4D Pertinent Histopathology *655*
Marcos Goycoolea
5.2.4E Pertinent Audiology *657*
Viviana Orellana, Raquel Levy
5.2.5 Tympanoplasty with Ossiculoplasty *659*
5.2.5A Introduction and General Concepts *659*
Marcos Goycoolea
I. Cartilage Ossiculoplasty: Functional Tympanochondroplasty *675*
Luiz Lavinsky, Joel Lavinsky, Michelle Lavinsky, Luis Henrique Motta
II. Ossiculoplasty with Bone *681*
Edgar Chiossone Lares,Juan A Chiossone Kerdal
III. Malleostapedectomy—Newer Applications *691*
Marcus D Atlas, Michael Gluth, Mauricio A Cohen
5.2.6 Surgery for Chronic Otitis Media and Cholesteatoma *697*
5.2.6A Overall Concepts *697*
Marcos Goycoolea
5.2.6B Surgery for Cholesteatoma *701*
Rodrigo Posada Trujillo, Ugo Fisch
5.2.6C Surgery for the Contralateral Ear in Chronic Otitis Media *739*
Sady Selaimen da Costa
5.2.6D Congenital Cholesteatoma *755*
Carlos Ruah, Fernando V Mendonca
5.2.6E Mastoidectomy Conserving the Posterior Canal Wall (Canal Wall Up) *763*
Marcelo Hueb
5.2.6F Endomeatal Subcortical Mastoidectomy: Semi-Open Technique *755*
Víctor Slavutsky
5.2.6G Mastoidectomy Removing the Posterior Canal Wall (Canal Wall Down) *785*
I. Open Tympanomastoidectomy *785*
Sady Selaimen da Costa, Mauricio Noschang da Silva, Fábio André Selaimen, Leticia Petersen
II. Intact-Bridge Mastoidectomy *811*
Michael M Paparella, Marcos Goycoolea
5.2.6H Mastoid Cavity Obliteration *827*
Marcus D Atlas, Michael Gluth, *Mauricio A Cohen*
5.2.6I Reconstruction of the Posterior Wall—Bone Regeneration Technique (Bone paté and Platelet Enriched Plasma) *839*
Carlos Curet, Adriana Severina, Claudia Romani, Carlos Young
5.2.6J Surgery for Complications of Chronic Otitis Media *845*
Marcos Goycoolea
5.2.6K Pertinent Histology in Surgery for Chronic Otitis Media and Cholesteatoma *853*
Marcos Goycoolea
5.2.6L Pertinent Audiology *861*
Viviana Orellana, Raquel Levy
5.3 Surgery for Stapes Fixation *863*
5.3.1 General Concepts *863*
Marcos Goycoolea, Marcelo Hueb
5.3.2 Surgical Alternatives and General Principles *875*
Marcos Goycoolea, Santiago Arauz

5.3.2A Stapedotomy and Malleo-Stapedotomy: The Fisch Technique *897*
Rodrigo Posada Trujillo, Ugo Fisch
5.3.2B Stapedectomy *923*
Ernesto Ried U Sr
5.3.2C Surgical Technique for Stapedotomy with a Drill (Skeeter) *927*
Carlos Curet
5.3.2D Surgical Technique for Stapedotomy with CO_2 Laser *933*
Carlos Curet
5.3.3 Stapedectomy Revision *939*
Carlos Sttot C
5.3.4 Pertinent Histology *943*
Marcos Goycoolea
5.3.5 Pertinent Audiology *949*
Raquel Levy, Viviana Orellana
5.4 Implantable Hearing Devices for Hearing Loss *951*
5.4.1 The Use of Electronic Implanted Devices for Hearing Loss *951*
Rafael Urquiza
5.4.2 Surgery for Bone Conduction Hearing Devices (e.g. BAHA) *957*
Gloria Ribalta
5.4.3 Surgery for Implanted Electronic Implants (Vibrant Sound) *977*
Alejandro Rivas, José Antonio Rivas
5.4.4 Surgery of Totally Implantable Middle Ear Implant (Otologics) *999*
Angel Ramos, Miguel Aristegui
5.4.5 Facial Nerve Surgery 1007
5.4.5A General Concepts: Transcanal and Transmastoid Approach *1007*
Marcos Goycoolea
5.4.5B Middle Fossa Approach. Anastomosis Stabilization Techniques *1013*
Ricardo Ferreira Bento, Andréa Felice dos Santos

6. Section VI: Surgery of the Middle Ear, Mastoid and Inner Ear 1027

6.1 Middle and Inner Ear Interaction *1029*
6.1.1 General Concepts *1029*
Marcos Goycoolea
6.1.2 Structure, Function and Permeability of the Round Window Membrane *1031*
Marcos Goycoolea
6.2 Procedures for Incapacitating Vertigo *1053*
6.2.1A General Overview and Basic Concepts *1053*
Marcos Goycoolea
6.2.1B The Vestibule with the Utricle and Saccule and the Alternative of Utriculostomy *1059*
Luiz Lavinsky, Marcos Goycoolea, José Francisco Zuma e Maia, Michelle Lavinsky
6.2.1C The Endolymphatic Sac in Intractable Vertigo *1071*
William PR Gibson, Mauricio A Cohen
6.2.2 Intratympanic Treatment *1079*
Hamlet Suárez, Alejo Suárez
6.2.3
6.2.3A Endolymphatic Sac Enhancement *1085*
Michael M Paparella, Chandler Marietta
6.2.3B Labyrinthectomy *1095*
Marcos Goycoolea
6.2.3C Singular Neurectomy *1099*
Richard Gacek
6.2.3D Superior Semicircular Canal Obliteration for Superior Semicircular Canal Dehiscence Syndrome: Middle Cranial Fossa and Transmastoid Approach *1105*
Richard A Chole
6.2.3E Retrolabyrinthine Approach to the Cerebellopontine Angle and Sectioning of the Vestibular Nerve *1111*
Marcos Goycoolea, Rick Nissen
6.2.4 Pertinent Histopathology *1115*
Marcos Goycoolea
6.2.5 Pertinent Audiology *1119*
Viviana Orellana and Raquel Levy

6.3 Procedures for Sensorineural Hearing Loss *1121*
Marcos Goycoolea
6.3.1A Genetic Hearing Loss *1127*
Viviana Dalamón, Ana Belén Elgoyhen
6.3.1B Hair Cell Regeneration *1139*
Juan Cristobal Maass
6.3.1C The Use of Stem Cells in Sensorineural Hearing Loss *1151*
Mauricio Cohen, Sharon Oleskevich
6.3.1D Hearing Instruments in Perspective *1163*
Donald Hayes
6.3.2 Intratympanic Corticosteroids for Inner Ear Disease *1191*
Luiz Lavinsky, Joel Lavinsky, Michelle Lavinsky
6.3.3 Cochlear Implants *1199*
6.3.3A Surgical Approaches for Cochlear Implants
I. Anatomical Considerations: General Principles and Description of our Rationale and Methods *1199*
Marcos Goycoolea, Gloria Ribalta
II. Cochlear Implants from an Audiologist and Cochlear Implant Representative Standpoint *1217*
Patricia Faletty
III. Psychological Aspects of Cochlear Implantation: The Role of Psychology in a Cochlear Implant Program *1225*
Carlos Ramírez
6.3.3B Comparative Study of the Different Surgical Techniques for Cochlear Implantation and the Combined Approach Technique *1227*
Michelle Lavinsky, Luiz Lavinsky, Marcos Goycoolea, Joel Lavinsky
6.3.3C Cochlear Implantation and Residual Hearing *1239*
Adriana Rivas, Luz Adriana Rincón
6.3.3D Intraoperative Monitoring of the Different Cochlear Implant Systems *1245*
Adriana Rivas, Luz Adriana Rincón
6.3.3E Specific Surgical Approaches *1253*
I. Mastoidectomy and Posterior Tympanotomy Approach in Cochlear Implant Surgery *1253*
Manuel Manrique, Raquel Manrique Huarte
II. Active Electrodes by the Antrum *1259*
Santiago Arauz, Marcos Goycoolea
III. The Endomeatal Approach *1263*
Víctor Slavutsky, Luis Nicenboim, Rodrigo Posada Trujillo
IV. Cochlear Implants in Radical Cavities *1287*
Carlos Curet, Claudia Romani, Adriana Severina, Carlos Young
V. Surgical Technique for Obliterated Cochleas, Partially or Totally Ossified *1291*
Carlos Curet, Claudia Romani, Adriana Severina, Carlos Young
VI. Cochlear Implants in Congenital Inner Ear Malformations *1301*
Angel Ramos Macias, Levent Sennaroglu
VII. Cochlear Implants in Ears with Chronic Otitis Media *1313*
Vicente G Diamante
VIII. Cochlear Reimplantation *1317*
Leopoldo Cordero, Silvia Breuning
IX. Surgery for Cochlear Implant Complications *1321*
Antonio Soda Merhy
X. Cochlear Implant Replacement: Causes of Failure, Indications for Revision and Audiological Performance *1335*
Stephen O´Leary, Hudaifa Ismail
XI. Surgery for Bilateral Cochlear Implants *1341*
Alejandro Rivas, José Antonio Rivas
XII. Hybrid Implants *1351*
Tim Connelly, Jason C Lee, Stephen O'Leary
XIII. Cochlear Implants in Infants *1361*
Robert Briggs, Mauricio A Cohen
XIV. Pertinent Audiology *1375*
Viviana Orellana, Raquel Levy

7. Section VII: Surgery for Brainstem Implants 1383

7.1 History of the Auditory Brainstem Implant *1385*
Franco Portillo, William House
7.2 Surgery for Brainstem Implants *1391*
Ricardo Ferreira Bento, Andréa Felice dos Santos
7.3 Surgery for Brainstem Implants in Children: Our Experience *1395*
Vicente Diamante, Norma Pallares

8. Section VIII: Fistulae 1405

8.1 Surgical Treatment of Spontaneous Cerebrospinal Fluid Otorrhea *1407*
Richard Gacek
8.2 Otoliquorrhea *1411*
Manuel Tomás Barberán

9. Section IX: Tumors and Intracranial Lesions 1415

9.1 Functional Transmastoid Approach as an Adjunctive Procedure in Surgery for Intracranial Pathology *1417*
Homero Sariego
9.2 The Presigmoid Approach *1423*
Armando Ortiz, José Miguel Selman, Luis Cabezas, José Miguel Godoy
9.3 Encephaloceles of the Middle Ear *1429*
Manuel Tomás Barberán, Luis Ferrán de la Cierva
9.4 Tumors of the Middle Ear and Vascular Tumors *1435*
Chong S Kim
9.5 Vestibular Schwannoma—State of the Art *1447*
Vicente Diamante, Jorge Salvat
9.6 Tumors of the Internal Acoustic Meatus *1461*
Ricardo Ferreira Bento, Andréa Felice dos Santos

10. Section X: Ethics 1469

10.1 Animal Experimentation and Surgical Training in Otology Using Sheep as a Model *1471*
Luiz Lavinsky
10.2 How a Chief Editor Thinks about Scientific Progress *1487*
Matti Anniko
10.3 Surgical Ethics *1491*
Patricio Burdiles, Armando Ortiz

11. Section XI: Glossary 1497

11.1 Glossary of Terms *1499*
Mariela Torrente

12. Section XII: The Importance of Research 1507

12.1 On the Importance of Research in the Development of Science, People and Friendship *1509*
Marcos Goycoolea

13. Section XIII: Final Concepts 1541

Index 1545
