Contents

1. Exposures for the Complex Primary Total Hip Arthroplasty 1

Henry Budd, Vikas Khanduja

- Approaches used for the Complex Primary Hip Arthroplasty *1*
- Trochanteric and Proximal Femoral Osteotomies *4*
- Complex Primary Hip Conditions *6*

2. Total Hip Replacement in Avascular Necrosis Hip 11

Rajesh Bawari, Shivan Marya

- Staging of AVN Femoral Head *11*
- Treatment of AVN Femoral Head *12*
- Total Hip Arthroplasty *15*

3. Total Hip Arthroplasty Following Acetabular Fractures 21

P Suryanarayan

- Total Hip Arthroplasty in Acute Fractures of the Acetabulum *22*
- Important Issues in Surgery *22*
- THR in Old Acetabular Fractures *22*
- Acetabular Reconstruction *23*
- Considerations in Specific Situation *24*
- Principles in the use of Block Allografts for Reconstruction *25*
- Complex Situations *26*
- Complications *26*
- Future *26*

4. Total Hip Replacement for Failed Trochanteric Fractures 28

C Thakkar

- Preoperative Planning *28*
- Surgical Technique *29*
- Results in Literature *30*

5. Total Hip Replacement in Protrusio Acetabuli 32

Anil Mehtani

- Protrusio Acetabuli *32*
- Types/Etiology *32*
- Clinical Features *34*
- Radiological Assessment *34*
- Measurement and Grading of Protrusio *36*
- Total Hip Arthroplasty in Protrusio *37*
- Postoperative *42*

6. Total Hip Replacement After Girdlestone Arthroplasty 44
Chandeep Singh, Albert D' Souza, SKS Marya
- Preoperative Evaluation *45*
- Original Records *45*
- Physical Examination *45*
- Labs *46*
- Aspiration *46*
- Radiography *46*
- Timing of Revision Surgery *46*
- Surgical Approach *47*
- Presence of Cement Beads or Spacers *47*
- Intraoperative Specimens *48*
- Factors in Achieving Limb Length *48*
- Cementless vs Cemented Implants *49*
- Acetabular Cups *50*
- Femoral Stem *50*
- Postoperative Management *51*
- Review of Literature *51*

7. Osteoporotic Femoral Neck Fractures 54
Rastogi S, Shitij Kacker, SKS Marya
- Etiology *55*
- Sex *55*
- Protein Energy Malnutrition *56*
- Surgical Fixation does Timing Matter? *56*
- Treatment *56*
- Internal Fixation 57
- Arthroplasty *58*
- Total Hip Arthroplasty vs Bipolar Hemiarthroplasty *59*
- Hemiarthroplasty-Unipolar or Bipolar? *61*
- The Severely Cognitively Impared Patient Internal Fixation vs Hemoarthroplasty *62*
- Cemented vs Cementless Arthroplasty *63*
- The Future of Patient Safety: Geriatric Fracture Centers *65*

8. An Overview of Total Hip Arthroplasty in Rheumatoid Arthritis 69
SV Vaidya, Sachin G Gujarathi, Arvind Arora
- Surgical Steps *73*
- Complications *77*

9. Total Hip Arthroplasty for Old Tuberculous Hip Arthritis.....84
Y Kharbanda
- Recrudescence of Infection *84*
- Surgical Difficulties *87*
- THA in Ankylosed Hips *90*

10. Total Hip Replacement in Ankylosing Spondylitis.....95
JA Pachore, HR Jhunjhunwala, Vikram I Shah, Sachin G Gujarathi
- History 95
- Surgical Technique *97*
- Postoperative Protocol *100*
- Authors' Recommendation *104*

11. Total Hip Arthroplasty in Patients with Neuromuscular Abnormalities.....107
Rajiv Thukral, SKS Marya 107
- Conditions with Increased Muscle Tone *107*
- Conditions with Decreased Muscle Tone *109*

12. Total Hip Replacement in Dysplastic Hips 113
Vijay C Bose
- Anatomy *113*
- Surgical Indications *115*
- Preoperative Preparation *115*
- Surgical Considerations *115*
- Complications *119*

13. Hip Arthroplasty in Tumors Around the Hip Joint 120
Shishir Rastogi, Shah Alam Khan, Ashok Kumar
- Indications of Hip Arthroplasty in Bone Tumors *122*
- Contraindications of Hip Arthroplasty in Bone Tumors *122*
- How is Hip Arthroplasty in Bone Tumors different from a Primary Replacement? *123*
- Preoperative Evaluation *123*
- Staging of Malignant Tumors around the Hip *125*
- The Implant *125*
- Surgical Technique *126*
- Postoperative Protocol *129*
- Complications of the Endoprosthesis *129*

14. Total Hip Arthroplasty in Proximal Femoral Deformity 129
Rajesh Malhotra
- Etiology *131*
- Pathoanatomy *131*
- Preoperative Planning *132*
- Challenges *133*
- Surgical Technique *133*
- Results *140*

15. Computer-assisted Navigation in Complex Primary Total Hip Arthroplasty ... 140

Kamal Deep

- Registration *146*
- Tracker-related problems *148*
- Time *148*
- Outcome Measures *148*
- Future of Computer-assisted Surgery *148*

16. Evaluation of Patients with Pain after Total Hip Arthroplasty 148

Mandeep S Dhillon, Sarvdeep S Dhatt

- Evaluation of the Patient *150*
- Physical Examination *151*
- Laboratory Investigations *154*
- Role of Radiology *155*
- Arthrocentesis *156*
- Algorithm *157*
