Contents

Introduction ..... *xi*

1. Head and Neck 1

Superficial Dissection of Head 4

- Scalp 4
- Face 10

Neck 19

- Posterior Triangle 23
- Suboccipital Triangle 30
- Anterior Triangle 32
- Sternoclavicular Joint–Disarticulation 36
- Inlet of Thorax 37
- Thyroid and Parathyroid 39
- Neurovascular Bundle 41
- Digastric Triangle 50

Deep Dissection of Head 52

- Temporal and Infratemporal Regions 52
- Submandibular Region 59
- Removal of Spinal Cord 60
- Cranial Cavity 63
- Orbit 69
- Nose 76
- Mouth 84
- Pharynx 87
- Larynx 92
- Eyeball 97

2. Central Nervous System 101

Spinal Cord 103

- Blood Supply 103
- External Features 105
- Internal Structure 106

Brain 110

- External Features 110
- Brainstem 117
- Cerebellum 121
- Fourth Ventricle 126
- Sections of Brainstem 127
- Forebrain 133
- Cerebrum 135
- Limbic System 141
- White Matter of Cerebrum 142
- Lateral Ventricle 146
- Third Ventricle 146
- Diencephalon 147
- Sections of Forebrain 149
