Contents

SECTION 1 Diseases of Ear

1. Surgical Anatomy of Ear 3
2. Physiology of Hearing and Equilibrium 19
3. History Taking and Physical Examination of Ear 26
4. Functional Assessment of Hearing and Vestibular Function Tests 32
5. Diseases of External Ear 48
6. Acute Otitis Media 59
7. Chronic Suppurative Otitis Media 65
8. Complications of Suppurative Otitis Media 74
9. Nonsuppurative Otitis Media 81
10. Otospongiosis 86
11. Facial Nerve Disorders 92
12. Tumors of Ear 103
13. Vertigo and Ménière's Disease 111
14. Deafness and Various Rehabilitative Measures 119
15. Tinnitus 131

SECTION 2 Diseases of Nose and Paranasal Sinuses

16. Anatomy and Physiology of Nose 137
17. History Taking and Method of Examination of Nose and Paranasal Sinuses 148
18. Diseases of External Nose and Nasal Cavity 156
19. Diseases of Nasal Septum 162
20. Inflammatory and Other Disorders of Nasal Cavity 167
21. Nasal Allergy and Allied Conditions 174
22. Nasal Polypi 179
23. Epistaxis 185
24. Anatomy and Physiology of Paranasal Sinuses 190
25. Acute Sinusitis 195
26. Chronic Sinusitis and Its Complications 199
27. Faciomaxillary Injuries 206
28. Tumors of Nose and Paranasal Sinus 210

SECTION 3 Diseases of Oral Cavity and Salivary Glands

29. Surgical Anatomy of Oral Cavity 219
30. Diseases of Oral Cavity 223
31. Diseases of Salivary Glands 230

SECTION 4 Diseases of Pharynx

32. Surgical Anatomy and Physiology of Pharynx 237
33. History Taking and Method of Examination of Pharynx 243
34. Inflammatory Diseases of Pharynx 246
35. Diseases of Tonsils and Adenoids 250
36. Diseases of Nasopharynx 257
37. Deep Neck Infections 266
38. Tumors of Oropharynx 272
39. Tumors of Hypopharynx 278

SECTION 5 Diseases of Larynx and Trachea

40. Anatomy and Physiology of Larynx 285
41. History Taking and Method of Examination of Larynx 291
42. Laryngotracheal Infections and Stridor 295
43. Hoarseness 304
44. Speech and Language Disorders 308
45. Neurological Disorders of Larynx 313
46. Laryngotracheal Trauma 318
47. Tumors of the Larynx 320
48. Surgical Anatomy of Tracheobronchial Tree 328
49. Diseases of Tracheobronchial Tree and Foreign Bodies in Air Passages 330

SECTION 6 Diseases of Esophagus

50. Anatomy and Physiology of Esophagus 337
51. Disorders of Esophagus 343

SECTION 7 Diseases of Head and Neck

52. Thyroid Gland 355
53. Cervical Swellings 362

SECTION 8 Recent Advances

54. Radiology and Imaging in ENT 375
55. Radiotherapy in Head and Neck Cancers 388
56. Chemotherapy of Head and Neck Cancers 392
57. Cryosurgery 395
58. LASER in ENT 398

SECTION 9 Miscellaneous Disorders

59. Proptosis 405
60. Cavernous Sinus Thrombosis 407

61. Cerebrospinal Fluid Rhinorrhea 410
62. Cleft Lip and Cleft Palate 413
63. Snoring and Sleep Apnea Syndrome 416
64. Signs/Syndromes and Spaces in ENT 419

SECTION 10 Operative Surgery

65. Myringotomy and Tympanostomy Tubes 433
66. Mastoidectomy 436
67. Myringoplasty and Tympanoplasty 443
68. Stapedectomy/Stapedotomy 450
69. Nasal Packing 453
70. Antral Wash and Intranasal Antrostomy 455
71. Radical Operations on Maxillary Sinus 458
72. Operations for Nasal Polypi 461
73. Functional Endoscopic Sinus Surgery 464
74. Nasal Endoscopic Dacryocystorhinostomy 468
75. Operations of Nasal Septum 471
76. Adenoidectomy 475
77. Tonsillectomy 478
78. Tracheostomy 483
79. Direct Laryngoscopy 490
80. Bronchoscopy 494
81. Esophagoscopy 497

SECTON 11 Instruments

82. Instruments for ENT Examination 503
83. Ear Surgery Instruments 510
84. Nasal Surgery Instruments 516
85. Throat Surgery Instruments 522
86. Endoscopic Instruments 527
87. Tracheostomy Instruments 531
Appendices 535
Multiple Choice Questions 545
