Contents

1. General Examination 1

- Fever **1** • Hypothermia **6** • Delirium **6**
- Medical Causes of Itching **6** • Skin Pigmentation **7** • Nails **14**
- Cancer **20** • Smell **21** • Sweating **21** • Joints **21**
- Lymph node **27** • Testes **28** • Endocrine **28** • Pain **31**
- Blood Pressure **34** • Body Development **35** • Parasite **35**
- Cigarette Smoking **36** • Skeleton **37** • Examination of Head **37**
- Chest **38** • Alcohol **38** • Blood **39** • Lungs **39** • Infection **40**
- Ear **40** • Gait **40** • Eye **40** • Gastrointestinal (GI) Tract **41**
- Diabetes **41** • Biochemistry **41** • Vomiting **42** • Miscellaneous **43**

2. Neurology 49

- Differential Diagnosis in Neurology **49**
- Pain Sensitive Structures in Nervous System **49** • Headache **49**
- Cerebral Blood Flow **50** • Nonmyelinated Nerve Fibres **50**
- CNS Infections through Olfactory Nerve **50**
- Syndromes Connected with Olfactory Nerve **51**
- Syndromes Associated with Optic Nerve **51**
- Testing of Vision **51** • Argyll Robertson Pupil and Holmes Adie Pupil **52**
- Horner's Syndrome **53** • Spinal Cord-testing **53**
- Ascending Tracts **54** • Descending Tracts **54**
- Functions of Dominant Hemisphere **55** • Mononeuropathy Multiplex **55**
- Functions of Neurons **56** • Types of Glial Cells **56**
- Frontal Lobe-testing **57** • Parietal Lobe **58** • Occipital Lobe-testing **58**
- Temporal Lobe-testing **58** • Neurological Causes for Syncope **59**
- Etiology for Neurological Disorders **59**
- Causes of Muscle Weakness **59** • Causes of Postural Hypotension **59**
- Causes of Temporary Ophthalmoplegia **60**
- Correctable Causes of Dementia **60**
- Uncorrectable Causes of Dementia **60** • Clinical Testing for Dementia **61**
- Intelligence **61** • Intelligence Quotient **61** • Facial Expression **61**
- Paresthesia **62** • Dermatoma **62** • Topognosia **62**
- Two Point Discrimination **62** • Graphesthesia **62**
- Causes of Fasciculation **63** • Causes of Muscle Cramps **63**
- Nocturnal Muscle Pain **63** • Motor System **64**
- Anterior Horn Cells Diseases **64**

- Diseases Affecting the Myoneural Junction **65**
- Myotome **65** • Spinal Nerve Root Lesions **66**
- Functions of Extrapyramidal System **66**
- Structures of Extrapyramidal System **66**
- Gross Abnormalities of Extrapyramidal System **67**
- Causes of Chorea **67** • Causes of Athetosis **67**
- Reflexes Associated with Extrapyramidal System **67**
- UMN **68** • Features of UMN Lesion **68** • Disorders of Cerebellum **69**
- Pathways for Cerebellum **70** • Peripheral Nerve Palpation **71**
- Plantar Reflex **72** • Causes of Mutism **73**
- Signs of Papilledema **73** • Abnormal Dopamine Metabolism **74**
- Causes of Trismus **74** • Pyramidal Tract Function **74**
- Pyramidal Tract Lesion **75** • Myotonia **76** • Reflexes **76**
- Superficial Reflexes and Deep Reflexes **77** • Radial Inversion **79**
- Myopathy and Anterior Horn Cell Disease **81** • Muscle Wasting **82**
- Palpation of Muscle **82** • Ataxia **84** • Neuralgia **85**
- Foot drop **85** • Gait **85** • Brainstem Reflexes **86**
- Mononeuritis Multiplex **86** • Management of Pain **86**
- Wasting of Small Muscles **87** • Flaccid Paraplegia **88**
- Uses of Alcohol (in Neurology) **88**
- Parasites Producing Muscle Disorders **89** • Causes of Toe Walking **89**
- Gower's Sign **89** • Neuropathic Joint **89** • Flexor Spasm **89**
- Optic Atrophy **90** • Myotonia **90** • Bilateral LMN Palsy **92**
- Bilateral UMN Palsy **92** • Abdominal Reflexes **93** • Proptosis **93**
- Clonus **94** • Recurrent Stroke **96** • Recurrent Diplopia **97**
- Causes of Facial Pain **98** • Facial Nerve Complete Discussion **100**

3. Abdomen 105

- Causes of Anorexia **105** • Causes of Dysgeusia **105**
- Causes of Heart Burn **105** • Causes of Gain in Weight **106**
- Causes of Loss of Weight **106** • Causes of Visceral Pain **107**
- Causes of Peritoneal Pain **107** • Causes of Acute Abdomen **107**
- Causes of Acute Diarrhea **108** • Causes of Chronic Diarrhea **108**
- Causes of Black Stools **109** • GIT Disorders in Families **109**
- Causes of Hairy Tongue **109** • Causes of Dry Tongue **109**
- Causes of Macroglossia **110** • Causes of Microglossia **110**
- Causes of Strawberry Tongue **110** • Causes of Magenta Tongue **110**
- Causes of Tremor of Tongue **110** • Functions of Tongue **111**
- Atrophic Glossitis **111** • Hepatomegaly **113** • Splenomegaly **115**
- Arterial Bruit **118** • Venous Hum **118**
- Causes of Increased and Absent Bowel Sounds **119**

• Mass in the Abdomen **119** • Causes of Constipation **121**
• Causes of Bleeding Gum **121** • Liver Biopsy **122**
• Hepatic Failure **123** • Causes of Dysphagia **124**
• Medical Causes of Constipation **126** • Small Bowel Diarrhea **126**
• Large Bowel Diarrhea **126** • Portal Circulation **129**
• Non-cirrhotic Portal Hypertension **129** • Viral Hepatitis **130**
• Causes of Tenesmus **130** • Causes of Renal Colic **130**

4. Cardiology 133
• General Considerations in Cardiology **133**
• Conducting System of the Heart **134** • Ischemic Chest Pain **134**
• Angina **135** • Hematogenous Pericardial Effusion **137**
• Complications of Infective Endocarditis **137** • Jaundice in CVS **138**
• Fever in CVS **138** • Tricuspid Incompetence **140**
• Causes of Refractive Cardiac Failure **140** • Atrial Fibrillation **141**
• Presentation of Ischemic Heart Disease **142** • Aortic Regurgitation **142**
• Pericardial Effusion **144** • Pericarditis **144** • Myocardial Infarction **144**
• Pulmonary Infarction **144** • Dissecting Aneurysm **145**
• Congenital AV Fistula **146** • Acquired AV Fistula **146**
• Cardiomyopathy **148** • Sudden Death **148** • Causes of PND **148**
• Cardiac Failure **149** • Cardiotoxic Drugs **149**
• Resistant Arrhythmias **150** • Aortic Stenosis **150**
• Aortic Sclerosis **150** • Contraindications for Stress Testing **151**
• Complications of Inferior Wall Infarction **151**
• Clinical Features of Shock **151** • Usefulness of Carotid Sinus **152**
• Diabetes and Heart **152** • CVS Disorders due to Alcohol **152**
• Effects of Nicotine on Heart **153** • Mitral Stenosis **154**
• Complications of Prosthetic Valves **155** • Features in Acute MR **155**
• Innocent Murmur and Organic Murmur **156** • Osler Nodes **157**
• Shoulder Hand Syndrome **157** • Congenital Heart Disease **158**
• Rare Causes of Syncope **158**
• Central Cyanosis and Peripheral Cyanosis **158**
• Arterial Pulsation and Venous Pulsation **159** • Raised Neck Vein **159**

5. Respiration 160
• Respiration **160** • Pneumonia **195** • Pleural Effusion **199**
• Mediastine Lesion **205** • Diaphragmatic Paralysis **211**
• Respiratory Function **211** • Sputum Examination **211**
• Miscellaneous **212**
