Contents

1. Molecular Markers of Thyroid Cancer **1**
Nelson George, Sabaretnam M, Amit Agarwal

- Molecular Biology of Thyroid Cancer *1*
- Specific Molecular Mechanism Including the Silencing of Thyroid-Specific Genes *2*
- Applications of Molecular Markers *8*
- Surveillance *11*
- Prognosis of Thyroid Cancers *11*

2. Carcinoma Male Breast **15**
D Kadambari, N Ananthakrishnan

- Epidemiology *15*
- Risk Factors *16*
- Genetic Factors *18*
- Clinical Features *19*
- Diagnosis *20*
- Pathology *21*
- Immunohistochemistry/Biological Characteristics *22*
- Treatment *24*
- Prognosis and Survival *27*

3. Mesenteric Ischemia **33**
Himanshu Verma, Ramesh K Tripathi

- Acute Mesenteric Ischemia *33*
- Non Occlusive Acute Mesenteric Ischemia (NOAMI) *41*
- Colonic Ischemia Post Infrarenal Aortic Interventions *42*
- Chronic Mesenteric Ischemia *42*

4. Endoscopic Ultrasound: Diagnostic and Therapeutic Role **53**
Puneet Chhabra, Surinder S Rana, Deepak K Bhasin

- Endoscopic Ultrasound: The Instruments *53*
- Diagnostic Role of Endoscopic Ultrasound *55*
- Preoperative Staging of Gastrointestinal Malignancies *60*
- Advances in Diagnostic Endoscopic Ultrasound *67*

5. Liver Resection: Indication, Planning and Complications **76**
Simon Ulyett, Somaiah Aroori

- Segmental Anatomy of the Liver *76*
- Indications for Liver Resection *78*
- Malignant Liver Tumors *79*
- Premalignant Liver Tumors *82*

- Benign Liver Tumors *82*
- Preoperative Workup *82*
- Planning of Liver Resection *84*
- Options in Patients with Inadequate Future Remnant Liver Volume *87*
- Type of Liver Resection and Other Considerations *88*
- Contraindications for Liver Resection *93*
- Patient Fitness *93*
- Liver Surgery *93*
- Postoperative Course *97*

6. Prognostic Factors in Colorectal Cancer 104
Ashwin deSouza, Srivatsa H Gopal, Shailesh V Shrikhande

- Stage of the Disease *105*
- Other Pathological Prognostic Factors *108*
- Clinical Presentation and Prognosis *112*
- Genetic Factors and Prognosis *112*

7. Oncoplastic Breast Surgery 118
Gurpreet Singh, Pavneet Singh Kohli

- Patient Selection and Assessment *120*
- Tumor Excision *121*
- Oncoplastic Techniques *121*
- Complications of Oncoplastic Breast Surgery *128*
- Advantages and Disadvantages of Oncoplastic Breast Surgery *130*
- Radiotherapy and Oncoplastic Breast Surgery *134*
- Follow-up *135*

8. Carcinoma Gallbladder: An Incidental Finding 138
Puneet, Vivek Srivastava

- Preoperative Diagnosis *139*
- Reassessment for Staging and Resectability *141*
- Timing of Revisional Surgery *143*
- Revisional Surgery *143*
- Prognosis of Incidental Diagnosed Carcinoma Gallbladder *150*
- Adjuvant Therapy *151*

9. Molecular Imaging in Oncology 155
Vedant Kabra, Ishita Sen, Krishan Jain

- Diagnostic Molecular Imaging *156*
- Molecular Imaging Applications for CT and US *163*
- Molecular Imaging Applications for MRI *165*
- Intraoperative Molecular Imaging *168*
- Clinical Applications *170*

10. Varicose Vein **178**
Ajay K Khanna, Shashi Prakash Mishra
- Clinical Evaluation *180*
- Diagnostic Evaluation *183*
- Venography *185*
- Plethysmography *185*
- Level of Investigation *186*
- Treatment Modalities *186*
- Nonoperative Measures *186*
- Intermittent Pneumatic Compression *189*
- Leg Elevation *189*
- Medical Agents *190*
- Endovenous Thermal Ablation *195*
- Valvuloplasty *197*
- Recurrent Varicose Veins *198*

11. Open Abdomen, Indications, Management and Definitive Closure **204**
Chintamani, Abhinav Kumar
- Pathophysiology of IAH and ACS *205*
- Bladder Pressure Monitoring *206*

12. Bariatric Surgery: Current Concepts **217**
Harshit Garg, Sandeep Aggarwal
- Bariatric Surgery: Indications *218*
- Contraindications of Bariatric Surgery *220*
- Types of Bariatric Surgery: Current Perspective *221*
- Impact of Bariatric Surgery on Obesity-Related Comorbidities *227*
- Complications of Bariatric Surgery *229*
- Future Directions *230*

13. What's New in the Treatment of Diabetic Foot Ulcers? **237**
SK Gupta
- Bioengineered Skin and Tissue Equivalents *238*
- Electrical Stimulation *241*
- Ultrasound Therapy *242*
- Low-Level Laser Therapy *243*
- Growth Factors *243*
- Stem Cells in Diabetic Foot Ulcers *244*

14. Fistula-in-Ano **247**
Ashok Kumar
- Etiology *247*
- Presentation *248*
- Assessment and Investigation *249*

- Treatment of Fistula-in-Ano *252*
- American Society of Colon and Rectal Surgeons Practice Parameter *264*

15. Total Parenteral Nutrition **268**

Sunil Kumar, Arunima Verma

- Indications for Total Parenteral Nutrition *269*
- NICE Pathways *269*
- Methods *269*
- Complications of Parenteral Nutrition *271*
- Use of Enteral Nutrition Versus Parenteral Nutrition *275*
- Nutritional Prescription: Use of Indirect Calorimetry Versus Predictive Equations *280*

Index *289*
