Contents

1. Central Nervous System: Brain 1

- GUIDELINES FOR PERFORMANCE OF ULTRASOUND EXAMINATION IN INFANTILE BRAIN *3*
- TECHNIQUE OF BRAIN ULTRASOUND *3*
  - Coronal Images *3*
  - Sagittal View *6*
- DOPPLER AND COLOR DOPPLER IMAGING *9*
- CONGENITAL INTRACRANIAL ANOMALIES *9*
  - Encephalocele *9*
  - Arnold-Chiari Malformation *9*
  - Dandy-Walker Malformation *13*
  - Dysgenesis of Corpus Callosum *14*
  - Holoprosencephaly *15*
  - Hemimegalencephaly *15*
  - Hydranencephaly *15*
- BRAIN CYSTS *24*
  - Arachnoid Cysts *24*
  - Choroid Plexus Cysts *26*
- ANEURYSM VEIN OF GALEN *26*
- HYDROCEPHALUS *31*
- INTRACRANIAL INFECTIONS *36*
  - Neonatal Meningitis *37*
  - Brain Abscess *37*
  - Congenital Infections *37*
- INTRACRANIAL HEMORRHAGES *43*
  - Subependymal and Intraventricular Hemorrhages *43*
  - Intracranial Hemorrhage in Full Term Babies *52*
  - Subdural Hemorrhage *52*
  - Subarachnoid Hemorrhage *53*
  - Intraparenchymal Hemorrhage *53*
- HYPOXIC-ISCHEMIC ENCEPHALOPATH *53*
  - Ischemic Lesion in Premature Infants *54*
  - Hypoxic-ischemic Encephalopathy in Term Babies *54*

2. Central Nervous System: Spine 71

- ULTRASONOGRAPHY OF NEONATAL SPINE *73*
- NORMAL ANATOMY OF SPINE *73*
- SPINA BIFIDA *73*
  - Spina Bifida Occulta *74*
  - Spina Bifida Cystica *74*
  - Spina Bifida Aperta *79*
- PSOAS ABSCESS *79*
- NEUROGENIC TUMOR *82*

3. Neonatal Hip 85

- ULTRASOUND INDICATIONS OF NEONATAL HIP *87*
- ANATOMY OF HIP JOINT *87*
- TIME OF EXAMINATION *87*
- EXAMINATION VIEWS *87*
  - True Coronal View *87*
  - Transverse Neutral View *89*
  - Transverse Flexion View *89*
- HIP JOINT MEASUREMENTS *90*
  - Graf's Technique for the Measurement of Neonatal Hip *90*
  - Lateral Head Distance (LHD) Terjesen Method *90*
- ULTRASOUND APPEARANCE IN DISLOCATION *97*

4. Chest 99

- ULTRASOUND OF THE CHEST *101*
  - Indications of Ultrasound Chest *101*
  - Ultrasound Technique *101*
- DIAPHRAGMATIC HERNIA *101*
- EVENTRATION OF DIAPHRAGM *101*
- MEDIASTINAL WIDENING *105*
- LUNG CONSOLIDATION *110*
- PLEURAL EFFUSION *110*

5. Abdomen: Bowel and Mesentery . 113

BOWEL

- ULTRASOUND OF THE BOWEL *115*
  - Technique *115*
  - Sonographic Layers of the Bowel *115*
- HYPERTROPHIC PYLORIC STENOSIS (HPS) *115*
  - Ultrasound of Patient with HPS *115*
- DUPLICATION CYST *117*
  - Duplication Cyst of Stomach *117*
  - Duplication Cyst of Duodenum *117*
- DUODENAL ATRESIA *117*
- BEZOAR *122*
- INTUSSUSCEPTION *122*
- LYMPHOMA *127*
- APPENDICITIS *129*
  - Ultrasound Findings *136*
- INTESTINAL OBSTRUCTION *137*
  - Small Bowel *137*
  - Large Bowel *138*
- ULTRASOUND TECHNIQUE FOR IMPERFORATE ANUS *139*
- HIRSCHSPRUNG'S DISEASE *139*
- WORMS IN BOWELS *139*
- TUBERCULOSIS *139*

MESENTERY

- MESENTERIC CYSTS *148*
- MECONIUM PERITONITIS AND MECONIUM PSEUDOCYST *148*
- ASCITES *151*

6. Abdomen: Infiltrative Disorders of Liver 155

- NORMAL ANATOMY AND APPEARANCE *157*
- GENERALIZED INFILTRATION OF LIVER *157*
  - Acute Viral Hepatitis *157*
  - Chronic Persistent Hepatitis *159*
  - Granulomatous Hepatitis *159*
- CIRRHOSIS *161*
- BUDD-CHIARI SYNDROME *161*
- CONGESTIVE LIVER *166*
- FATTY INFILTRATION LIVER *166*
- LYSOSOMAL AND GLYCOGEN STORAGE DISEASES *169*
  - Gaucher's Disease *169*
- OTHER INFILTRATIVE DISEASES *169*

7. Abdomen: Focal Lesions in Liver 173

- SIMPLE LIVER CYST *175*
- ECHINOCOCCAL CYST *175*
- LIVER ABSCESSES *179*
  - Amebic Liver Abscess *179*
  - Pyogenic Liver Abscesses *182*
  - Tuberculous Abscess *182*
- HEPATIC TRAUMA *185*
- BENIGN LIVER MASSES *185*
  - Hemangioma *185*
  - Hemangioendothelioma *185*
  - Focal Nodular Hyperplasia *187*
- MALIGNANT TUMORS *187*
  - Hepatoblastoma and Hepatocellular Carcinoma *187*
  - Metastasis *189*
  - Lymphoma Liver *195*

8. Abdomen: Gallbladder and Common Bile Duct 197

GALLBLADDER

- ANATOMY *199*
- TECHNIQUE *199*
- BILIARY SLUDGE *200*
- CHOLELITHIASIS *201*
- ACUTE CALCULUS CHOLECYSTITIS *201*
- ACUTE ACALCULUS CHOLECYSTITIS *201*
- CHOLESTEROLOSIS OF GALLBLADDER *205*
- GALLBLADDER TUMORS *209*

COMMON BILE DUCT

- CHOLESTASIS IN NEWBORN *211*
  - Neonatal Hepatitis *212*
  - Biliary Atresia *213*
- CHOLEDOCHAL CYST *213*
- BILIARY ASCARIS *218*

9. Abdomen: Pancreas and Spleen ... 221

PANCREAS

- NORMAL PANCREAS AND ANATOMY *223*
- ACUTE PANCREATITIS *223*
- CHRONIC PANCREATITIS *228*
- PANCREATIC TRAUMA *230*

SPLEEN

- NORMAL SPLEEN AND ANATOMY *231*
- POLYSPLENIA *234*
- WANDERING SPLEEN *234*
- SPLENIC CYST *235*
- SPLENIC ABSCESS *235*
- SPLENIC TRAUMA *239*
- STORAGE DISEASES *239*
- MALIGNANT MASSES *241*

10. Abdomen: Urinary Tract 243

RENAL ANATOMY AND APPEARANCE

RENAL ANOMALIES

- RENAL HYPOPLASIA *246*
- SIMPLE ECTOPIA *246*
- CROSSED RENAL ECTOPIA *246*
- HORSESHOE KIDNEYS *246*
- DUPLICATION ANOMALIES *250*
- PUJ OBSTRUCTION *251*
- URETEROVESICAL JUNCTION OBSTRUCTION *251*
- CONGENITAL HYDRONEPHROSIS *254*
- VESICOURETERIC REFLUX *256*
- POSTERIOR URETHRAL VALVE *259*

RENAL CYSTIC DISEASE

- SIMPLE CYST *264*
- POLYCYSTIC DISEASE *264*
- AUTOSOMAL DOMINANT POLYCYSTIC DISEASE *267*
- MEDULLARY SPONGE KIDNEY *267*
- MULTICYSTIC DYSPLASTIC KIDNEY *268*

RENAL INFECTIONS

- ACUTE PYELONEPHRITIS *270*
- RENAL ABSCESS *272*
- PYONEPHROSIS *272*
- CHRONIC PYELONEPHRITIS *275*
- TUBERCULOSIS KIDNEYS *276*

RENAL PARENCHYMAL DISEASE

- ACUTE GLOMERULONEPHRITIS *278*

NEPHROLITHIASIS

- NORMAL VARIANTS IN NEONATAL KIDNEYS *280*
- NEPHROCALCINOSIS *280*
- UROLITHIASIS *280*

RENAL TUMORS

- RENAL LYMPHOMA *292*
- BENIGN MASSES KIDNEYS AND ANGIOMYOLIPOMA *294*

URINARY BLADDER

- URACHUS *295*
- BLADDER DIVERTICULA *296*
- BLADDER INFECTION *296*
- NEUROGENIC BLADDER *298*
- ADENOMYOMATOSIS OF BLADDER *298*
- BLADDER NEOPLASM *299*
- BLADDER CLOT *299*

11. Abdomen: Retroperitoneum 301

ADRENAL GLANDS

- NORMAL ANATOMY AND APPEARANCE *303*

- ADRENAL HEMORRHAGE *303*
- ADRENAL CYST *304*
- ADRENAL ABSCESS *304*

RETROPERITONEAL MASS
- NEUROBLASTOMA *307*
- RETROPERITONEAL CYST *312*

RETROPERITONEAL LYMPH NODES

12. Female Pelvis 317

THE OVARY
- TECHNIQUE AND ANATOMY *319*

NEONATAL PATHOLOGY
- HERNIATED OVARY IN INGUINAL CANAL *319*
- NEONATAL OVARIAN CYST *320*

POST-MENARCHE PATHOLOGY
- FUNCTIONAL CYSTS *320*
- CYSTADENOMAS *321*
- HEMORRHAGIC CYSTS *321*
- ENDOMETRIOSIS *322*

NEOPLASMS
- GERM CELL TUMORS *325*
- DERMOID CYSTS *325*
- DYSGERMINOMA *330*

TORSION
- TORSION OF OVARY *331*
- TORSION OF OVARIAN CYST *334*
- POLYCYSTIC OVARIES *335*

THE UTERUS
- NEONATAL UTERUS *335*
- POST-MENARCHE UTERUS *337*
- CONGENITAL VAGINAL OBSTRUCTION *337*

POST-MENARCHE
- IMPERFORATED HYMEN *338*
- CONGENITAL ANOMALIES *338*
- SEPTATE UTERUS *343*

MISCELLANEOUS
- FIBROID UTERUS *345*
- LYMPHOMA *345*

13. Scrotum and Testis 349
- ANATOMY *351*
- TECHNIQUE *351*
- HYDROCELE *352*
- SCROTAL CYSTS *355*
- EPIDIDYMO-ORCHITIS *355*
  - Chronic Epididymitis *356*
- TORSION TESTIS *356*
- VARICOCELE *361*
- CRYPTORCHIDISM *362*
- TESTICULAR MICROLITHIASIS *362*
- TESTICULAR TRAUMA *365*
- TESTICULAR TUMORS *365*
- ADRENAL REST *370*
- EXTRATESTICULAR MASSES *370*

14. Neck 377

THYROID GLAND
- ANATOMY *379*
- TECHNIQUE *379*
- DIFFUSE THYROID DISEASE *379*
- FOCAL THYROID NODULES *382*

LYMPH NODES
- ANATOMY *384*
- NEOPLASTIC NECK LYMPHADENOPATHY *389*

OTHER NECK MASSES
- CYSTIC HYGROMA *389*
- THYROGLOSSAL DUCT CYST *392*
- HEMANGIOMA *392*
- MALIGNANT TUMORS *394*

Index 397
