Contents

OBSTETRICS

1. **Fetal Growth Restriction and Fetal Compromise: Management Basis and Strategy 1**
Narendra Malhotra, Jaideep Malhotra, JP Rao, Sakshi Tomar

Etiology *1;* Pathophysiology *2;* Fetal Growth Rates *2;* Diagnosis of Fetal Growth Restriction *3;* Diagnosis of Fetal Compromise or Jeopardy *3;* Sequential Changes in Tests for Fetal Well-Being *7;* Hypoxemia *10;* Hypoxia *12;* Asphyxia or Acidosis *12*

2. **Cervical Incompetence 15**
Arun Nagrath, Manjula Singh

Background *16;* Epidemiology *17;* Etiology *18;* Mechanical Dilatation *19;* Cervical Conization and Cone Biopsy *19;* Obstetric Trauma *20;* Diagnosis during Pregnant State *22;* Ultrasound Evaluation *24;* Errors in Diagnosis *27;* Management Options *27;* Suture Material *29;* Medicolegal Considerations *41*

3. **Iron Supplementation in Obstetric Cases 46**
Saroj Singh, Mohita

Iron during Pregnancy and Lactation *46;* Diagnosis of Iron Deficiency Anemia *50;* Iron Supplementation and Fortification *51;* The Nutrient Intake of Iron *52;* Treatment *53;* Parenteral Iron Therapy *55;* Intravenous Iron Therapy versus Oral Iron *56;* Intravenous Iron with or without Recombinant Human Erythropoietin (rHuEPO) Therapy *57*

4. Perinatal Asphyxia and Resuscitation 62
Ajay Kalra

Pathogenesis *62;* Physiology of Asphyxia 64; Lung and the Circulation *64;* Etiology of Perinatal Asphyxia *66;* Diagnosis of Intrapartum and Newborn Asphyxia *67;* Management *67;* Initial Steps in Resuscitation *73;* Free Flow Oxygen *76;* Approach to Meconium Stained Baby *86;* Special Problems with Resuscitation *87;* Complications of Severe Asphyxia (Apgar Score Less than or Equal to 4 at 5 Minutes) *90;* Prognosis of Perinatal Asphyxia *94*

5. Exercise during Pregnancy 96
Arun Nagrath, Manjula Singh

Physiologic Changes of Pregnancy *97;* Impact of Exercise on Pregnancy *98;* Exercise during Pregnancy *101;* Benefits of Exercise *106;* Precautions *109;* Anemia *110;* Contractions *110;* Low Back Pain/Sciatica *110;* Twin Pregnancy *111;* Heart Disease *111;* Contraindications to Exercise during Pregnancy *111;* Placenta Previa/Vaginal Bleeding *112;* Preterm Labor or History of Preterm Labor *112;* Intrauterine Growth Retardation *112*

6. Laparoscopic Interventions in Pregnancy 115
Alka Gujral

Benefits of Laparoscopic Approach *116;* Risks of Laparoscopic Approach *116;* Indications for Surgery *117;* Physiological Changes of Pregnancy *119;* Our Experience in Laparoscopic Surgery in Pregnancy *126*

7. Nitric Oxide: A Challenging Radical 131
Richa Singh

Role of NO as Reactive Oxygen Species *132;* Role of Nitric Oxide as Reactive Oxygen Species in Pre-eclampsia *132;* Role

of Nitric Oxide as Reactive Oxygen Species in Premature Rupture of Membrane *134;* Role of Nitric Oxide as Reactive Oxygen Species in Preterm Labor *135;* Role of NO in Idiopathic Recurrent Miscarriage *136*

8. Thrombophilia and Recurrent Pregnancy Loss 140
Pankaj Desai, Purvi Patel

Pathophysiology *142;* Antiphospholipid Antibody (APA) Syndrome *143;* Hereditary Thrombophilia *145;* Antithrombin III Deficiency *146;* Protein C and Protein S Deficiency *146;* Resistance to Activated Protein C (APC) *147;* Hyperhomocysteinemia *147;* Prothrombin Gene Mutation (PGM) *148;* Laboratory Evaluation *149*

9. Sex during Pregnancy 156
Arun Nagrath, Manjula Singh

Physical and Sexual Changes *157;* Intimacy *158;* Sex Drive *159;* New Sensations *161;* Mother versus Wife *161;* Father versus Husband *161;* Alternatives to Sex *162;* Safety of Sex during Pregnancy *163;* Contraindications to Sex during Pregnancy *164;* Positions to Try during Second Trimester of Pregnancy *164;* Postpartum Period *167*

10. Cord Blood Stem Cells 169
Richa Singh, Arun Nagrath

Embryonic Stem Cell Culture *170;* Disease Applicability *171;* Traditional Applications *173;* Stem Cell—Treatment Potentials *176;* Cord Blood Stem Cells Treat Fatal Disease *178;* Cord Blood Collection and Storage *182;* Adult Stem Cells *184;* Skin *188;* Gene Therapy Applications with Adult Stem Cells *188;* What is the Future of Cell Therapy? *191*

GYNECOLOGY

11. Premenstrual Dysphoric Disorder 194
Arun Nagrath

Pathophysiology *195;* Management *197;* Differential Diagnosis *198;* Treatment *199*

12. Minimal Invasive Endoscopic Surgery in Gynecology 214
Pranay Shah

Electrosurgery *214;* Systems *215;* Tissue Effects *215;* Electrical Injuries *216;* Safety Precautions *217;* Fundamentals of Laparoscopic Surgery—Basic Set-up and Instrumentation *218;* Laparoscopic Surgery *218;* Hysteroscopic Surgery *223;* Hysteroscopy *226;* Contraindications *227;* Indications *227;* Complications *230*

13. Hydrosalpinx and Distal Tubal Surgery 243
Jaideep Malhotra, Lakhwinder Singh, Narendra Malhotra, Sonia Khanboj, Shobha Jindal, Pranay Shah

Etiology *244;* Preoperative Work-up *245;* Classification of Tubal and Adhesion Scoring *245;* Contraindications to Distal Tubal Surgery for Tubal Subfertility *246;* Management Options for Distal Tubal Obstruction *247;* Future and Controversies *250;* The Role of Salpingectomy or Drainage for Fertility *253;* Ovarian Function after Distal Tubal Surgery *254;* Proximal Ligation and Salpingostomy *255;* Transvaginal Aspiration of the Tubal Fluid *256;* Salpingectomy Versus Functional Surgery Prior to *in vitro* Fertilization *256*

14. Female Sexuality and Androgens 260
Nidhi Gupta

Androgen Production in Females *261;* Androgen Insufficiency Syndrome in Females *270;* Causes of Androgen Insufficiency in Women *270;* Management of Androgen Deficiency Syndrome *271;* Monitoring *272;* Side Effects *273*

15. Abnormal Vaginal Discharge 278
Uma Singh, Nisha

Normal or Physiological Vaginal Discharge *278;* Normal or Physiological Vaginal Discharge *278;* Abnormal or Pathological Vaginal Discharge *279;* Leukorrhea *279;* Infections *280;* Senile Vaginitis *286;* Other Noninfectious Discharge, Allergy/Drug Sensitivity *287;* Idiopathic Vaginal Discharge *288;* Psychological Causes *289;* Investigations for Vaginal Discharge *290;* Syndromic Approach *290*

16. Ovarian Neoplasm in Adolescents 293
Saroj Singh

Germ Cell Tumors *294;* Histologic Classification of Germ Cell Tumors *295;* Epithelial Ovarian Tumors *303;* Aids to Diagnosis of Ovarian Mass in Adolescents *305;* Intraoperative Diagnosis *307;* Treatment *308;* Reproductive Functions *314*

17. Adolescent Anemia 318
Nidhi Gupta

Prevalence of Anemia *319;* Rationale for Targeting Adolescents *326;* Anemia *328;* Classification of Anemia *329;* Symptoms and Signs of Iron Deficiency Anemia in Adolescents *330;* Causes of Iron Deficiency in Adolescents *330;* Management of Adolescent Anemia *336;* Recommendations for Adolescent Anemia *338*

18. Premenstrual Syndrome 349
Arun Nagrath

Classification *350;* Etiology *351;* Effects of Hormones *353;* Spectrum of Symptom Complex *358;* Affective Symptoms *358;* Cognitive and Performance Aspects *359;* Differential Diagnosis *360;* Laboratory Work-up *360;* Management *360;* History *361;* Physical Examination *361;* Treatment 361; Primary Strategy *362;* Secondary Strategy *365;* Tertiary Strategy *368;* Follow-up *372;* Prognosis *373*

19. Obesity, Infertility and Miscarriage 378
Arun Nagrath, Rajni Deohare

Role of Genes *379*

20. Adolescent Breast Problems 390
Arun Nagrath, Manjula Singh

Breast Anatomy and Physiology *391;* Common Adolescent Problems *398;* Visual Positions *407;* Palpation Positions *408*

FAMILY PLANNING

21. Injectable Contraceptives Till Date 414
Shikha Seth, Arun Nagrath, Rajni Deoghare

Injectable Contraceptive—History and Evolution *415;* Progesterone Only Injectable Contraceptives (POPs) *416;* Combined Injectable Contraceptives (CICs) *416;* Pharmacokinetics of Injectable Contraceptives *417;* Old versus New Combined Injectable Contraceptives *419;* Injectable versus Oral Contraceptives *419;* Depot Medroxyprogesterone Acetate versus Net-En *420;* Progestin Only Injectables Versus Combined Injectable Contraceptive *420;* Counseling *421;* Best Time to Start Injectable Contraceptive (IC) Intake *421;* Injecting Injectable Contraceptives *422;* Mode of Action of Injectable Contraceptives *423;* Effectiveness *423;* Further Continuation of Injectable Contraceptives Intake *423;* Contraindications for Combined Injectable Contraceptives *424;* Eligibility Criteria for Using Injectable Contraceptives *425;* Advantages of Injectable Contraceptives (ICs) *425;* Noncontraceptive Benefits of Injectable Contraceptives *425;* Adverse Effects of Injectable Contraceptives *426;* Warnings to Be Explained *427;* Medical Problems and Injectable Contraceptives *428;* Cancer Risk with Injectable Contraceptives *428;* Injectable

Contraceptives and Metabolism *429;* Management of Side Effects of Combined Injectable Contraceptives *431;* Unexpected Pregnancy with Injectable Contraceptives *432;* Impact of Depo-provera on Bone Health *433;* "Black Box" Warning to Injectable Contraceptives *433;* Return of Fertility *433;* Breastfeeding and Injectable Contraceptives *435*

Index *441*
